Everything's Trash, But It's Okay Phoebe Robinson,2019-10-15 DON'T MISS PHOEBE ROBINSON'S COMEDY SERIES EVERYTHING'S TRASH—NOW ON FREEFORM! New York Times bestselling author and star of 2 Dope Queens Phoebe Robinson is back with a new, hilarious, and timely essay collection on gender, race, dating, and the dumpster fire that is our world. Wouldn't it be great if life came with instructions? Of course, but like access to Michael B. Jordan's house, none of us are getting any. Thankfully, Phoebe Robinson is ready to share everything she has experienced to prove that if you can laugh at her topsy-turvy life, you can laugh at your own. Written in her trademark unfiltered and witty style, Robinson's latest collection is a call to arms. Outfitted with on-point pop culture references, these essays tackle a wide range of topics: giving feminism a tough-love talk on intersectionality, telling society's beauty standards to kick rocks, and calling foul on our culture's obsession with work. Robinson also gets personal, exploring money problems she's hidden from her parents, how dating is mainly a warmed-over bowl of hot mess, and definitely most important, meeting Bono not once, but twice. She's struggled with being a woman with a political mind and a woman with an ever-changing jeans size. She knows about trash because she sees it every day--and because she's seen roughly one hundred thousand hours of reality TV and zero hours of Schindler's List. With the intimate voice of a new best friend, Everything's Trash, But It's Okay is a candid perspective for a generation that has had the rug pulled out from under it too many times to count.

Wonderfall Michael Hall,2016-09-06 This beautiful and informative picture book follows a single tree through the fall season, from the end of summer to winter's first snowfall. A great read-aloud for home and the classroom by the New York Times-bestselling creator of My Heart Is Like a Zoo and Red: A Crayon's Story. Wonderfall follows a single tree through the

changing of the seasons. People, animals, and vehicles pass in front of the tree, celebrating holidays, playing in its leaves, and getting ready for winter. Fifteen combined words (thankful + fall = thankFALL, plentiful + fall = plentiFALL) underscore the themes and concepts of the season, while the main attraction—the beautiful tree—drops acorns, loses leaves, and provides food and a home for a pair of scurrying squirrels. Two full spreads at the back of the book offer additional information about the animals featured in the book, as well as the science behind squirrels, acorns, and saplings.

He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.
