Worry-Free Money Shannon Lee Simmons, 2017-12-19 NATIONAL BESTSELLER A fresh way to think about your money. David Chilton, author of *The Wealthy Barber* Stop budgeting. Start living. Managing your money can be frustrating and confusing. Life is expensive. Whether you make \$30,000 or \$130,000 a year, it can feel like you're constantly broke. Can you afford that new car, that vacation, that night out? You think so, but it feels impossible to know. And rigid budgets that force you to spend your money in unrealistic ways (like \$9.50 per week for pants) don't make things any clearer. But what if there was a new way to manage your money? One that left you certain you had your bases covered—both for your monthly bills and your future retirement—and then let you enjoy your money by spending it. (Yes, really.) Enter Shannon Lee Simmons, a fresh voice in the world of personal finance, one who understands the new and very real pressures to survive modern life and keep up in the age of social media. Shannon doesn't lecture, judge or patronize. The founder of the wildly popular New School of Finance, Shannon recognized that most of her thousands of financial planning clients felt broke, no matter what their income. And feeling broke can be as bad as actually being broke, because it leads to overspending and misery. So she came up with a new plan: *Worry-Free Money*. *Worry-Free Money* takes a fresh approach to finances, looking at the root cause of the pressure to spend and showing why traditional budgets don't work. It is a deeply practical book that will help you break the cycle of guilt, understand why you overspend, banish unhappy spending from your life, learn to recognize your f*ck it moments and find hope—and fun—in getting your money under control.

How To Be Your Own Finance Planner in 10 Steps Manish Chauhan ,2013-10-01 By the time you complete this book, your financial life will have taken new shape! You will have worked on 10 different areas of your financial life, in the same way a financial planner works with you. The book has the ability to guide you on how to plan the 10 most important areas of

your financial life. There are two types of investors in India: those who plan their financial life and those who plan nothing and just let their financial live move with the flow. The second group is extremely large, and this book is targeted at this group. Many investors who are DIY (Do It Yourself) investors can use this book to plan their financial life and be their own financial planners at some basic level. The book has the 3 elements of education, planning and action items all packed into one. Written for the common person, in simple language, the book deals with the most important financial worries and questions. Manish Chauhan s first book 16 Personal Finance Principles Every Investor Should Know was a great hit and well received by readers. The previous book taught investors the basics of personal finance. This book is a natural progression of that concept where you focus on actions and completing things in your financial life. The book is free from technical jargon yet has strong content, which is currently missing in the personal finance space. Grab your copy right now and give a new power to your financial life.
