*Print and Email Newsletter Templates That Work* Brian Conwell, 2021-02-14 A weekly newsletter, in email or print, is an important component of effective marketing and branding. Ignoring them can restrict brands from growth. About 90% of the larger companies that consult with me on their newsletters get SUPER STRESSED about the visual layout of their newsletter.

That's because many marketers forget that in a newsletter, there's the art of writing and the art of selling. To write a great newsletter, you have to know how to combine both. If you keep hard-selling people all the time, your newsletter will either get trashed or unsubscribed too quickly. It has to serve some inherent value to stay around for a long time! Value can mean many things: Entertainment value (a newsletter they sign up for entertainment). Educational value (a newsletter they sign up to for learning something). Notification value (a newsletter they sign up to for hearing about events, or deals, or news). Preferably your newsletter does all of the above over time. This is a great way to ensure people look forward to your newsletter, and will follow you (or your business) on any medium. Whether you're building a mailing list, want to grow an existing one, or simply want to raise your email game, PRINT AND EMAIL NEWSLETTER TEMPLATES THAT WORK is bite-sized into chapters to help you produce a professional and profitable newsletter that your subscribers will love to read.

How to Not Die Alone Logan Ury, 2021-02-02 A “must-read” (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, “Why has everyone found love except me?” You’re not the only one. Great relationships don’t just appear in our lives—they’re the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn’t lead to results. You have to actually change your behavior. Ury shows you how. This “simple-to-use guide” (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You’ll learn: -What’s holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn’t) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) - Why “the spark” is a myth (but you’ll find love anyway) This “data-driven” (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams.
