*The Plastic Effect* Polly A. Bauer, Stephen Lesavich, PhD, JD, 2012-12-14 WINNER 2013 ~ INDEPENDENT PUBLISHER LIVING NOW BOOK AWARD ~ GOLD MEDAL for best book in Finance/Budgeting. The Living Now Book Awards celebrate the innovation and creativity of newly published books that enhance the quality of our lives and publicize the importance of these books to readers . Do you have a credit card? Roughly 70% of adults in the U.S. do. In fact, Americans average 3.5 credit cards per person - that's a lot of plastic! Even with all that buying power in their wallets, most consumers have no idea the ways that they use (or misuse) their credit cards can affect their health, their relationships, and their credit scores. Many factors go into mounting credit card debt: impulse shopping, health emergencies, the loss of a job, marriage, divorce, a death in the family. With this debt comes stress, arguments, loss of sleep, inability to pay other bills, worry, health problems, crumbling relationships. Does any of this sound familiar? Increasing credit card debt and a lack of knowledge about how credit cards really work have created a new social phenomenon called The Plastic Effect. And if you have a credit card, The Plastic Effect can affect YOU. In this new book, internationally recognized credit card expert, Polly A. Bauer, CPCS and attorney Stephen Lesavich, PhD, JD, have selected 25 of the most common urban legends influencing the use and misuse of credit cards. The authors, as business leaders and credit card experts, walk you through these urban legends about how credit cards are used and misused, explaining what is true and what is likely to cause you trouble. You will get access to resources and additional information about each myth, tips from industry experts, and guidance that will help you use your credit cards more intelligently and effectively. You'll also learn how to understand your credit reports, improve your credit score and manage your debt in a way that puts the power back in YOUR hands. In short, this book will help you break free of The Plastic Effect.

*Templates* Stephen Lewis, 2014-12-19 Beginning with the simple two-word sentence and working up to multi-clause possibilities, *Templates* shows students how to manipulate syntactic patterns for maximum rhetorical effect. Although it teaches grammar, it does not do so with the goal of correcting mistakes. Rather, it encourages writers to make full use of the complexity and flexibility of English sentence structure. Combining an emphasis on the writing process with both an awareness of audience and a raised consciousness about English grammar, *Templates* takes a unique approach to sentence-level writing and revision. Exercises throughout the book help students to move from simpler sentence structures to more complex multi-clause constructions. Key features: - Emphasizes the rhetorical possibilities of sentence structure -

Grammatical analysis is demonstrated in terms of syntactic “templates” - Shows how the writer can play to audience awareness of these templates - Promotes sentence-level editing as the fine-tuning stage of the writing process - Usage issues are presented as choices based on level of formality, rather than as prescriptive rules - Includes a glossary of grammatical terms
