Letters to Santa Claus The Elves,2015-10-05 A “poignant” collection of real letters sent to Santa Claus—a town in Indiana—from the 1930s to the twenty-first century, from both children and adults (The New York Times). For countless Christmases, children—and sometimes adults—have stuffed their dreams, wishes, and promises into envelopes. Over many decades, millions of these letters have poured into Santa Claus, Indiana. Arriving from all corners of the globe, the letters ask for toys, family reunions, snow, and help for the needy—sometimes the needy being the writers themselves. They are candid, heartfelt, and often blunt. Many children wonder how Santa gets into their chimneyless homes. One child reminds Santa that she has not hit her brothers over 1,350 times that year, and another respectfully requests two million dollars in “cold cash.” One child hopes to make his life better with a time machine, an adult woman asks for a man, and one miscreant actually threatens Santa's reindeer! Containing more than 250 actual letters and envelopes from the naughty and nice reaching back to the 1930s, this moving book will touch hearts and bring back memories of a time in our lives when the man with a white beard and a red suit held out the hope that our wishes might come true. “Often very affecting . . . also offers an unusual window into American history.” —Library Journal “The letters . . . are alternately silly and somber, hilarious and heartfelt.” —The Weekly Standard

Under the Skin Linda Villarosa,2022-06-14 PULITZER PRIZE FINALIST • A stunning exposé of why Black people in our society 'live sicker and die quicker'—an eye-opening game changer.—Oprah Daily From an award-winning writer at the New York Times Magazine and a contributor to the 1619 Project comes a landmark book that tells the full story of racial health disparities in America, revealing the toll racism takes on individuals and the health of our nation. In 2018, Linda Villarosa's New York Times Magazine article on maternal and infant mortality among black mothers and babies in America caused an awakening. Hundreds of studies had previously established a link between racial discrimination and the health of Black Americans, with little progress toward solutions. But Villarosa's article exposing that a Black woman with a college education is as likely to die or nearly die in childbirth as a white woman with an eighth grade education made racial disparities in health care impossible to ignore. Now, in *Under the Skin*, Linda Villarosa lays bare the forces in the American health-care system and in American society that cause Black people to “live sicker and die quicker” compared to their white counterparts. Today's medical texts and instruments still carry fallacious slavery-era assumptions that Black bodies are fundamentally different from white bodies. Study after study of medical settings show worse treatment and outcomes for Black patients. Black people live in dirtier, more polluted communities due to environmental racism and neglect from all levels of government. And, most powerfully, Villarosa describes the new understanding that coping with the daily scourge of racism ages Black people prematurely. Anchored by unforgettable human stories and offering incontrovertible proof, *Under the Skin* is dramatic, tragic, and necessary reading.

The First Letters of Christmas Roque Fernandez,2016-09-01 How many letters are written to Santa each year, all of them containing not only the obligatory list of new toys but far more precious to us than that they also contain the purest essence of childhood those moments when our children whole heartedly believe in Santa Claus. Along with intricate illustrations that depict an inspiring journey towards the most anticipated night of the year The First Letters of Christmas also holds a letter template that helps each child to write their special note to Santa whilst holding back a copy allowing you to revisit that special moment in years to come. The story of Santa Claus and his dear Wife Mrs Claus is lovingly retold with an emphasis on the power and magic that each letter and wish gives to Santa. A multicultural cast of elves playfully engage in the story as it unfolds and Santa's sleigh receives its full charge from the magic collected from each letter sent. The role of Mrs Claus emulates that of most mothers over Christmas as they strive for the most perfect Christmas ever. The book, sourced from an audit compliant manufacturer, has been beautifully bound in leather to give it that Dickensian Christmas look and feel and also so that it can stand the test of time and be put away with the Christmas decorations to be brought out each December when the festive season is upon us again bringing our tag line to life. Christmases for life not just for Christmas
