**Street Gang** Michael Davis,2008-12-26 Now an acclaimed documentary from Screen Media, the New York Times bestselling account of the story behind one of the most influential, durable, and beloved shows in the history of television: Sesame Street. “Davis tracks down every Sesame anecdote and every Sesame personality in his book . . . Finally, we get to touch Big Bird's feathers.” —The New York Times Book Review Sesame Street is the longest-running-and arguably most beloved- children's television program ever created. Today, it reaches some six million preschoolers weekly in the United States and countless others in 140 countries around the world. Street Gang is the compelling, comical, and inspiring story of a media masterpiece and pop-culture landmark. Television reporter and columnist Michael Davis-with the complete participation of Joan Ganz Cooney, one of the show's founders-unveils the idealistic personalities, decades of social and cultural change, stories of compassion and personal sacrifice, and miraculous efforts of writers, producers, directors, and puppeteers that together transformed an empty soundstage into the most recognizable block of real estate in television history.

*As I Was on My Way to Strawberry Fair* Raymond St. Elmo, 2017-01-30 Two strangers aid one other on a dark country road; and vow to meet again at the local Renaissance Fair. To do so they must learn to see beyond their own masks. And united, to win past a host of fairy glammers, crazed role-players, angry jugglers, sinister bikers and the secret of the ancient charter of Strawberry Fair itself. I will find you at Strawberry Fair, I will win you a lion, a tiger, a bear. I will buy you ices, electronic devices And give you a kiss for finding me there. A romance in masks. From the book: I sat considering. And I might have remained in that strange trance, brooding, thinking idle thoughts, burning, muttering to myself, burning. But her offered hand woke me. I stood. The crowd shouted in surprise, as did the King. Yes, it felt good to move. No more straw man. I stood awake in a circle of fire. Time to move. What the hell had I been thinking? I leaped over the flames to land beside the beggar girl. I took the hand she offered, and though I only haltingly knew the steps, I stepped left with the music, expecting her to circle and step right. What are you doing you nimrod? she asked. Aren't we going to dance now? I asked surprised. Guards! screamed the King. Security! Get them! Arrest them! Taser them! No, we are going to run for our lives now, she informed me gravely. Hands clasped, we ran for the exit.

*My Mom Has Two Jobs* Michelle Travis, 2018-07-15 Children explore how their mothers have careers but also have the job of taking care of them.

**(A)Typical Woman** Abigail Dodds, 2019-01-17 A Woman Through and Through In a culture that can belittle womanhood on the one hand—making it irrelevant—and glorify it on the other—making it everything—it's hard to know what it really means to be a woman. But when we understand womanhood through the lens of Scripture, we see that we need a bigger category for what God has called "woman." This book breathes fresh air into our womanhood, reminding us what life in Christ—as a woman—looks like. When we see that we are women in all we do, we can be at peace with how God has created us, recognizing womanhood as an essential part of Christ's mission and work.

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half

his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**The Tipping Point** Malcolm Gladwell,2006-11-01 From the bestselling author of *The Bomber Mafia*: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. "A wonderful page-turner about a fascinating idea that should affect the way every thinking person looks at the world." —Michael Lewis

*Inverted Prism of Consciousness* Irtimeid Kuoil, 2015-05-06  
Brush with Horizons Scientists daydream of higher dimensions— Some find these visions exceedingly bright I fall for something not half as pretentious— Thrill of untethered, free, blind flight I crave not snowstorm bursting from cloud Nor dread thick fog that sneaks up on the sly— But flight over water where stars on the ground Brightly reflect limpid stars of the sky Thin razor blade of far, murky horizon Lost in profusion of stalled fireflies May be diagonal, may be up-rising May be redundant, for all that implies Stars, whirling round in dark midnight's embraces— Am, starkly airborne, swept with delight What end awaits me—breaking the surface Grasping the void or awaking in fright? All these don't matter in moment's delusion But for a feeling—like faint, distant scream That, when they find me, my wrists will be oozing— Torn on sharp edges of prodigal dream
