Vintage Fish Coloring Book for Adults: Color and Shade for Relaxation, Meditation, Stress Relief, Creative Expression Coralee Vanda,2019-03-25 Large 8.5 x 11 inches coloring book 30 single side illustrations of fish, 62 pages Use colored pencils for best results (not included) Color for relaxation, creative expression Cut out and hang for decoration This coloring book for adults features 30 vintage illustrations of various fish. They are black lines with black shading, however you can use your creative expression to blend and shade colors in the shaded areas as well as the highlighted areas to create a new work with unique effect. Please note: Many of the fish illustrations are long, so they are printed in landscape format to allow a larger image, so you may want to turn the book sideways to color. This paperback book is 8 1/2 x 11 and has 62 pages. The 30 designs are each on a page of its own, there is only one drawing to each piece of paper, so if you want to cut one out, you are not losing another drawing. Also, coloring and shading with colored pencils work best; sharpies and some markers will bleed through. Gel pens are okay. Another idea is to slip a piece of cardboard between pages while you are working, so the page below does not get any indentations if you are applying pressure with your pencil. Tip: You can color over the already shaded parts with a dark color or 2 to give it more interest. Don't feel you have to color these realistically, feel free to take the vintage illustration and make it modern. Get creative, play with it, and enjoy the process!
