Safe Sanctuaries Joy Thornburg Melton,2008 The Only Resource of Its Kind Is Now Two Bestsellers in One! Tragically, churches have not always been safe places for children or youth or vulnerable adults. With this in mind, attorney, pastor, and author Melton outlines a process for developing policies and procedures to recognize and reduce the risk of abuse in the church. Safe Sanctuaries combines and expands information from two of her earlier groundbreaking books, which focused, separately, on children and teens. Safe Sanctuaries is the most helpful resource I have found dealing with this troubling topic, says one minister. Straightforward yet non-threatening, the information is helpful for all denominations and congregations of faith. Practical guidance is provided in developing and implementing a substantive, holistic action plan of abuse prevention: recruiting, screening and working with volunteers training models for all who work with children, youth, and vulnerable adults suggestions for congregational response to unthinkable allegations of abuse order of worship celebrating the adoption of Safe Sanctuaries policies Melton's transformative, relevant, and foundational resource will train leaders in what they need to know to stay safe and keep the vulnerable in their care safe. This revised edition now features updated and timely information about protecting young people from online predators.

Contemporary Muslim-Christian Encounters Paul Hedges, 2015-07-30 Contemporary Muslim-Christian Encounters: Developments, Diversity and Dialogues addresses the key issues in the present day global encounter between Christians and Muslims. Divided into two parts, the first examines theoretical issues and concerns which affect dialogue between the two traditions. The second part highlights case studies from around the world. Chapters come from established scholars including Reuven Firestone, Douglas Pratt and Clinton Bennett, emerging scholars, as well as practitioner perspectives. Highlighting the diversity within the field of Christian-Muslim encounter, case studies cover examples from the US and globally, and include dialogue in the US post 9/11, Nigerian Muslims and Christians, and Christian responses to Islamophobia in the UK. Covering unique areas and those not explored in detail elsewhere, Contemporary Muslim-Christian Encounters: Developments, Diversity and Dialogues will be of interest to advanced students, researchers, and interfaith professionals.

A History of the Episcopal Church Schism in South Carolina Ronald James Caldwell, 2017-08-09 In 2012, the Episcopal Diocese of South Carolina declared its independence from the Episcopal Church. It was the fifth of the 111 dioceses of the Church to do so since 2007. A History of the Episcopal Church Schism in South Carolina is the sweeping story of how one diocese moved from the mainstream of the Episcopal Church to separate from the church. It examines the underlying issues, the immediate causes, and the initiating events as well as the nature and results of the schism. The book traces the escalating conflict between the diocese and the church that led up to the schism. It also examines the legal war between the two post-schism dioceses, the majority in the independent Diocese of South Carolina and the minority in the Episcopal Church in South Carolina. This is the first scholarly history of a diocesan schism from the Episcopal Church. It is extensively researched from original and secondary sources and documented in over 2,000 notes citing nearly 900 works. This story

stands as a cautionary tale of what happens in a major Christian denomination when majority and minority factions increasingly differentiate themselves and what impact that can have for both parties.

Coins in Churches Svein H. Gullbekk,Christoph Kilger,Steinar Kristensen,Håkon Roland,2021-07-27 This book focuses on the formative period of Church reform in the Middle Ages in Northern Europe, when the Church paved the way for the development of money economy on its own doorstep. Church archaeology provides evidence for patterns of monetary use related to liturgy, church architecture and devotional culture through the centuries. This volume encompasses Alpine European evidence, with emphasis on Gotland, Denmark, Norway, Sweden, Finland and Switzerland, which opens up a new field of research on religion and money for an international audience. Based on 100,000 single finds of coins from the 11th to

18th centuries from 650 Scandinavian churches, the volume offers an in-depth discussion of the concepts of ritual, liturgy and devotional uses of money, monetary space and spiritual economy within the framework of Christendom, the medieval church and church architecture. Written by international scholars, *Coins in Churches* will be a valuable resource for readers interested in the history of religion, money, the economy, and church architecture in Northern Europe in the Middle Ages.

Life in Transit: Theological and Ethical Contributions on Migration Manitza Kotzé, Riaan Rheeder, 2020-12-31 Migration is an issue that is under discussion worldwide and affects South Africa, the United States of America and Germany in a distinctive way. This book reflects academically on this significant and topical subject of migration from the often neglected perspective of the fields of theology and Christian ethics. While the majority of contributions are from the South African context, there are also chapters reflecting on the topic from the other two aforementioned contexts. While numerous publications have recently appeared on the subject, reflection from theology and Christian ethics are often lacking. As such, this scholarly publication wants to add ethical value to the local and global conversations on the theme from a theological perspective. The book reflects on migration from the perspectives originated in the disciplines of biblical studies (the Hebrew Bible and the New Testament), systematic theology, ecumenical studies, Christian ethics, practical theology, and missiology. It presents new and innovative inquiries primarily from a qualitative methodological viewpoint. The book unveils new themes for deliberation and provides novel interpretations and insights into existing research.

The Bishopric Ellis, J. Delano (Jesse Delano), Bishop J. Delano Ellis II, 2003 *The Bishopric: A Handbook on Creating Episcopacy in the African-American Pentecostal Church* addresses the need for assistance and training for the proliferated Episcopacy within the African-American community.

CR to the 7th Power Stephanie Credle, 2017-09-04 *The CR7 Course handbook* is a companion and reference guide for CR7 mediators, negotiators, and leaders in any organization where ongoing and sustainable relationships are key to organizational mission success. It is designed to provide theoretical information, to include historical background about the conflict resolution field of study, and provide a practical guide to intervene, influence, and impact conflict resolution methods. CR7 is both a logo and trademark. CR stands for (of course) conflict resolution and the first two letters of the last name of the creator of the CR7 model, Dr. Stephanie Hampton Credle. The number seven represents the basic tenets of the model: relationships, responsibility, reengagement, resolution, restitution, renewal, and reconciliation.
