Earning Freedom Michael G Santos, 2021-08-26 Michael Santos helps audiences understand how to overcome the struggle of a lengthy prison term. Readers get to experience the mindset of a 23-year-old young man that goes into prison at the start of America's War on Drugs. They see how decisions that Santos made at different stages in the journey opened opportunities for a life of growth, fulfillment, and meaning. Santos tells the story in three sections: Veni, Vidi, Vici. In the first section of the book, we see the challenges of the arrest, the reflections while in jail, the criminal trial, and the imposition of a 45-year prison term. In the second section of the book, we learn how Santos opened opportunities to grow. By writing letters to universities, he found his way into a college program. After earning an undergraduate degree, he pursued a master's degree. After earning a master's degree, he began work toward a doctorate degree. When authorities blocked his pathway to complete his formal education, Santos shifted his energy to publishing and creating business opportunities from inside of prison boundaries. In the final section, we learn how Santos relied upon critical-thinking skills to position himself for a successful journey inside. He nurtured a relationship with Carole and married her inside of a prison visiting room. Then, he began building businesses that would allow him to return to society strong, with his dignity intact. Through *Earning Freedom!* readers learn how to overcome struggles and challenges. At any time, we can recalibrate, we can begin working toward a better life. Santos served 9,135 days in prison, and another 365 days in a halfway house before concluding 26 years as a federal prisoner. Through his various websites, he continues to document how the decisions he made in prison put him on a pathway to succeed upon release. Court Uncourt | STA Law Firm STA Law Firm,2018-03-10 We live in a time ravaged by the use of the Internet. Pluck a man out from a past century and drop him onto our planet, it would not be long before he would be amazed, or horrified, by thing we call the internet and what it has enabled us to do. The trade of goods was traditionally done by a hand-to-hand exchange, in which case, if any problem were to arise on the quality of the good or the amount paid, one could instantly manage it with the other party, face-to-face. The problem we face today is that in light of the online purchases we undertake, disputes over the state of the goods received entail complications in ascertaining who is to be held liable. In the United Kingdom, legislation has been introduced to regulate these modern-day scenarios. Sales of goods are covered by the Sale of Goods Act 1979. The Act will only apply when the buyer has not seen the products that have been purchased, and have proceeded with the sale based on the reasonable contemplation of the parties about how the item was portrayed to look. In this issue of Court Uncourt, our lawyers in Dubai will explain a broad range of legal matters ranging from the bankruptcy code in the United Arab Emirates to the distinction between tax avoidance and tax evasion. Through this information outlet, we intend to keep our readers updated on the latest legal developments around the world. We wish you an enlightening read of this issue of Court Uncourt and a Happy New Year!

The Spycraft Merchant -Volume Five Arthur C. Morgan,2024-01-09 The Spycraft Merchant Volume Five is the final end to a twenty eight career to the unscrupulous efforts from a small group of zealous fanatical persecuting federal agents and prosecutor. The spycraft merchant was targeted because he misrepresented where his body armor and helmets were manufactured on a federal form, but the real motivation was the ideological premise that they couldn't tolerate an x-offender functioning as a security professional. The false narrative that was created motivated the author to write his autobiography to have some way to ensure that his story was told. He has been on house arrest for over three years while awaiting sentencing on a plea bargain agreement and in that time he completed a bachelor's degree in psychology and is currently working towards his masters. He also has written a number of criminal justice reform recommendations that are included in the appendix of the final volume.
