*Why I Love Homeschooling* Mary Jo Tate, Tina Nahid, Kathy Oaks, 2020-07-04 Because of the COVID-19 pandemic, millions of families worldwide have been thrust into schooling remotely at home. Some parents look forward to sending their kids back to school, but others have found they prefer schooling at home. They've noticed things like, My child has learned more at home with me in the last 2 months than in the past 2 years at school! Or, I kind of like spending so much time with my kids and learning alongside them. Many parents are considering continuing homeschooling beyond the pandemic, and this book is here to help them make an informed decision about their children's education. Homeschooling is not about trying to reproduce a school environment at home. It's not hours and hours sitting at a desk with a parent or in front of an online class. Homeschooling is about creating an environment outside of the school structure that fosters a love of learning, creativity, family closeness, and flexibility. There is no one size that fits all in homeschooling; every family is different, and approaches homeschooling and parenting in their own unique way. In this book, 24 seasoned homeschooling families share their experiences. The authors include both religious and secular homeschooling parents from all walks of life. They represent a variety of homeschooling styles (from self-directed learning/unschooling to more formal approaches), abilities and disabilities, marital statuses, educational achievements, job statuses, races, and socioeconomic levels. The authors have children of all ages, from babies, preschoolers, and kindergarteners, to students in elementary school, middle school, or high school. And some have children who are now adults. They discuss what they love about homeschooling and also the challenges they've overcome. We hope that this book will inspire and encourage those who are considering homeschooling, as well as those who are already on their homeschooling journey. And we hope it will expand your ideas about the concept of education, and what's possible for yourselves and your children.

*Jennie's Hat* Ezra Jack Keats, 2003-04-28 Jennie's favorite aunt is sending her a new hat, and Jennie is sure it will be beautiful. But when the box arrives, the hat inside is very plain. She had imagined a wonderful hat with big colorful flowers

and even tries to make her own hat from a straw basket! Jennie is almost ready to give up on her dream when she receives a fanciful surprise from some very special friends. Ezra Jack Keats's timelessly charming illustrations will leave readers wishing for a dream hat of their own.

**Guyku** Bob Raczka,2010-10-04 The wind and I play tug-of-war with my new kite. The wind is winning. When you're a guy, nature is one big playground—no matter what the season. There are puddles to splash in the spring, pine trees to climb in the summer, maple seeds to catch in the fall, and icicles to swordfight with in the winter. Nature also has a way of making a guy appreciate important stuff—like how many rocks it takes to dam up a stream, or how much snow equals a day off from school. So what kind of poetry best captures these special moments, at a length that lets guys get right back to tree-climbing and kite-flying? Why, guyku, of course!

*The Radical Reader* Timothy McCarthy,John McMillian,2011-05-10 Radicalism is as American as apple pie. One can scarcely imagine what American society would look like without the abolitionists, feminists, socialists, union organizers, civil-rights workers, gay and lesbian activists, and environmentalists who have fought stubbornly to breathe life into the promises of freedom and equality that lie at the heart of American democracy. The first anthology of its kind, *The Radical Reader*

brings together more than 200 primary documents in a comprehensive collection of the writings of America's native radical tradition. Spanning the time from the colonial period to the twenty-first century, the documents have been drawn from a wealth of sources—speeches, manifestos, newspaper editorials, literature, pamphlets, and private letters. From Thomas Paine's "Common Sense" to Kate Millett's "Sexual Politics," these are the documents that sparked, guided, and distilled the most influential movements in American history. Brief introductory essays by the editors provide a rich biographical and historical context for each selection included.

The book traces the history of African Americans in Tulsa's Greenwood district and chronicles the devastation that occurred in 1921 when a white mob attacked the Black community. Three Lines in a Circle Michael G. Long,2021-08-31 One line straight down. One line to the right. One line to the left, then a circle. That was all—just three lines in a circle. This bold picture book tells the story of the peace symbol—designed in 1958 by a London activist protesting nuclear weapons—and how it inspired people all over the world. Depicting the symbol's travels from peace marches and liberation movements to the end of apartheid and the fall of the Berlin Wall, *Three Lines in a Circle* offers a message of inspiration to today's children and adults who are working to create social change. An author’s note provides historical background and a time line of late twentieth-century peace movements.
