Mein Kampf Adolf Hitler,2024-02-26 Madman, tyrant, animal—history has given Adolf Hitler many names. In *Mein Kampf* (My Struggle), often called the Nazi bible, Hitler describes his life, frustrations, ideals, and dreams. Born to an impoverished couple in a small town in Austria, the young Adolf grew up with the fervent desire to become a painter. The death of his parents and outright rejection from art schools in Vienna forced him into underpaid work as a laborer. During the First World War, Hitler served in the infantry and was decorated for bravery. After the war, he became actively involved with socialist political groups and quickly rose to power, establishing himself as Chairman of the National Socialist German Worker's party. In 1924, Hitler led a coalition of nationalist groups in a bid to overthrow the Bavarian government in Munich. The infamous Munich Beer-hall putsch was unsuccessful, and Hitler was arrested. During the nine months he was in prison, an embittered and frustrated Hitler dictated a personal manifesto to his loyal follower Rudolph Hess. He vented his sentiments against

communism and the Jewish people in this document, which was to become *Mein Kampf*, the controversial book that is seen as the blue-print for Hitler's political and military campaign. In *Mein Kampf*, Hitler describes his strategy for rebuilding Germany and conquering Europe. It is a glimpse into the mind of a man who destabilized world peace and pursued the genocide now known as the Holocaust.

Will they be able to set aside their past in order to save the future?

Diecraft Shane Windham,2014-08-12 From the mind which brought you *Table Games*, *Humans Against Everything*, *Pinions*, and many more timeless gaming experiences comes *Diecraft*; a labor of love for fans of both *Minecraft* and the role-playing genre in general. With a lower learning curve and clearer objectives than the majority of RPG's currently on the market, *Diecraft* sets out to give users an addictive experience that can be enjoyed by almost anyone. Games which have typically taken entire nights to play can now be enjoyed in a matter of hours. Your characters will level up from one game to the next, their objectives (as well as their starting points) will often change, and the path to winning is unlikely to ever be the same. If you've tried other RPG's and love their basic premise, but sometimes wish for something with more of the focus on destination than it tends to be on dialogue, then this game may just be the one for you. And if you like fun reasons to roll dice, then this game is definitely the one for you! Please note that this product is a guide book more than it is a complete game. The product in question does not include all things required to play *Diecraft*; namely a set of polyhedral dice, various printed materials, and pencils. What this book aims to do is provide the foundation one would need to play *Diecraft* once they had the aforementioned gaming essentials.
