Basic Business Principles for Growing Churches Arnold Cirtin, 2006 Pastors are schooled in theology and ministry, but few receive training in the fine points of church administration. Learning how to handle a congregation's finances on the job can be a harrowing experience. Yet efficiently managing your church's business affairs is a key element in keeping

current members satisfied with their pastoral leadership -- and in attracting the new members you need for your church to grow in size and influence. In *Basic Business Principles For Growing Churches*, Arnold Cirtin shares expertise gained from more than four decades of corporate and academic experience. He provides a clear and helpful primer for pastors with limited training in business administration on such practical topics as accounting, fiscal management, and marketing. This is an indispensable book for pastors of small- and medium-sized churches (who typically are also their congregations' principal financial officers), as well as for church treasurers, trustees, and other financial board members. When you follow the guidelines in *Basic Business Principles For Growing Churches*, your church will be fiscally responsible, managed efficiently, and able to maximize its growing stewardship of God's resources. Arnold Cirtin is professor emeritus of accounting at Ball State University, and is a certified public accountant (CPA) in the states of Indiana and California. Cirtin is the author of *Principles of Accounting Study Guide*, as well as numerous articles in professional journals.

168 Hours Laura Vanderkam, 2011-05-31 It's an unquestioned truth of modern life: we are starved for time. We tell ourselves we'd like to read more, get to the gym regularly, try new hobbies, and accomplish all kinds of goals. But then we give up because there just aren't enough hours to do it all. Or if we don't make excuses, we make sacrifices- taking time out from other things in order to fit it all in. There has to be a better way...and Laura Vanderkam has found one. After interviewing dozens of successful, happy people, she realized that they allocate their time differently than most of us. Instead of letting the daily grind crowd out the important stuff, they start by making sure there's time for the important stuff. When plans go wrong and they run out of time, only their lesser priorities suffer. Vanderkam shows that with a little examination

and prioritizing, you'll find it is possible to sleep eight hours a night, exercise five days a week, take piano lessons, and write a novel without giving up quality time for work, family, and other things that really matter.

Preventing Fraud in Church Accounting Lee Ann Crockett, 2018-02-16 Is your church vulnerable to fraud? One-third of all congregations experience theft, but researchers estimate 80 percent of cases go unreported and expect church financial fraud to reach \$60 billion by 2025. Those are staggering statistics, but sadly this is a common problem that most church leadership prefer to ignore. Not in our fellowship, they resolutely affirm. However, no individual is immune to temptation and studies show that the number one deterrent is fear of getting caught. The vast majority (87%) of the perpetrators have never been charged with fraud or embezzlement before. Pastors, elders, and trustees have an obligation to safeguard their ministry and shepherd the flock. This includes practices and procedures that prevent an easy stumble down the slippery slope of creative bookkeeping and skimming the church offering. *Preventing Fraud in Church Accounting* is a quick read for busy leadership. It exposes the problem and outlines the basics of the solution, including options for taking action. It's the perfect primer to educate the senior pastor or the young volunteer. It even includes a free confidential analysis of your church's financial status quo. The first step to a solution is knowledge, but the education process can seem overwhelming. Not with this short book. It can be read together in one committee meeting and will guide leadership to:

- * Examine two major problems with pastors functioning as Chief Financial Officer
- * Recognize three categories of fraud and how they apply to churches and nonprofits
- * Learn the types of internal controls that will decrease the risk of theft
- * Understand how the budget creation and review process creates accountability for ministry leaders
- * Explore what a full accounting plan of formal financial processes and reports entails

Pastors, board members, treasurers, and anyone concerned about the safety of their ministry and mission can't afford to NOT read this book.
