Every business arrangement in the music industry comes down to the written agreement between the parties engaged in the project at hand. When you're co-writing with other songwriters or making publishing agreements, recording agreements with independent record labels, or film sync license agreements for music used in TV, film, the Internet and commercials, what is in writing is what ultimately governs the deal with you and your business. Whether you are the publisher, label, studio, producer, engineer, or artist, The Music Business Contract Library contains over 125 different contract templates and forms that you need, along with Greg's professional experience in commentary on how he has used them and why. This massive library comes with a CD-ROM, which delivers over 125 forms in fully editable Microsoft Word format for use in your own business.

All Things Necessary Marti Rideout, 2013-01-01 This is a complete revision of a detailed resource which has been the essential guide for church musicians working in the Episcopal church for over 20 years. *A Guide to the Practice of Church Music* (1989) was originally written by Marion J. Hatchett, who taught for many years at the Episcopal seminary at Sewanee, was key in developing materials for *The Hymnal 1982*. This updated revision contains brief, but articulate discussions of the role of music in the church, the variety and nature of music ministries (people, cantor, choirs, organists, directors, instrumentalists, clergy, and music committees); principles for the selection of hymns, psalms, canticles, and other service music and their sources in materials from CPI and beyond; guidance for planning services for all rites of the church in the BCP and the Book of Occasional Services. Updated revision includes hymnals, electronic resources, and materials published since *The Hymnal 1982*.

Music and Vital Congregations William Bradley Roberts, 2009-09-01 Congregations that are alive and vibrant have

vital music programs. How did they get that way? There are sensible and practical steps to develop such a program which begins with a clear vision of the end product. This book addresses the many interrelated issues of defining and embracing the leadership role in the church music program that is required of clergy in parish ministry and essential for a healthy congregation. Clergy and musicians work toward the same goals; however, clergy are trained differently from musicians. How does this fact impact their relationship, and how can they learn to work together in an atmosphere of mutual respect? The practical issues of employment can be addressed more effectively in this atmosphere. If one is looking for the right musician for the parish, what qualities does one seek? How does one find such a rare and gifted individual? A successful search complete, how does the clergy person work harmoniously with the music leader? This book provides a blueprint for:

- Developing a vision for music in your parish
- Locating a musician who is a partner in ministry
- How music comes and goes in the church's repertoire
- Moving from musician as performer to musician as pastor

Church Mergers Thomas G. Bandy, Page M. Brooks, 2016-10-12 The need to merge churches is growing ever more crucial as congregations assess how to thrive in cultural diversity and ever-changing times. Every denomination faces the urgency to shift from maintenance to mission, and from survival to renewal. *Church Mergers* offers churches of all sizes and traditions practical advice on how to merge successfully. Authors Thomas G. Bandy and Page M. Brooks draw on decades of experience to illustrate why and how missional mergers are possible. *Church Mergers* guides congregational leaders and regional planners through the process of successful mergers. It shares the stories of four churches in the merger process, explaining the steps to assess their situations, build trust, and discern vision. The book offers guidance to assess the potential for merger, explore contextual relevancy and lifestyle compatibility, overcome internal and external obstacles, define strategic priorities, create new boards, build leadership teams, combine assets, and more. *Church Mergers* shows that a faithful, healthy, missional merger is possible, and it illustrates that the whole can indeed be greater than the sum of its parts.
