Understanding Landlord-Tenant Lease Agreements, 2016 For landlords and tenants alike, the first step before engaging in any lease agreement is to evaluate their respective goals and the material terms and conditions of the commercial or residential lease. Coupled with this analysis must be a complete assessment of one's willingness to enter into the agreement with this specific partner -- as well as a thorough review of one's leverage and willingness to walk away from the deal. As the authors in this book demonstrate, these fundamental aspects of landlord-tenant lease agreements mark the underpinnings for the negotiations that follow by identifying the key components of the landlord-tenant relationship; by clearly stating the rights and obligations of both landlord and tenant; any by thoroughly understanding the state and federal laws that guide the agreement's provisions. -- Back cover.
