How to Start, Run and Grow a Successful Residential & Commercial Cleaning Business Maria Carmen, 2016 How to Start, Run and Grow a Successful Residential & Commercial Cleaning Business Ten years ago, after my divorce, I needed to find a way to support myself. I was one of those individuals that never went to college or had a trade skill, so there weren't a lot of job choices for me. I wasn't keen on the idea of working at a fast food restaurant for minimum wage with limited potential for advancement or better pay. Then I learned about house cleaning from a friend of mine. She used house cleaning as a way to supplement their family income. However, I realized the potential to grow this into something more. So I started taking on a few residential cleaning jobs, getting my name out there and increasing my client list. I took the time to do some research and found a way to offer some specialized services that got me paid a little extra. Before I knew it, my client list was growing beyond what I could do by myself. So I started hiring employees. Then I realized the importance of branching out and started to take on commercial contracts. Commercial cleaning turned out to be even more beneficial to my income than residential cleaning. Not only was I able to support myself with this work, but I was able to grow and thrive. Today, I have a company of my own with 22 employees. We take on both residential and commercial cleaning contracts. My income has grown to over \$250,000 a year now. Back in the olden days before the internet was really popular and you could Google search anything, there was trial and error. If you wanted to start a house cleaning business from scratch you could, but it was rarely an overnight success for anybody. Big success was tossed to the cleaning service franchisees who could afford the fancy training, and well-built brands, while the mom and pop cleaning services were left to figure it out on their own. Good news - times have changed. As an independent house cleaner, you no longer have to wade through endless Pinterest boards for tips and ideas on how to start a house cleaning business. Angela Brown built from scratch one of the most successful independently owned and operated house cleaning companies in the Southeastern United States. If you are serious about success in the cleaning service industry, you should sign up for her free tips, tricks and time saving hacks by joining the Savvy Cleaner email list at: savvycleaner.com/tips and you follow her blog at: AskaHouseCleaner.com She has trained a multitude of independent house cleaners how to take their business from day one through expansion and enormous growth. In this step-by-step guide she'll show you: How to set up your home office What office supplies you are going to need

Ideas for your company logo How to choose your company name How to choose a uniform Tips on creating your company image and brand How to set your rules and policies How to choose a territory Everything you need to know about creating flyers, worksheets and why you need them. How to bid jobs, what to charge, What kind of car you need, Confidence builders & how to build instant credentials, Bonding, insurance The magic of the Mulligan, How to get an endless stream of referrals, how much you should pay for referral fees, How to never have any billing and collections, and how to always get paid and on time. (There is a reason they call Angela Brown The House Cleaning Guru.) If you're here because you have an interest in house cleaning or in upgrading your life and you want to start a house cleaning business, welcome. House cleaning business is a 49 billion dollar a year industry that is nearly recession proof - when times get hard, people work more hours to pay the bills, they have less time at home to clean, so they outsource their cleaning - which means more business for you and me. Another awesome reason to start a house cleaning business is this: unlike a regular 9 to 5 job if you get fired, you're not out of work. You simply add another customer into your new available time slot and keep going. The New I Do Susan Pease Gadoua,Vicki Larson,2014-09-23 If half of all cars bought in America each year broke down, there would be a national uproar. But when people suggest that maybe every single marriage doesn't look like the next and isn't meant to last until death, there's nothing but a rash of proposed laws trying to force it to do just that. In The New I Do, therapist Susan Pease Gadoua and journalist Vicki Larson take a groundbreaking look at the modern shape of marriage to help readers open their minds to marrying more consciously and creatively. Offering actual models of less-traditional marriages, including everything from a parenting marriage (intended for the sake of raising and nurturing children) to a comfort or safety marriage (where people marry for financial security or companionship), the book covers unique options for couples interested in forging their own paths. With advice and quizzes to help readers decide what works for them, The New

I Do acts as a guide to thinking outside the marital box and the framework for a new debate on marriage in the 21st century.

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Strengthening Forensic Science in the United States National Research Council, Division on Engineering and Physical Sciences, Committee on Applied and Theoretical Statistics, Policy and Global Affairs, Committee on Science, Technology, and Law, Committee on Identifying the Needs of the Forensic Sciences Community, 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the

National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Energy-efficient Operation of Commercial Buildings Peter H. Herzog,1997 Home to some the world's best museums, New York City is itself a free, public museum. The work of artists such as Marc Chagall, Keith Haring, Roy Lichtenstein, Ludwig Bemelmans, and more grace the walls and ceilings of the public spaces New Yorkers see every day. From uptown to downtown to the outer boroughs, the art created for the walls of New York City's bars, hotels, offices, government buildings, and schools have themselves created the identities of the rooms they live in. Murals of New York City is the first book to curate more than 30 of the most important, influential, and impressive murals found within all five boroughs of New York City. Photographer Joshua McHugh's full-color images of such works as Paul Helleu's famous Mural of the Stars on Grand Central Station's ceiling, Robert Crowl's Dancers at the Bar at Lincoln Center, Edward Lanning's McGraw's New York Public Library Rotunda, Jose Marie Sert and Frank Brangwyn's Rockefeller Center murals, and more, are accompanied by artist and muralist Glenn Palmer-Smith's informative and historical commentary. Perfect for art and architecture lovers, The Murals of New York City also serves as the perfect resource and souvenir for the millions of tourists who visit the city every year.
