Adult ADHD-Focused Couple Therapy breaks new ground in explaining and suggesting approaches for treating the range of challenges that ADHD can create within a most important and delicate relationship: the intimate couple. With the help of contributors who are experts in their specialties, Pera and Robin provide the clinician with a step-by-step, nuts-and-bolts approach to help couples enhance their relationship and improve domestic cooperation. This comprehensive guide includes psychoeducation, medication guidelines, cognitive interventions, co-parenting techniques, habit change and communication strategies, and ADHD-specific clinical suggestions around sexuality, money, and cyber-addictions. More than twenty detailed case studies provide real-life examples of ways to implement the interventions.

**Eight Dates** John Gottman, Julie Schwartz Gottman, Doug Abrams, Rachel Carlton Abrams, 2019-02-05 Whether you’re newly together and eager to make it work or a longtime couple looking to strengthen and deepen your bond, *Eight Dates* offers a program of how, why, and when to have eight basic conversations with your partner that can result in a lifetime of love. “Happily ever after” is not by chance, it’s by choice— the choice each person in a relationship makes to remain open, remain curious, and, most of all, to keep talking to one another. From award-winning marriage researcher and bestselling author Dr. John Gottman and fellow researcher Julie Gottman, *Eight Dates* offers an ingenious and simple-to-implement approach to effective relationship communication. Here are the subjects that every serious couple should discuss: Trust. Family. Sex and intimacy. Dealing with conflict. Work and money. Dreams, and more. And here is how to talk about them—how to broach subjects that are difficult or embarrassing, how to be brave enough to say what you really feel. There are also suggestions for where and when to go on each date—book your favorite romantic restaurant for the Sex & Intimacy conversation (and maybe go to a yoga or dance class beforehand). There are questionnaires, innovative exercises, real-life case studies, and skills to master, including the Four Skills of Intimate Conversation and the Art of Listening. Because making love last is not about having a certain feeling—it’s about both of you being active and involved.

**Imago Relationship Therapy** Mo Therese Hannah, 2005-03-11 Imago Relationship Therapy It's been more than three decades since Harville Hendrix and Helen LaKelly Hunt—the best-selling authors of *Getting the Love You Want* and *Keeping the Love You Find*—created Imago Relationship Therapy. Their concept of the conscious marriage introduced a new paradigm for understanding the dynamics of couples. Since that time more than two thousand clinicians in twenty-eight countries have adopted and implemented this highly effective form of couples therapy. This groundbreaking book offers an overview of the highly successful Imago Relationship Therapy (IRT) and the relationship of IRT with preceding schools of thought such as psychoanalytic theory, family systems theories, affect theory, and self-psychology. At the heart of IRT is a

three-step process involving mirroring (reflecting) the partner's feelings, validating the partner's point of view, and expressing empathy toward the partner's feelings. Imago Relationship Therapy traces IRT's history and explosive growth and outlines the differences and similarities between Imago theory and other models of couples therapy. The book also presents some of the ideas of prominent Imago thinkers, such as the central role of connectivity and the problem of envy in committed relationships. A uniquely important book for the practitioner, which provides clinical wisdom and a rare look into the heart and soul of Imago Relationship Therapy. —Pat Love, Ed.D., author, *The Truth About Love*
