**The Dispatcher's Guide to the Galaxy** Jorie Myers,2022-12-29 Do you want to become a dispatcher for a corporation or establish your own independent dispatch agency, but need to grow your industry knowledge? The Dispatcher's Guide to the Galaxy is as ode to practicality. It establishes a baseline of knowledge from which advanced guidance can begin. This book covers foundational pieces like insurance and how it affects a motor carrier's load selection, vetting the brokerage and freight opportunities, onboarding motor carriers onto a dispatch service and getting motor carriers onboarded with brokerages, and incorporates the FMCSA's November 2022 dispatcher guidelines. Most individuals entering the market as an independent dispatch agency have no prior experience as a dispatcher or in transportation as a whole. Which is not inherently bad. BUT it does put an exorbitant amount of pressure on that individual to absorb as much industry knowledge that can possibly be squeezed into a weekend training. In addition to operating as a dispatcher since 2018, the author has interviewed countless dispatchers, brokers, freight forwarders, insurance agents, load board providers and has succinctly synthesized all of that industry knowledge into this book.

**Amusing Ourselves to Death** Neil Postman,2005-12-27 What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil's Postman's essential guide to the modern media is more relevant than ever. It's unlikely that Trump has ever read *Amusing Ourselves to Death*, but his ascent would not have surprised Postman." -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media—from the Internet to cell phones to DVDs—it has taken on even greater significance. *Amusing Ourselves to Death* is a prophetic look at what happens when

politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. "A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one." -Jonathan Yardley, The Washington Post Book World
