Introducing Intercultural Communication Shuang Liu, Zala Volcic, Cindy Gallois, 2010-11-09 Books on intercultural communication are rarely written with an intercultural readership in mind. In contrast, this multinational team of authors has put together an introduction to communicating across cultures that uses examples and case studies from around the world. The book further covers essential new topics, including international conflict, social networking, migration, and the effects technology and mass media play in the globalization of communication. Written to be accessible for international students too, this text situates communication theory in a truly global perspective. Each chapter brings to life the links between theory and practice and between the global and the local, introducing key theories and their practical applications. Along the way, you will be supported with first-rate learning resources, including: • theory corners with concise, boxed-out digests of key theoretical concepts • case illustrations putting the main points of each chapter into context • learning objectives, discussion questions, key terms and further reading framing each chapter and stimulating further discussion • a companion website containing resources for instructors, including multiple choice questions, presentation slides, exercises and activities, and teaching notes. This book will not merely guide you to success in your studies, but will teach you to become a more critical consumer of information and understand the influence of your own culture on how you view yourself and others.

The Tipping Point Malcolm Gladwell, 2006-11-01 From the bestselling author of *The Bomber Mafia*: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. "A wonderful page-turner about a fascinating idea that should affect the way every thinking person looks at the world." —Michael Lewis

Arsenic and Adobo Mia P. Manansala, 2021-05-04 A RUSA Award-winning novel! The first book in a new culinary cozy series full of sharp humor and delectable dishes—one that might just be killer.... When Lila Macapagal moves back home to recover from a horrible breakup, her life seems to be following all the typical rom-com tropes. She's tasked with saving her Tita Rosie's failing restaurant, and she has to deal with a group of matchmaking aunties who shower her with love and judgment. But when a notoriously nasty food critic (who happens to be her ex-boyfriend) drops dead moments after a

confrontation with Lila, her life quickly swerves from a Nora Ephron romp to an Agatha Christie case. With the cops treating her like she's the one and only suspect, and the shady landlord looking to finally kick the Macapagal family out and resell the storefront, Lila's left with no choice but to conduct her own investigation. Armed with the nosy auntie network, her barista best bud, and her trusted Dachshund, Longanisa, Lila takes on this tasty, twisted case and soon finds her own neck on the chopping block...
