

# Free Printable Editable Business Cards

**Lynella Grant**

**Creative Business Cards** Carmen Fong, Shantell Chen, 2014 Business cards are a statement of identity. Capable of conveying much more than contact information, they represent the creativity or style of a company in a very portable format. As an historical artifact in the digital age, they are constantly in danger of obsolescence and only those that truly stand out are memorable. One way to achieve the note

*The Little Book of Business Cards* David E. Carter, 2005-04-26 The business card has taken on a new level of importance in recent years. In an age where the business letter has been replaced by email, the personal contact evoked by a business card is more crucial than ever. Your card is often the one item taken away from a meeting, defining how people view your business long after any face-to-face meeting has faded from memory. Whether you're a businessperson trying to develop your own letterhead set or a graphic designer trying to come up with that next great idea, your challenge is to communicate the look and feel of your company in the space your card and letterhead allows. The Little Book of Business Cards presents an unparalleled source of inspiration. In these pages, David E. Carter has gathered more than 260 representative examples of effective business cards and matching letterhead sets. Learn how to get the most from your choice of fonts, color, size, layouts, and logos -- and even what to do when you don't have a logo! As an extra bonus feature, David E. Carter provides informative and instructional annotations to the featured business cards -- valuable lessons for you to apply to your own designs. With *The Little Book of Business Cards* in your library, you'll be sure to have a business-building design in no time.

**Business Cards**, 2010

Microsoft Office 2003 in 10 Simple Steps or Less Michael Desmond, 2003-11-10 If you are looking to perform specific activities in Microsoft Office 2003 fast, then this book is for you-whether you're new to Microsoft Office or you're just upgrading to the 2003 version. This comprehensive guide delivers the answers you need with clear, easy-to-follow instructions for more than 250 key Microsoft Office 2003 tasks that cover everything from adding formulas in Excel to managing contacts in Outlook to graphing data and building presentations. Each task is presented in ten quick steps-or less-on easy-to-navigate pages, with lots of screen shots and to-the-point directions to guide you through every common (and not so common) Microsoft Office 2003 challenge-and help you get more done in less time. \* Each solution is ten steps-or less-to help you get the job done fast \* Self-contained two-page spreads deliver the answers you need-without flipping pages \* A no-

fluff approach focuses on helping you achieve results \* A resource packed with useful and fun ways to get the most out of Microsoft Office 2003

**Dare to Lead** Brené Brown, 2018-10-09 #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

Great TED Talks: Creativity Tom May, 2021-06-10 This unofficial compilation reviews the 100 best TED talks about creativity from great minds worldwide. Pioneers of Digital Mel Carson,Paul Springer,2012-10-03 Pioneers of Digital showcases the stories behind key people who have fundamentally influenced the way advertising, marketing, search and social media have evolved during the internet era. Springer and Carson have tracked down and documented behind-the-scenes insight, decisions and opinions that inspired digital phenomena such as Virtual Reality, Dove's Real Beauty campaign, Obama's 2008 presidential campaign, celebrity take-up of Twitter and Artists Without a Label, a free digital music distribution service for independent artists. The 20 digital entrepreneurs profiled span the globe; some performed their ground-breaking work in environments like Google, Facebook, Microsoft, Victors & Spoils, OgilvyOne, R/GA, AKQA, Sapient Nitro and Apple, while others performed digital miracles all on their own. Together these stories expose the secrets of success from pioneers that everyone can learn from. Packed full of unique insight, Pioneers of Digital provides advice and inspiration for readers interested in twenty-first century commercial online thinking. *Power Cards* Elisa Gagnon,2002 This step-by-step book shows parents and educators how to help change an unwanted or inappropriate behavior by capitalizing on the special interests that characterize children and youth with AS. A brief, motivational text related to the child's special interest or a highly admired person is combined with an illustration and made into a bookmark- or business card-sized POWER CARD that the youth can refer to whenever necessary. For younger children the special interest or hero is worked into a brief story.
