*Your First 1000 Copies* Tim Grahl, 2020-09-09 If I could give an aspiring writer one piece of advice, it would be to read this book. — Hugh Howey, New York Times best selling author of Wool Tim Grahl is fast becoming a legend, almost single-handedly changing the way authors around the world spread ideas and connect with readers. If you've got a book to promote, stop what you're doing right now and start reading *Your First 1000 Copies*. — Daniel H. Pink, New York Times bestselling author of *Drive* and *When Your First 1000 Copies* is a must-read for authors trying to build a connection with their readers. — Dan Heath & Chip Heath, co-authors of *Made to Stick*, *Switch*, and *Decisive* I watched in awe as Tim Grahl had 5 clients on the New York Times bestseller list in the same week. There is no one I trust more to learn about book marketing. - Pamela Slim, Author, *Body of Work* Tim was an early pioneer in teaching book authors how Internet marketing actually works. - Hugh MacLeod, author of *Ignore Everybody* and *Evil Plans* Imagine if you had a direct connection with thousands of readers who loved reading your books. And imagine if those readers eagerly awaited the launch of your next book. How would that

direct relationship with your readers change your writing career? How would you feel knowing that every time you started a new book project, you already had people excited to buy it and ready to recommend it to others? In *Your First 1000 Copies*, seasoned book marketing expert Tim Grahl walks you through how successful authors are using the online marketing tools to build their platform, connect with readers and sell more books. Tim has worked with over 100 different authors from top best sellers such as Hugh Howey, Daniel Pink, Barbara Corcoran Charles Duhigg, Chip and Dan Heath, Ramit Sethi and Pamela Slim to authors just get started on their first writing project. He has worked with authors across all fiction and non-fiction genres. Along with his client work, he has studied many other successful authors to learn what works and what doesn't. The result is *Your First 1000 Copies* where he walks you through the Connection System, a plan that every author can immediately start using. The plan looks like this: - Permission - How to open up communication with your readers where you can reliably engage them and invite them to be involved. - Content - How to use content to engage with current readers and connect with new ones. - Outreach - How to ethically and politely introduce yourself to new readers. - Sell - How all of these steps can naturally lead to book sales without being pushy or annoying This is a system that any author can immediately put in place to start building their platform. Whether you're a seasoned author looking to step into the new publishing landscape, or you're a brand new author, *Your First 1000 Copies* will give you the tools to connect with readers and sell more books.

**The Scribe Method** Tucker Max,Zach Obront,2021-04-15 Ready to write your book? So why haven't you done it yet? If you're like most nonfiction authors, fears are holding you back. Sound familiar? Is my idea good enough? How do I structure a book? What exactly are the steps to write it? How do I stay motivated? What if I actually finish it, and it's bad? Worst of all: what if I publish it, and no one cares? How do I know if I'm even doing the right things? The truth is, writing a book can be scary and overwhelming—but it doesn't have to be. There's a way to know you're on the right path and taking the right steps. How? By using a method that's been validated with thousands of other Authors just like you. In fact, it's the same exact process used to produce dozens of big bestsellers—including David Goggins's *Can't Hurt Me*, Tiffany Haddish's *The Last Black Unicorn*, and Joey Coleman's *Never Lose a Customer Again*. The Scribe Method is the tested and proven process that will help you navigate the entire book-writing process from start to finish—the right way. Written by 4x New York Times Bestselling Author Tucker Max and publishing expert Zach Obront, you'll learn the step-by-step method that has helped over 1,500 authors write and publish their books. Now a Wall Street Journal Bestseller itself, *The Scribe Method* is specifically designed for business leaders, personal development gurus, entrepreneurs, and any expert in their field who has accumulated years of hard-won knowledge and wants to put it out into the world. Forget the rest of the books written by pretenders. This is the ultimate resource for anyone who wants to professionally write a great nonfiction book.

**Launch (Updated & Expanded Edition)** Jeff Walker, 2021-07-27 From the creator of Product Launch Formula: A new edition of the #1 New York Times best-selling guide that's redefined online marketing and helped countless entrepreneurs make millions. The revised and updated edition of the #1 New York Times bestseller Launch will build your business - fast. Whether you've already got an online business or you're itching to start one, this is a recipe for getting more traction and a fast start. Think about it: What if you could launch like Apple or the big Hollywood studios? What if your prospects eagerly counted down the days until they could buy your product? And you could do it no matter how humble your business or budget? Since 1996, Jeff Walker has been creating hugely successful online launches. After bootstrapping his first Internet business from his basement, he quickly developed a process for launching new products and businesses with unprecedented success. And once he started teaching his formula to other entrepreneurs, the results were simply breathtaking. Tiny, home-based businesses started doing launches that brought in tens of thousands, hundreds of thousands, and even millions of dollars. Whether you have an existing business or you're starting from scratch, this is how you start fast. This formula is how

you engineer massive success. Now the question is this: Do you want to start slow, and fade away from there? Or are you ready for a launch that will change the future of your business and your life?

*Marketing Campaign Development* Mike Gospe,2008 This book is a practical, pragmatic how to book designed for hi-tech marketing operations, regional, and corporate marketing leaders at every level. This unique book takes you step-by-step through the disciplined, yet practical, process of architecting truly integrated marketing communications plans that work. In it, you will find a prescription for building a successful, repeatable campaign development process, including the necessary templates and helpful, practical techniques. This book is your guide that will show you how you can optimize your marketing efforts and achieve an even greater return on your marketing investment. While many of us will recognize a good, well-thought-out marketing campaign when we see one, the single, basic truth about world-class marketing campaign development is that it is easy to say, but hard to do. It is hard to do because we all like to take short-cuts. I hear the lament all too often: I'm over-worked don't have the time to think strategically or Planning is overrated. I just need to get these projects done. As a result, we take short-cuts like ready, fire, aim. Lack of planning is the slippery slope that leads to wasteful marketing. Then one day we get the call from the corner office to come and explain why our marketing efforts did not produce the desired results. Luckily, architecting world-class campaigns is achievable for any marketing team. Successful marketing requires following a disciplined, systematic approach to working cross-functionally and cross-regionally in order to prioritize marketing objectives, design a customer-engaging go-to-market strategy, and execute the plan.

**Execution** Larry Bossidy,Ram Charan,Charles Burck,2009-11-10 #1 NEW YORK TIMES BESTSELLER • More than two million copies in print! The premier resource for how to deliver results in an uncertain world, whether you're running an entire company or in your first management job. "A must-read for anyone who cares about business."—The New York Times When Execution was first published, it changed the way we did our jobs by focusing on the critical importance of "the

discipline of execution”: the ability to make the final leap to success by actually getting things done. Larry Bossidy and Ram Charan now reframe their empowering message for a world in which the old rules have been shattered, radical change is becoming routine, and the ability to execute is more important than ever. Now and for the foreseeable future:

- Growth will be slower. But the company that executes well will have the confidence, speed, and resources to move fast as new opportunities emerge.
- Competition will be fiercer, with companies searching for any possible advantage in every area from products and technologies to location and management.
- Governments will take on new roles in their national economies, some as partners to business, others imposing constraints. Companies that execute well will be more attractive to government entities as partners and suppliers and better prepared to adapt to a new wave of regulation.
- Risk management will become a top priority for every leader. Execution gives you an edge in detecting new internal and external threats and in weathering crises that can never be fully predicted. Execution shows how to link together people, strategy, and operations, the three core processes of every business. Leading these processes is the real job of running a business, not formulating a “vision” and leaving the work of carrying it out to others. Bossidy and Charan show the importance of being deeply and passionately engaged in an organization and why robust dialogues about people, strategy, and operations result in a business based on intellectual honesty and realism. With paradigmatic case histories from the real world—including examples like the diverging paths taken by Jamie Dimon at JPMorgan Chase and Charles Prince at Citigroup—Execution provides the realistic and hard-nosed approach to business success that could come only from authors as accomplished and insightful as Bossidy and Charan.

**Disruptive Marketing** Geoffrey Colon, 2016-08-09 With 75 percent of screen time being spent on connected devices, digital strategies have moved front and center of most marketing plans. But what if that’s not enough? How often does consumer engagement actually go further than the “like” button? With the average American receiving close to 50 phone notifications a day, do the company messages get read or just tossed aside? The truth is, a sobering reality is beginning to hit marketers: Technology hasn’t just reshaped mass media; it’s altering behavior as well. Truly getting a message through to customers, and not just in front of their eyes for a split second before being fed to the trash bin, will take some radical rethinking. Disruptive Marketing challenges you to toss the linear plan, strip away conventions, and open your mind as it takes you on a provocative, fast-paced tour of our changing world, where you’ll find that:

- Selling is dead, but ongoing conversation thrives
- Consumers generate the best content about brands
- People tune out noise and listen to feelings
- Curiosity leads the marketing team
- Growth depends on merging analytics with boundless creativity

Packed with trends, predictions, interviews with big-think marketers, and stories from a career spent pushing boundaries, Disruptive Marketing is the solution you’ve been looking for to boost your brand into new territory!

**Drawdown** Paul Hawken, 2017-04-18 • New York Times bestseller • The 100 most substantive solutions to reverse global warming, based on meticulous research by leading scientists and policymakers around the world “At this point in time, the *Drawdown* book is exactly what is needed; a credible, conservative solution-by-solution narrative that we can do it. Reading it is an effective inoculation against the widespread perception of doom that humanity cannot and will not solve the climate crisis. Reported by-effects include increased determination and a sense of grounded hope.” —Per Espen Stoknes, Author, *What We Think About When We Try Not To Think About Global Warming* “There’s been no real way for ordinary people to get an understanding of what they can do and what impact it can have. There remains no single, comprehensive, reliable compendium of carbon-reduction solutions across sectors. At least until now. . . . The public is hungry for this kind of practical wisdom.” —David Roberts, *Vox* “This is the ideal environmental sciences textbook—only it is too interesting and inspiring to be called a textbook.” —Peter Kareiva, Director of the Institute of the Environment and Sustainability, UCLA In

the face of widespread fear and apathy, an international coalition of researchers, professionals, and scientists have come together to offer a set of realistic and bold solutions to climate change. One hundred techniques and practices are described here—some are well known; some you may have never heard of. They range from clean energy to educating girls in lower-income countries to land use practices that pull carbon out of the air. The solutions exist, are economically viable, and communities throughout the world are currently enacting them with skill and determination. If deployed collectively on a global scale over the next thirty years, they represent a credible path forward, not just to slow the earth's warming but to reach drawdown, that point in time when greenhouse gases in the atmosphere peak and begin to decline. These measures promise cascading benefits to human health, security, prosperity, and well-being—giving us every reason to see this planetary crisis as an opportunity to create a just and livable world.

**10x Marketing Formula** Garrett Moon,2018-03-26 The dream of content marketing is that it's going to be a magical funnel that drips money into your bank account. Its lure is that it will create an inbound sales machine. But what should you do when it doesn't work like that? Or even at all?
