Marketing Plan Template & Example Alex Genadinik,2015-12-05 Do you want to create a better marketing plan for your business which will ultimately result in better marketing and more customers for your business? If you do, then this book is for you. This book is written with entrepreneurs and small business owners in mind. If you are an entrepreneur or a small business owner, creating a marketing plan is very important because the better prepared you are, the better your marketing campaigns will do. In this book, you get a marketing plan template and two examples of marketing plans. You also get practical advice on how to plan and fill out every section of a marketing plan document. Go ahead and get this book, and let's help you create better marketing plans which will improve your company's overall marketing success. For what kind of businesses can you create a marketing plan using this book? With the strategies in this marketing book, you can create a business plan for a restaurant or diner, coffee shop, barbershop, nightclub, local event, business selling t-shirts, most kinds of stores ranging from boutiques to grocery stores to jewelry shops, animal care or grooming, lawn care or landscaping businesses, moving businesses, gym, frozen yogurt or ice cream shop, a deli, liquor store or a sandwich shop, a beauty salon or a hair salon, a spa, a daycare business, a hardware store, commercial cleaning or residential cleaning, car wash, general contractor business, dog walking or pet sitting, martial arts studio, or a dance studio. Here is a list of potential online businesses for which you can create a marketing plan using this marketing plan book: blogging, affiliate marketing, e-learning, create a channel on YouTube, become an author and sell books on Amazon and the Kindle, or become a freelancer or a local concierge. Also recently added in the last update of this book is a marketing plan sample since many people commented that they wanted a marketing plan example. Although for my taste as an entrepreneur, I rather give you lots of practical planning strategies and theory that you can use in the real world instead of having a marketing plan template or workbook to write your marketing plan from. After all, a marketing plan is just a document. But to make your business a

success, you will have to do it in the real world. So when you try to figure out how to create a business plan, don't just focus on the marketing plan document. Instead, focus on a plan for the real world with actionable and effective strategies.
