Fair Play Eve Rodsky, 2021-01-05 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the “shefault” parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's

important to your family and who should take the lead on every chore, from laundry to homework to dinner. “Winning” this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.

Colonial Trauma Karima Lazali,2021-01-22 Colonial Trauma is a path-breaking account of the psychosocial effects of colonial domination. Following the work of Frantz Fanon, Lazali draws on historical materials as well as her own clinical experience as a psychoanalyst to shed new light on the ways in which the history of colonization leaves its traces on

contemporary postcolonial selves. Lazali found that many of her patients experienced difficulties that can only be explained as the effects of “colonial trauma” dating from the French colonization of Algeria and the postcolonial period. Many French feel weighed down by a colonial history that they are aware of but which they have not experienced directly. Many Algerians are traumatized by the way that the French colonial state imposed new names on people and the land, thereby severing the links with community, history, and genealogy and contributing to feelings of loss, abandonment, and injustice. Only by reconstructing this history and uncovering its consequences can we understand the impact of colonization and give individuals the tools to come to terms with their past. By demonstrating the power of psychoanalysis to illuminate the subjective dimension of colonial domination, this book will be of great interest to anyone concerned with the long-term consequences of colonization and its aftermath.
