The Glorious Deception Jim Steinmeyer,2006-04-11 In a biography woven from equal parts enchantment and mystery, master illusion designer and today's foremost magic historian, Jim Steinmeyer, unveils the astonishing secrets behind the enigmatic performer Chung Ling Soo, the Marvelous Chinese Conjurer — a magician whose life of intrigue and daring remains unparalleled to this day. He learned his art during a revolutionary era in show business, just as minstrel, circus, and variety saloons were being stirred together and distilled into a heady new concoction: vaudeville. Soo's infamous death in 1918 astonished the world: he was killed during a performance of Defying the Bullets, his popular act in which he caught marked bullets on a porcelain plate. After his death, the deceptions began to unravel. It was discovered that he was not Chinese, but rather a fifty-six-year-old American named William Ellsworth Robinson, a former magicians' assistant, and the husband of Olive Robinson. But even William Robinson was not who he appeared to be, and for the first time, Jim Steinmeyer has uncovered the truth behind Robinson and the magic world's most glorious deception.

**The Hook Mountain Massacre** Nicolas Logue,2007-10 An adventure for 7th-level characters by Nicolas Logue.

**Guildpact** Cory Herndon,2010-04-21 One guild ravages the streets. Teysa leads another to cleanse them. And Agrus Kos doesn't give a damn. But as he watches the guilds nip and tear at each other like snakes . . . something clicks. Now his mind is clear, as are his options. A disaster grows under the city's crowded streets. He knows what he must do. From the Paperback edition.

**Ravnica** Cory Herndon,2010-04-21 A murder investigation exposes a labyrinth of intrigue that threatens to turn Ravnica upside down in this epic Magic: The Gathering novel Lieutenant Agrus Kos enjoys his work. A top-notch officer of the city guard, he's been on the force over fifty years. He works alone. And the League of Wojek never had problems with him or his work. Until now. They gave him a partner to train, who promptly got himself killed. And the more he looks into the death, the less he likes it. Something dark is moving within the guilds of Ravnica.

Keeper of the Lost Cities Shannon Messenger,2012-10-02 A New York Times bestselling series A USA TODAY bestselling series A California Young Reader Medal-winning series In this riveting series opener, a telepathic girl must figure out why she is the key to her brand-new world before the wrong person finds the answer first. Twelve-year-old Sophie has never quite fit into her life. She's skipped multiple grades and doesn't really connect with the older kids at school, but she's not

comfortable with her family, either. The reason? Sophie's a Telepath, someone who can read minds. No one knows her secret—at least, that's what she thinks... But the day Sophie meets Fitz, a mysterious (and adorable) boy, she learns she's not alone. He's a Telepath too, and it turns out the reason she has never felt at home is that, well...she isn't. Fitz opens Sophie's eyes to a shocking truth, and she is forced to leave behind her family for a new life in a place that is vastly different from what she has ever known. But Sophie still has secrets, and they're buried deep in her memory for good reason: The answers are dangerous and in high-demand. What is her true identity, and why was she hidden among humans? The truth could mean life or death—and time is running out.

**Visual Thinking** Rudolf Arnheim,1969 The 35th anniversary of this classic of art theory.

With the holy weapon Seriththial in their hands, they must confront old enemies and explore ancient Thassilonian ruins if they hope to save the people of Korvosa from fueling a mad queen's lust for immortality. This installment of Pathfinder closes out the Curse of the Crimson Throne Adventure Path, and also features a discussion of Varisia's largest dungeon -- the untold vaults below Castle Korvosa, full details on the notorious dragon behind the Curse of the Crimson Throne, and many new monsters to vex and plague high-level heroes.

*World of Darkness Second Sight* Alan Alexander,Will Hindmarch,Conrad Hubbard,Brand Robins,John Snead,2006-05

*The Valkyrie Hybrid Class [Pfrpg/5e]* Aaron Hollingsworth,Mark Hart,Brian Berg,2018-02 In rough-hewn worlds shaped by the mighty blows of rival gods, the most a warrior can hope for is a meaningful death. For ages uncounted, the Valkyrie have born these heroic souls to godly realms for divine reward and have even aided such mortals in times of unbalanced strife. Yet as wars the world over swell in magnitude, more Valkyrie are needed to become the Choosers of the Slain. Among the worthiest of mortals, new Valkyrie are being recruited and empowered to stem the tide of crushing defeat. Their hearts beat like great wings on stormy winds. They move with a swiftness unhindered by vestments of steel. They vanquish foes with the unlocked powers of rage and use divinely granted magic to aid their allies to victory! The valkyrie class is a hybrid class for the Pathfinder RPG (with adaptations for 5E) that reforges shards of the unchained barbarian, the paladin, and the Bestiary valkyrie into a martial class of brutal glory and glorious fury. This sourcebook comes complete with a new class and abilities, archetypes, favored class options, as well as an expanded mythology on where the Valkyrie came from and how they serve the various deities. Onward to glory!

**Evil Media** Matthew Fuller,Andrew Goffey,2012-08-17 A philosophical manual of media power for the network age. Evil Media develops a philosophy of media power that extends the concept of media beyond its tried and trusted use in the games of meaning, symbolism, and truth. It addresses the gray zones in which media exist as corporate work systems, algorithms

and data structures, twenty-first century self-improvement manuals, and pharmaceutical techniques. Evil Media invites the reader to explore and understand the abstract infrastructure of the present day. From search engines to flirting strategies, from the value of institutional stupidity to the malicious minutiae of databases, this book shows how the devil is in the details. The title takes the imperative “Don't be evil” and asks, what would be done any differently in contemporary computational and networked media were that maxim reversed. Media here are about much more and much less than symbols, stories, information, or communication: media do things. They incite and provoke, twist and bend, leak and manage. In a series of provocative stratagems designed to be used, Evil Media sets its reader an ethical challenge: either remain a transparent intermediary in the networks and chains of communicative power or become oneself an active, transformative medium.

**The Severed Head** Julia Kristeva, 2012 Renowned philosopher and cultural theorist Kristeva (*Powers of Horror: An Essay on Abjection*) offers an extended consideration of artistic figurations of the severed head, the organizing theme to an exhibition she coordinated at the Louvre in 1998. Though she follows a single historical trajectory, moving from Paleolithic skull cults to antique Greek sculpture to the Surrealist drawings, Kristeva eschews the disciplinary constraints of art history, instead employing psychoanalysis to explore the intertwined problems of representation and mortality posed by the severed head. For Kristeva, the capacity to figure the life of the mind first requires a confrontation with this horrific object that stands at the boundary between life and death, registering not only the loss of corporeal form but also subjective interiority. Though this book does not engage with recent images of decapitation, it is not without contemporary political-cultural import; for Kristeva, these cruel artistic figurations offer us the capacity to contemplate the sacred within a technology-driven contemporary visual culture. Verdict While a challenging text, this beautifully written and richly layered meditation on mortality and representation will undoubtedly appeal to those readers interested in semiotic and psychoanalytically informed readings of art. -Jonathan Patkowski, CUNY Graduate Ctr.(c) Copyright 2012. Shadowrun Forbidden Arcana Catalyst Game Labs, 2019-04-04 Magic is wild. Magic is undisciplined. You can try to impose order and understanding on it, but that's just surface. Underneath is chaos, an erratic heart beating to a staggering rhythm. You don't control it, any more than a surfer controls twenty-meter-tall wave; you don't direct the wave, you ride it, capture a piece of its power, and hope to survive. If you do it right, though, you catch a portion of unimaginable power-power those who control the Sixth World don't want you to have. All the more reason to push past their boundaries and grab it. *Forbidden Arcana* offers dozens of different ways for Awakened characters in *Shadowrun* to harness that power and make themselves a mana-slinger like no other. From new ways to distinguish spellcasters of different traditions to more chaotic methods for summoning spirits to options for Awakened characters who have mastered their craft, *Forbidden Arcana* shows players how to break out of conventional molds, use mana in new ways, and become true street legends riding the growing

wave of Sixth World mana. Forbidden Arcana is an advanced magic rulebook for use with Shadowrun, Fifth Edition; magic concepts from the book can be used with Shadowrun: Anarchy, though mechanics for that game are not included.

**Backwoods Witchcraft** Jake Richards,2019-06-01 In Backwoods Witchcraft, Jake Richards offers up a folksy stew of family stories, lore, omens, rituals, and conjure crafts that he learned from his great-grandmother, his grandmother, and his grandfather, a Baptist minister who Jake remembers could rid someone of a fever with an egg or stop up the blood in a wound. The witchcraft practiced in Appalachia is very much a folk magic of place, a tradition that honors the seen and unseen beings that inhabit the land as well as the soil, roots, and plant life. The materials and tools used in Appalachia witchcraft are readily available from the land. This grounded approach will be of keen interest to witches and conjure folk regardless of where they live. Readers will be guided in how to build relationships with the spirits and other beings that dwell around them and how to use the materials and tools that are readily available on the land where one lives. This book also provides instructions on how to create a working space and altar and make conjure oils and powders. A wide array of tried-and-true formulas are also offered for creating wealth, protecting one from gossip, spiritual cleansing, and more.

**Conjure Cards** Jake Richards,2021 For centuries, people living in Appalachia have used homemade playing cards for fortune-telling and dream interpretation. This tradition has arisen over many generations of backwoods conjurers, 'grannie witches,' and 'yarb doctors'. Here, the author has created a fortune-telling deck fashioned after the folklore, superstitions, and dream symbols that he grew up with in Western North Carolina

**The Voodoo Doll Spellbook** Alvarado, Denise,2014-06-01 Presents doll spells drawn from New Orleans Voodoo and hoodoo traditions as well as those from ancient Greece, Egypt, Malaysia, Japan, and Africa, intended to produce fast-acting, long-lasting magic.

**Undead** Richard Lee Byers,2010-01-26 Join heroes fighting the undead hordes! Undead armies have massed and march to the beat of an evil necromancer's drum. The living citizens of the magic-rich realm of Thay must unite and mount a defense before they die and join their enemy's ranks. The second book in The Haunted Lands series, the events in Undead will have tremendous impact on the Forgotten Realms world. From the Paperback edition.

**Media Manifestos** Régis Debray,1996 In this volume R.gis Debray sums up over a decade of his research and writing on the evolution of subjects of communication and the technologically transmitted interventions of the modern intelligentsia in France. Media Manifestos announces the battle-readiness of a new sub-discipline of the sciences humaines: mediology. Scion of that semiology of the sixties linked with the names of Roland Barthes and Umberto Eco.and affiliated trans-Atlantically to the semiotics of C.S. Pierce and media analyses of Marshall McLuhan (media is message).mediology is in dialectical revolt against its parent thought-system. Determined not to lapse back into the uncritical empiricism and psychologism with which semiology broke, mediology is just as resolved to dispel the cult or illusion of the signifier as the be-all-and-end-all, slough off

the scholasticism of the code, and recover the world in all its mediatized materiality. In this enterprise its ally is the work of French historians of mentalities, of the hard and evolutionary sciences, and of the technologies of transmission (from stylus and clay to quill and parchment to press and paper to mouse and screen). Written with Debray's customary brio, *Media Manifestos* is no mere contribution to the vogue of media studies. It remains steeped in the intellectual culture of Louis Althusser and Michel Foucault, indebted to the neolithic anthropology of Leroi-Gourhan and the study of science and technology of Serres and Latour, informed by the material histories of the Annales school, yet plugged into the audiovisual culture of today's videosphere (as against the printerly graphosphere of yesterday, and the scriptorial logosphere of the day before that). Debray's work turns a neologism (mediology) into a tool-kit with which to rethink the whole business of mediation from the city-state to the internet.
