**Love 'Em or Lose 'Em, Sixth Edition** Beverly Kaye, Sharon Jordan-Evans, 2021-03-02 This sixth edition of the number one bestselling employee retention book in the world (over 800,000 copies sold) puts a new emphasis on diversity and inclusion but keeps the same appealing format: twenty-six simple strategies from A to Z. Despite booms and busts, technology advances, talent wars, layoffs, and even a global pandemic, people want what they've always wanted. Employees want—and now expect—meaningful work, supportive bosses, regular recognition, and a chance to learn and grow. And managers want their amazing people to stay—for at least a little while longer. For two decades, this Wall Street Journal bestseller—over 800,000 sold—has offered twenty-six simple strategies, from A to Z, that managers can use to address their employees' real concerns and keep them engaged. The authors have gone over every word of the previous edition, revising, updating, and streamlining. This edition includes a timely focus on diversity and inclusion in every chapter. For example, chapter 6 focuses on family. Different cultures view family responsibilities differently, so the authors address how to take that into consideration when a treasured employee asks for extended leave to care for a grandparent. And a new section called “Conversations That Count” offers discussion questions for sparking deeper conversation around the topics in the book. This new edition will ensure that Love 'Em or Lose 'Em will continue to help managers all over the world create a supportive workplace culture so they can fight burnout and keep the people they can least afford to lose.

Print production expert Claudia McCue takes on the challenge of putting ink to paper, offering clear, authoritative guidance to print professionals and anyone else who has been frustrated by the obstacles of getting electronic documents to print perfectly. This new edition of Claudia's classic book is now fully Adobe-centric, and shows readers how to use the different applications in the Adobe Creative Suite 4 together to create and produce great print documents. Use Photoshop and Illustrator to create raster and vector images, and combine them with text in InDesign to create eye-catching yet readable page layouts. Writer, philosopher, and professor of comparative religion, Daniele Bolelli, leads the reader through three thousand years of mythology, misogyny, misinformation, and the flat-out lies about revealed truth that continue to muddle our ability to live a peaceful life, free of guilt and shame and the ultimate fear of death. Our worldviews are in desperate need of some housecleaning, says Bolelli. We enter the 21st century still carrying on our backs the prejudices and ways of thinking of countless past generations. What worked for them may or may not still be of use, so it is our job to make sure to save the tools that can help us and let go of the dead weight.
