Building off the success of her *The Get Yourself Organized Project*, this book will provide even more ideas for getting your life and your stuff under control. You bought a book and put it on your nightstand (right on top of ten others you've bought recently), but you have yet to open it. You keep hundreds of DVDs around even though you watch everything online now and aren't really sure where the remote for the DVD player is. You spend valuable time moving your piles around the house, but you can never find that piece of paper when you need it. Your house doesn't make you happy when you step into it. As you try out the many easy, doable solutions that helped Kathi win her battle with clutter, you'll begin to understand why you hold on to the things you do, eliminate what's crowding out real life, and make room for the life of true abundance God wants for you.

No More Teaching a Letter a Week Rebecca McKay,William H. Teale,2015 Letter-a-week may be a ubiquitous approach to teaching alphabet knowledge, but that doesn't mean it's an effective one. In *No More Teaching a Letter a Week*, early literacy researcher Dr. William Teale helps us understand that alphabet knowledge is more than letter recognition, and identifies research-based principles of effective alphabet instruction, which constitutes the foundation for phonics teaching and learning. Literacy coach Rebecca McKay shows us how to bring those principles to life through purposeful practices that invite children to create an identity through print. Children can and should do more than glue beans into the shape of a B; they need to learn how letters create words that carry meaning, so that they can, and do, use print to expand their

understanding of the world and themselves.
