Keeping Quiet Julian Dutton, 2015-07-23 *Keeping Quiet* is a love-letter to the modern sight-gag on film and television, tracing the history of physical clowning since the advent of sound. Taking up the story of visual humour where Paul Merton's *Silent Comedy* leaves off, Julian Dutton charts the lives and work of all the great comedians who chose to remain silent, from Charlie Chaplin - who was determined to resist the 'talkies' - right through to the slapstick of modern-day performers such as Rowan Atkinson, Matt Lucas and Harry Hill. This fascinating chronicle - spanning nine decades - shows how physical comedy, at first overshadowed by dialogue-films in the 1930s, reinvented itself and how this revival was spearheaded by a Frenchman: Jacques Tati. Julian Dutton draws on his own experience as a comedy writer and performer to give an expert analysis of the screen persona and the comedy style of dozens of the screen's best-loved performers including Laurel & Hardy, Buster Keaton, Harpo Marx, Norman Wisdom, Jerry Lewis, Benny Hill, Peter Sellers, Eric Sykes, Ronnie Barker, Marty Feldman - and many more. This book will appeal both to the serious student of film, television and theatre - including those aspiring to write or perform comedy - and to the general reader and comedy fan.

Ten Steps to Nanette Hannah Gadsby, 2022-03-29 NEW YORK TIMES BESTSELLER • Multi-award-winning Hannah Gadsby broke comedy with her show Nanette when she declared that she was quitting stand-up. Now she takes us through the defining moments in her life that led to the creation of Nanette and her powerful decision to tell the truth—no matter the cost. “Hannah is a Promethean force, a revolutionary talent. This hilarious, touching, and sometimes tragic book is all about where her fires were lit.”—Emma Thompson ONE OF THE MOST ANTICIPATED BOOKS OF 2022—Entertainment Weekly, PopSugar “There is nothing stronger than a broken woman who has rebuilt herself,” Hannah Gadsby declared in her show Nanette, a scorching critique of the way society conducts public debates about marginalized communities. When it premiered on Netflix, it left audiences captivated by her blistering honesty and her singular ability to take them from rolling laughter to devastated silence. Ten Steps to Nanette continues Gadsby's tradition of confounding expectations and norms, properly introducing us to one of the most explosive, formative voices of our time. Gadsby grew up as the youngest of five children in an isolated town in Tasmania, where homosexuality was illegal until 1997. She perceived her childhood as safe and “normal,” but as she gained an awareness of her burgeoning queerness, the outside world began to undermine the “vulnerably thin

veneer” of her existence. After moving to mainland Australia and receiving a degree in art history, Gadsby found herself adrift, working itinerant jobs and enduring years of isolation punctuated by homophobic and sexual violence. At age twenty-seven, without a home or the ability to imagine her own future, she was urged by a friend to enter a stand-up competition. She won, and so began her career in comedy. Gadsby became well known for her self-deprecating, autobiographical humor that made her the butt of her own jokes. But in 2015, as Australia debated the legality of same-sex marriage, Gadsby started to question this mode of storytelling, beginning work on a show that would become “the most-talked-about, written-about, shared-about comedy act in years” (The New York Times). Harrowing and hilarious, *Ten Steps to Nanette* traces Gadsby’s growth as a queer person, to her ever-evolving relationship with comedy, and her struggle with late-in-life diagnoses of autism and ADHD, finally arriving at the backbone of *Nanette*: the renouncement of self-deprecation, the rejection of misogyny, and the moral significance of truth-telling.

Fifty Quick Ideas to Improve Your User Stories Gojko Adzic,David Evans,2014-10-15 This book will help you write better stories, spot and fix common issues, split stories so that they are smaller but still valuable, and deal with difficult stuff like crosscutting concerns, long-term effects and non-functional requirements. Above all, this book will help you achieve the promise of agile and iterative delivery: to ensure that the right stuff gets delivered through productive discussions between delivery team members and business stakeholders. Who is this book for? This is a book for anyone working in an iterative delivery environment, doing planning with user stories. The ideas in this book are useful both to people relatively new to user stories and those who have been working with them for years. People who work in software delivery, regardless of their role, will find plenty of tips for engaging stakeholders better and structuring iterative plans more effectively. Business stakeholders working with software teams will discover how to provide better information to their delivery groups, how to set better priorities and how to outrun the competition by achieving more with less software. What's inside? Unsurprisingly, the book contains exactly fifty ideas. They are grouped into five major parts: - Creating stories: This part deals with capturing information about stories before they get accepted into the delivery pipeline. You'll find ideas about what kind of information to note down on story cards and how to quickly spot potential problems. - Planning with stories: This part contains ideas that will help you manage the big-picture view, set milestones and organise long-term work. - Discussing stories: User stories are all about effective conversations, and this part contains ideas to improve discussions between delivery teams and business stakeholders. You'll find out how to discover hidden assumptions and how to facilitate effective conversations to ensure shared understanding. - Splitting stories: The ideas in this part will help you deal with large and difficult stories, offering several strategies for dividing them into smaller chunks that will help you learn fast and deliver value quickly. - Managing iterative delivery: This part contains ideas that will help you work with user stories in the short and mid term, manage capacity, prioritise and reduce scope to achieve the most with the least software. About the authors: Gojko Adzic is a strategic software delivery consultant who works with ambitious teams to improve the quality of their software products and processes. Gojko's book Specification by Example was awarded the #2 spot on the top 100 agile books for 2012 and won the Jolt Award for the best book of 2012. In 2011, he was voted by peers as the most influential agile testing professional, and his

blog won the UK agile award for the best online publication in 2010. David Evans is a consultant, coach and trainer specialising in the field of Agile Quality. David helps organisations with strategic process improvement and coaches teams on effective agile practice. He is regularly in demand as a conference speaker and has had several articles published in international journals.

Showing and Telling: Film heritage institutes and their performance of public accountability Nico de Klerk, 2019-03-25 'Showing and Telling' is the first academic work to explore how publicly funded film heritage institutes account for their mandate in their public activities. It does that by inspecting and evaluating public presentations and visitor information about these presentations. The research was done by juxtaposing two complementary approaches. The first is grounded in the author's experience as a collection researcher and curator and makes a case for the richness of archival objects usually ignored for their lack of aesthetic qualities. The second is a survey of the public activities of 24 institutes worldwide, based on their websites, in February 2014; the latter constitutes a unique source. This original work uncovers the disconnect between the curatorial activities of these institutes and their missions. A central finding is that publicly funded film heritage institutes give their public an inadequate sense of cinema history. By and large they offer a mainstream-oriented repertoire of presentations, overwhelmingly consisting of feature fiction; they show a disproportionate amount of recent and new works, often through commercial distribution; their screenings consist of an unexplained melee of technological formats (sometimes substandard); and their presentations monotonously frame film as art, although their professed aesthetics are mostly of a cinephile nature and rest on received opinion. Specific materials, early cinema in particular, and specialist knowledge, both historical and methodological, are largely restricted to their network of peer communities. Wholesome transfer of full knowledge, in word and image, to the public is not a major concern. 'Showing and Telling' concludes with recommendations for curatorial activities. Firstly, with a conceptual apparatus that allows a more complete understanding of film heritage and its histories. Secondly, with a plea for rethinking the institutes' gatekeeper function and for developing more varied, imaginative, and informative public presentations, both on site and online, that reflect the range of their collections and their histories.

Noises Off Michael Frayn, 2021-01-14 “As finely worked as a Swiss watch and as funny as the human condition permits ... the zigzag brilliance of the text as the clunky lines of the farce-within-a-farce rub against the sharp dialogue of reality.” The Guardian A play-within-a-play following a touring theatre company who are rehearsing and performing a comedy called Nothing On, results in a riotous double-bill of comedic craft and dramatic skill. Hurling along at breakneck speed it shows the backstage antics as they stumble through the dress-rehearsal at Weston-super-Mare, then on to a disastrous matinee at Ashton-under-Lyne, followed by a total meltdown in Stockton-on-Tees. Michael Frayn's irresistible, multi-award-winning backstage farce has been enjoyed by millions of people worldwide since it premiered in 1982 and has been hailed as one of the greatest British comedies ever written. Winner of both Olivier and Evening Standard Awards for Best Comedy. This edition features a new introduction by Michael Blakemore.

Yankee Doodle Dandy Elizabeth T. Craft, 2024 Composer, lyricist, playwright, performer, director, theater owner, and star actor George M. Cohan (1878-1942) definitively shaped the burgeoning genre of musical comedy and the institution of Broadway in the early twentieth century. Remembered today for classic tunes like You're a Grand Old Flag and Give My Regards to Broadway, he has been called the father of musical comedy and is memorialized with a statue in Times Square. In his day, he was famous as the Yankee Doodle Boy from his hit song and as the Man Who Owned Broadway from his musical of the same name. His songs and shows captured the spirit of an era when staggering social change gave new urgency to efforts to define Americanism. This book, the first on Cohan in fifty years and the first scholarly study on the subject, is not a biography but rather situates Cohan as a central figure of his day, placing his multifaceted contributions within overlapping historical and cultural contextual webs to examine his wide-ranging cultural impact. Chapters interweave discussion of his songs and shows with explorations of the roles he played in public life-entertainer, Broadway magnate, Irish American, celebrity, and, above all, emblem of patriotism. This approach offers not only a fuller understanding of his shows and career

but also new perspectives on fundamental debates about American identity and the performing arts in the early twentieth-century United States--
