The Wave Susan Casey,2011-05-31 A riveting and rollicking tour-de-force about the terrifying power of nature's most deadly phenomena — colossal waves — and the scientists and super surfers who are obsessed with them. The New York Times bestselling author of *The Devil's Teeth* probes the dramatic convergence of baffling gargantuan waves that pummel oil rigs and sink massive ships, the extreme surfers willing to stare down death in order to ride them, and the marine scientists trying to unlock the physics of these waves, the climate changes that are provoking them, and what chaos they might wreak. Susan Casey explores the phenomenon of monster waves and how they have become an obsession for extreme surfers like Laird Hamilton — who serves as the author's guide as she takes the reader into the intense, white-knuckle world of 100-foot waves.

Medicine Cards Jamie Sams,David Carson,1999-07-30 The best-selling divination system--over 1,000,000 copies sold worldwide--revised and expanded for the first time.

Wordpress. La guida completa Bonaventura Di Bello,2019-03-15T00:00:00+01:00 La prima guida a WordPress che integra, in una panoramica esaustiva in grado di toccare ogni aspetto fondamentale di questo strumento, contenuti di

approfondimento che si sono sviluppati online e che spesso è difficile reperire con semplici ricerche sui motori. Questa seconda edizione abbraccia l'evoluzione inarrestabile del CMS che ha cambiato e sta cambiando il volto del Web, grazie alla sua missione di rendere sempre più democratico il processo di pubblicazione dei contenuti digitali. WordPress infatti non è più soltanto sinonimo di blogging, ma viene utilizzato ormai per pubblicare e gestire siti internet di ogni tipo, da parte di privati, professionisti, istituzioni, media e persino grandi aziende. Una nuova edizione che, coadiuvata da numerosi approfondimenti sul sito dedicato (wpgc.it), è stata integrata per la prima volta da una guida a 360 gradi ai plugin di WordPress, che da sempre costituiscono lo strumento chiave per espandere le possibilità di impiego del CMS. Come sempre, l'interazione con i lettori è incoraggiata e facilitata attraverso il sito, i profili e le pagine social che l'autore utilizza per segnalare aggiornamenti e novità, o' rendo così la possibilità di mantenere nel tempo la validità delle informazioni presenti nel volume.

Your First 1000 Copies Tim Grahl, 2020-09-09 If I could give an aspiring writer one piece of advice, it would be to read this book. — Hugh Howey, New York Times best selling author of Wool Tim Grahl is fast becoming a legend, almost single-handedly changing the way authors around the world spread ideas and connect with readers. If you've got a book to promote, stop what you're doing right now and start reading *Your First 1000 Copies*. — Daniel H. Pink, New York Times bestselling author of *Drive* and *When Your First 1000 Copies* is a must-read for authors trying to build a connection with their readers. — Dan Heath & Chip Heath, co-authors of *Made to Stick*, *Switch*, and *Decisive* I watched in awe as Tim Grahl had 5 clients on the New York Times bestseller list in the same week. There is no one I trust more to learn about book marketing. - Pamela Slim, Author, *Body of Work* Tim was an early pioneer in teaching book authors how Internet marketing actually works. - Hugh MacLeod, author of *Ignore Everybody* and *Evil Plans* Imagine if you had a direct connection with thousands of readers who loved reading your books. And imagine if those readers eagerly awaited the launch of your next book. How would that direct relationship with your readers change your writing career? How would you feel knowing that every time you started a new book project, you already had people excited to buy it and ready to recommend it to others? In *Your First 1000 Copies*, seasoned book marketing expert Tim Grahl walks you through how successful authors are using the online marketing tools to build their platform, connect with readers and sell more books. Tim has worked with over 100 different authors from top best sellers such as Hugh Howey, Daniel Pink, Barbara Corcoran Charles Duhigg, Chip and Dan Heath, Ramit Sethi and Pamela Slim to authors just get started on their first writing project. He has worked with authors across all fiction and non-fiction genres. Along with his client work, he has studied many other successful authors to learn what works and what doesn't. The result is *Your First 1000 Copies* where he walks you through the Connection System, a plan that every author can immediately start using. The plan looks like this: - Permission - How to open up communication with your readers where you can reliably engage them and invite them to be involved. - Content - How to use content to engage with current readers and

connect with new ones. - Outreach - How to ethically and politely introduce yourself to new readers. - Sell - How all of these steps can naturally lead to book sales without being pushy or annoying This is a system that any author can immediately put in place to start building their platform. Whether you're a seasoned author looking to step into the new publishing landscape, or you're a brand new author, Your First 1000 Copies will give you the tools to connect with readers and sell more books.

They Ask, You Answer Marcus Sheridan,2019-08-06 The revolutionary guide that challenged businesses around the world to stop selling to their buyers and start answering their questions to get results; revised and updated to address new technology, trends, the continuous evolution of the digital consumer, and much more In today's digital age, the traditional sales funnel—marketing at the top, sales in the middle, customer service at the bottom—is no longer effective. To be successful, businesses must obsess over the questions, concerns, and problems their buyers have, and address them as honestly and as thoroughly as possible. Every day, buyers turn to search engines to ask billions of questions. Having the answers they need can attract thousands of potential buyers to your company—but only if your content strategy puts your answers at the top of those search results. It's a simple and powerful equation that produces growth and success: They Ask, You Answer. Using these principles, author Marcus Sheridan led his struggling pool company from the bleak depths of the housing crash of 2008 to become one of the largest pool installers in the United States. Discover how his proven strategy can work for your business and master the principles of inbound and content marketing that have empowered thousands of companies to achieve exceptional growth. They Ask, You Answer is a straightforward guide filled with practical tactics and insights for transforming your marketing strategy. This new edition has been fully revised and updated to reflect the evolution of content marketing and the increasing demands of today's internet-savvy buyers. New chapters explore the impact of technology, conversational marketing, the essential elements every business website should possess, the rise of video, and new stories from companies that have achieved remarkable results with They Ask, You Answer. Upon reading this book, you will know: How to build trust with buyers through content and video. How to turn your web presence into a magnet for qualified buyers. What works and what doesn't through new case studies, featuring real-world results from companies that have embraced these principles. Why you need to think of your business as a media company, instead of relying on more traditional (and ineffective) ways of advertising and marketing. How to achieve buy-in at your company and truly embrace a culture of content and video. How to transform your current customer base into loyal brand advocates for your company. They Ask, You Answer is a must-have resource for companies that want a fresh approach to marketing and sales that is proven to generate more traffic, leads, and sales.

WordPress For Dummies® Lisa Sabin-Wilson,2010-07-30 The bestselling guide to WordPress, fully updated for newest version of WordPress WordPress, the popular, free blogging platform, has been updated with new features and improvements. Bloggers who are new to WordPress will learn to take full advantage of its flexibility and usability with the

advice in this friendly guide. Previous editions have sold nearly 50,000 copies, and interest in blogging continues to explode. WordPress is a state-of-the-art blog platform that emphasizes aesthetics, Web standards, and usability WordPress For Dummies, 3rd Edition covers both the free-hosted WordPress.com version and WordPress.org, which requires users to purchase Web hosting services Written by an expert who works directly with the developers and cofounder of WordPress Shows readers how to set up and maintain a blog with WordPress and how to use all the new features Like its earlier editions, WordPress For Dummies, 3rd Edition helps bloggers quickly and easily take advantage of everything this popular blogging tool has to offer.

The Year Without Pants Scott Berkun, 2013-08-20 A behind-the-scenes look at the firm behind WordPress.com and the unique work culture that contributes to its phenomenal success 50 million websites, or twenty percent of the entire web, use WordPress software. The force behind WordPress.com is a convention-defying company called Automattic, Inc., whose 120 employees work from anywhere in the world they wish, barely use email, and launch improvements to their products dozens of times a day. With a fraction of the resources of Google, Amazon, or Facebook, they have a similar impact on the future of the Internet. How is this possible? What's different about how they work, and what can other companies learn from their methods? To find out, former Microsoft veteran Scott Berkun worked as a manager at WordPress.com, leading a team of young programmers developing new ideas. *The Year Without Pants* shares the secrets of WordPress.com's phenomenal success from the inside. Berkun's story reveals insights on creativity, productivity, and leadership from the kind of workplace that might be in everyone's future. Offers a fast-paced and entertaining insider's account of how an amazing, powerful organization achieves impressive results Includes vital lessons about work culture and managing creativity Written by author and popular blogger Scott Berkun (scottberkun.com) *The Year Without Pants* shares what every organization can learn from the world-changing ideas for the future of work at the heart of Automattic's success.

The Challenger Sale Matthew Dixon, Brent Adamson, 2011-11-10 What's the secret to sales success? If you're like most business leaders, you'd say it's fundamentally about relationships-and you'd be wrong. The best salespeople don't just build relationships with customers. They challenge them. The need to understand what top-performing reps are doing that their average performing colleagues are not drove Matthew Dixon, Brent Adamson, and their colleagues at Corporate Executive Board to investigate the skills, behaviors, knowledge, and attitudes that matter most for high performance. And what they discovered may be the biggest shock to conventional sales wisdom in decades. Based on an exhaustive study of thousands of sales reps across multiple industries and geographies, *The Challenger Sale* argues that classic relationship building is a losing approach, especially when it comes to selling complex, large-scale business-to-business solutions. The authors' study found that every sales rep in the world falls into one of five distinct profiles, and while all of these types of reps can deliver average sales performance, only one-the Challenger- delivers consistently high performance. Instead of bludgeoning

customers with endless facts and features about their company and products, Challengers approach customers with unique insights about how they can save or make money. They tailor their sales message to the customer's specific needs and objectives. Rather than acquiescing to the customer's every demand or objection, they are assertive, pushing back when necessary and taking control of the sale. The things that make Challengers unique are replicable and teachable to the average sales rep. Once you understand how to identify the Challengers in your organization, you can model their approach and embed it throughout your sales force. The authors explain how almost any average-performing rep, once equipped with the right tools, can successfully reframe customers' expectations and deliver a distinctive purchase experience that drives higher levels of customer loyalty and, ultimately, greater growth.

WordPress for Beginners 2019 Andy Williams, 2018-10-19 Master WordPress using our step-by-step visual approach (over 330 screenshots). This book is a major new release for 2019, covering the latest version of WordPress. Building a beautiful, professional looking WordPress website (or a blog), is no longer the domain of computer geeks. WordPress makes it possible for anyone to create and run a website that looks great on any device - PC, Mac, tablet and phone. Whether you want to build a business site, an affiliate site, a hobby site or a blog, WordPress is a great choice. The primary goal of this book is to take anyone, even an absolute beginner, from zero to WordPress guru in a few short hours. Inside this book, veteran WordPress expert Andy Williams will start at the very beginning. You'll learn important topics like: * The two different versions of WordPress. * Website hosting and domain registrars. How to set this up with separate registrar and host, for more security. * How to install WordPress. * An overview of the Dashboard including how to find hidden items. * Cleaning out the stuff that is installed by default. * Finding and installing WordPress themes to instantly change the look and feel of your website. * Plugins. What they are and how you can use them to create magnificent websites. * How to update WordPress, themes and plugins. * Every single Dashboard setting, what they do, and what you should use in the settings of your website. * How to find and use the RSS feeds on your site to help search engines find your content. * The importance of user profiles, and how to assign a Gravatar image to your email address. * How to create great navigation systems on your site, with custom menus, internal linking and related post sections. * Enabling and dealing with visitor comments. * Using the media library for images, video and more. * The difference between pages and posts, and a simple way to know which one you should be using for each bit of content you publish on your website. * Effective use of categories and tags. Using these incorrectly can get your site penalised or even banned from search engines. * How to create content using both the Classic editor and the new Gutenberg editor. * How to publish posts, and even schedule them so they will be published at some future date. * Using post revisions. * Two different types of homepage. A blog style page v a more traditional static homepage. * Using widgets on your site to add neat features. We'll also cover those vital plugins every site need, including: * Automatically take backups and get them sent to the cloud. * Automatically create important legal pages on your site, like terms and privacy policy. * Creating a

contact page so visitors can contact you. * Add a related posts section to the end of every post to keep visitors on site longer. * Setup good SEO practices. * Setup social sharing buttons on your site, so visitors can easily tell their friends about your great web pages. Most people learn better when they can actually see what they are reading about, so one thing this book isn't, is shy about screenshots. There are over 330 of them, showing you exactly what you will see on your screen, and prompting you to take specific actions as you learn and master WordPress. You may have heard that WordPress has a steep learning curve. With this book, you won't even notice it. Each chapter ends with a Tasks to Complete section. By completing these tasks, you'll not only become proficient with WordPress, you'll become confident at using WordPress. By the end of the book, you'll be building great looking, professional WordPress websites that look fantastic on any device... And you'll enjoy doing it!

Behind The Membership Mike Morrison, Callie Willows, 2019-08-26 In 2017 we launched a new podcast series called Behind the Membership. Its aim was to dig deep into the stories of real people running real, successful online membership businesses. Not to give them a platform to blow their own trumpet, but to get to the heart of what made them tick, how their journey had unfolded and what insights they'd picked up along the way. We had the privilege of uncovering some absolute gold in those conversations - an incredible wealth of insight and experience that was just too valuable to leave languishing in the archives of the podcast, so we've compiled the biggest takeaways into this book. These are real people, real memberships, real stories. Enjoy.

Elasticsearch: The Definitive Guide Clinton Gormley, Zachary Tong, 2015-01-23 Whether you need full-text search or real-time analytics of structured data—or both—the Elasticsearch distributed search engine is an ideal way to put your data to work. This practical guide not only shows you how to search, analyze, and explore data with Elasticsearch, but also helps you deal with the complexities of human language, geolocation, and relationships. If you're a newcomer to both search and distributed systems, you'll quickly learn how to integrate Elasticsearch into your application. More experienced users will pick up lots of advanced techniques. Throughout the book, you'll follow a problem-based approach to learn why, when, and how to use Elasticsearch features. Understand how Elasticsearch interprets data in your documents Index and query your data to take advantage of search concepts such as relevance and word proximity Handle human language through the effective use of analyzers and queries Summarize and group data to show overall trends, with aggregations and analytics Use geo-points and geo-shapes—Elasticsearch's approaches to geolocation Model your data to take advantage of Elasticsearch's horizontal scalability Learn how to configure and monitor your cluster in production

Smashing WordPress Thord Daniel Hedengren, 2010-02-05 Inside, WordPress expert Thord Daniel Hedengren takes readers beyond the basic blog, to push WordPress to its limits as a CMS, a forum, a photo gallery, an e-commerce site and more--

WordPress Plugin Development Cookbook Yannick Lefebvre, 2017-07-26 Learn to create plugins for WordPress 4.x to deliver custom projects or share with the community through detailed step-by-step recipes and code examples About This Book Learn how to change and extend WordPress to perform virtually any task Explore the plugin API through approachable examples and detailed explanations Mold WordPress to your project's needs or transform it to benefit the entire community Who This Book Is For If you are a WordPress user, developer, or a site integrator with basic knowledge of PHP and an interest to create new plugins to address your personal needs, client needs, or share with the community, then this book is for you. What You Will Learn Discover how to register user callbacks with WordPress, forming the basis of plugin creation Explore the creation of administration pages and adding new content management sections through custom post types and custom database tables Improve your plugins by customizing the post and page editors, categories and user profiles, and creating visitor-facing forms Make your pages dynamic using Javascript, AJAX and adding new widgets to the platform Learn how to add support for plugin translation and distribute your work to the WordPress community In Detail WordPress is a popular, powerful, and open Content Management System. Learning how to extend its capabilities allows you to unleash its full potential, whether you're an administrator trying to find the right extension, a developer with a great idea to enhance the platform for the community, or a website developer working to fulfill a client's needs. This book shows readers how to navigate WordPress' vast set of API functions to create high-quality plugins with easy-to-configure administration interfaces. With new recipes and materials updated for the latest versions of WordPress 4.x, this second edition teaches you how to create plugins of varying complexity ranging from a few lines of code to complex extensions that provide intricate new capabilities. You'll start by using the basic mechanisms provided in WordPress to create plugins and execute custom user code. You will then see how to design administration panels, enhance the post editor with custom fields, store custom data, and modify site behavior based on the value of custom fields. You'll safely incorporate dynamic elements on web pages using scripting languages, and build new widgets that users will be able to add to WordPress sidebars and widget areas. By the end of this book, you will be able to create WordPress plugins to perform any task you can imagine. Style and approach This cookbook will take you through the creation of your first simple plugin to adding entirely new sections and widgets in the administration interface, so you can learn how to change and extend WordPress to perform virtually any task. Each topic is illustrated through realistic examples showing how to solve common problems, followed by detailed explanations of all concepts used

Speculative Everything Anthony Dunne, Fiona Raby, 2013-12-06 How to use design as a tool to create not only things but ideas, to speculate about possible futures. Today designers often focus on making technology easy to use, sexy, and consumable. In *Speculative Everything*, Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas. For them, design is a means of speculating about how things could be—to imagine possible

futures. This is not the usual sort of predicting or forecasting, spotting trends and extrapolating; these kinds of predictions have been proven wrong, again and again. Instead, Dunne and Raby pose “what if” questions that are intended to open debate and discussion about the kind of future people want (and do not want). *Speculative Everything* offers a tour through an emerging cultural landscape of design ideas, ideals, and approaches. Dunne and Raby cite examples from their own design and teaching and from other projects from fine art, design, architecture, cinema, and photography. They also draw on futurology, political theory, the philosophy of technology, and literary fiction. They show us, for example, ideas for a solar kitchen restaurant; a flypaper robotic clock; a menstruation machine; a cloud-seeding truck; a phantom-limb sensation recorder; and devices for food foraging that use the tools of synthetic biology. Dunne and Raby contend that if we speculate more—about everything—reality will become more malleable. The ideas freed by speculative design increase the odds of achieving desirable futures.

Digital Relevance A. Albee, 2018-11-02 *Digital Relevance* teaches readers the knowledge, strategies, and skills need to create content, instantly engage customers, and compel them to action by sharing ideas so seamlessly matched to each audience's context that they can't help but take next steps toward purchase.

Revitalizing Endangered Languages Justyna Olko, Julia Sallabank, 2021-01-31 Of the approximately 7,000 languages in the world, at least half may no longer be spoken by the end of the twenty-first century. Languages are endangered by a number of factors, including globalization, education policies, and the political, economic and cultural marginalization of minority groups. This guidebook provides ideas and strategies, as well as some background, to help with the effective revitalization of endangered languages. It covers a broad scope of themes including effective planning, benefits, wellbeing, economic aspects, attitudes and ideologies. The chapter authors have hands-on experience of language revitalization in many countries around the world, and each chapter includes a wealth of examples, such as case studies from specific languages and language areas. Clearly and accessibly written, it is suitable for non-specialists as well as academic researchers and students interested in language revitalization. This book is also available as Open Access on Cambridge Core.

CSS: The Definitive Guide Eric Meyer, Estelle Weyl, 2017-10-16 If you're a web designer or app developer interested in sophisticated page styling, improved accessibility, and saving time and effort, this book is for you. This revised edition provides a comprehensive guide to CSS implementation, along with a thorough review of the latest CSS specifications. CSS is a constantly evolving language for describing the presentation of web content on screen, printers, speech synthesizers, screen readers, and chat windows. It is used by all browsers on all screen sizes on all types of IoT devices, including phones, computers, video games, televisions, watches, kiosks, and auto consoles. Authors Eric Meyer and Estelle Weyl show you how to improve user experience, speed development, avoid potential bugs, and add life and depth to your applications through layout, transitions and animations, borders, backgrounds, text properties, and many other tools and techniques. This guide

covers: Selectors, specificity, and the cascade Values, units, fonts, and text properties Padding, borders, outlines, and margins Colors, backgrounds, and gradients Floats and positioning tricks Flexible box layout The new Grid layout system 2D and 3D transforms, transitions, and animation Filters, blending, clipping, and masking Media and feature queries

How to Write a Fast and Easy Drum Chart Liz Ficalora, 2012-10 How to Write a Fast and Easy Drum Chart teaches an innovative and simple approach to drum chart writing that takes almost no time to learn. Designed for drummers, composers, and students who need drum charts for the various songs they encounter, this method won't require you to turn multiple pages and read bar after bar of music. Instead, you will see the full form of a song on one piece of paper and only need to write a few measures of drum notation to keep yourself in the groove. Charting a song will help you play with greater accuracy, ensuring that you play the song correctly the first time and every time. By being able to easily and accurately play songs right away, you'll make your life easier and land more gigs. The accompanying CD includes demonstrations of the examples in the book.
