World's Story 1: The Ancients (Teacher Guide) Angela O'Dell, 2018-03-23 Ancient history is fascinating, but it can be difficult to find material that teaches it from a Christian perspective. Even harder is finding a history curriculum that captivates students. But Angela O'Dell's newly revised *The World's Story 1 - The Ancients* does both! Students will learn all about the ancient civilizations of the Middle East, Europe, Africa, Asia, and the Americas from a strong Biblical perspective. Focuses on History and interweaves a Christian perspective throughout. Features an engaging historical narrative. First volume in a three-book world history series for upper elementary and junior high students. The text covers Biblical history, also educating students about civilizations mentioned in the Bible, including ancient Egypt, ancient Israel, ancient Babylon, ancient Persia, ancient Greece, and ancient Rome, up to the development of the early Church. It also discusses other ancient civilizations from around the world.

Civilizations Jane McIntosh,Clint Twist,2001 Civilizations takes the reader forward from the earliest days of human settlement to the civilizations of the New World overthrown by the Spanish Conquistadors. After a brief look at humanity's development as nomadic hunters and gatherers, the story begins with the crucial step taken around 10,000 years ago when some communities began cultivating plants. The settled villages of these early farmers were the forerunners of the complex cities and highly sophisticated cultures that were later to flourish in the emergent civilizations across the world. Following a basically chronological path, the book focuses on the world's key civilizations in each time period, beginning with the primary civilizations in Mesopotamia, India, Egypt and China, illuminating Greece, Rome and their contemporaries and culminating in the states of America, but not neglecting other, less familiar, civilizations. Illustrated with stunning photographs, artworks and maps throughout, *Civilizations: Ten Thousand Years of Ancient History* brings alive the ideas, events and people of earlier cultures whose achievements have laid the foundations of our present-day world.
