**RVs & Campers For Dummies** Christopher Hodapp,Alice Von Kannon,2021-06-29 Make yourself at home on the road Live down by the beach one week and way up in the mountains the next? It sounds like an impossible dream, but motor-homers do it all the time. Whatever draws you to the mobile life—adventurous domestic vacations or permanently itchy feet—RVs & Campers For Dummies helps you feel right at home. The book explores the key aspects of glamping-with-wheels. Discover how it's possible to bring beauty spots right to your doorstep without sacrificing domestic comforts like a comfy bed, private bathroom, and wholesome, healthy home cooking! In a down-home, friendly style, mobile-living veterans and husband-and-wife team Christopher Hodapp and Alice Von Kannon welcome you inside to discover everything from deciding to rent or buy the vehicle that best suits your needs to planning and prepping your first journey and then setting yourself up wherever you arrive at the perfect spot. Along the way you'll learn how to adapt your driving skills to pilot your home on the road, as well as how to keep every aspect of it shipshape and ready for action. Explore your RV and camper options Stock up with the right supplies Get a snapshot of the mobile home lifestyle Troubleshoot common problems Getting there is half the fun—and this guide shows you how to do it safely and in style. So, buckle up (or relax in the back) ... it's going to be a wild but incredibly comfortable ride!

The Complete Guide to Renting an RV Jeff Wildrick,2020-09-15 FROM THE INTRODUCTION: So you're thinking about renting an RV. Congratulations! The allure of RVing is almost intoxicating. The freedom of the open road. The dream of seeing America from ground level, and enjoying all of the majesty and quirkiness you encounter along the way. The excitement of campfires, roadside picnics, and getting close to nature. The opportunity to spend quality time with your family away from work, school, and the siren call of chores you need to do around the house. RVing holds the promise of one of your most relaxing or exciting vacations of all time. But then you remember those movies you've seen, such as RV starring Robin Williams, and a certain level of doubt or fear starts to creep in. Will we all be able to get along together in such a small space? (Or will I be safe on the road alone?) How do I choose the right RV to rent? How do I find it? Where will we go? How do I drive that thing? What about the poop! For a vacation that's all about life's simple pleasures, the challenge of renting and planning an RV vacation can be daunting. I should know. I've been there! The first time we rented an RV, I was overwhelmed by the number of choices I had to make before we even left home. What did I need to know about the many different kinds of

motorhomes available for rent? How would we find places to stay at night that brought smiles instead of grimaces? And I'd never driven anything larger than a minivan! So I began to research anything and everything I could think of about RVing. Frankly, my family accused me of being obsessed. Dad, you're not reading about RVs again! But I was determined to give my family (and myself) the very best RV vacation possible. It must have worked, because after that first RV trip in Arizona, even my most cynical teenage daughter said, That was the best vacation EVER. When can we do it again? What I quickly learned when planning an RV vacation was that there is a lot of information out there. That was an exciting discovery. On the other hand, there's really no one place you can go to learn all that you need to know about planning the best RV vacation for your family, your vacation, and your needs. My goal here is to bring it all together to give you the benefit of my research, mistakes, and discoveries. Many different kinds of RVs are available to fit a wide variety of needs. For the purposes of this book, when I use the term RV I'll be referring to a self-contained motorhome—one vehicle that contains both living space and an engine to drive it around. (The other kinds of RVs are travel trailers and fifth wheels, which are towed behind a pickup truck or large car. Most of this book will still be relevant, except for some of the discussion about selecting a motorhome.) This book is a step-by-step guide to planning and enjoying the best possible RV rental vacation. Whether you've rented before, or you're true first-timer, you'll find the information you need to have the kind of vacation that leaves you and your family asking for more. Happy travels!
