The Google Resume Gayle Laakmann McDowell, 2011-01-25 The Google Resume is the only book available on how to win a coveted spot at Google, Microsoft, Apple, or other top tech firms. Gayle Laakmann McDowell worked in Google Engineering for three years, where she served on the hiring committee and interviewed over 120 candidates. She interned for Microsoft and Apple, and interviewed with and received offers from ten tech firms. If you're a student, you'll learn what to study and how to prepare while in school, as well as what career paths to consider. If you're a job seeker, you'll get an edge on your competition by learning about hiring procedures and making yourself stand out from other candidates. Covers key concerns like what to major in, which extra-curriculars and other experiences look good, how to apply, how to design and tailor your resume, how to prepare for and excel in the interview, and much more. Author was on Google's hiring committee; interned at Microsoft and Apple; has received job offers from more than 10 tech firms; and runs CareerCup.com, a site devoted to tech jobs. Get the only comprehensive guide to working at some of America's most dynamic, innovative, and well-paying tech companies with The Google Resume.

Cracking the Tech Career Gayle Laakmann McDowell, 2014-09-15 Become the applicant Google can't turn down. Cracking the Tech Career is the job seeker's guide to landing a coveted position at one of the top tech firms. A follow-up to The Google Resume, this book provides new information on what these companies want, and how to show them you have what it takes to succeed in the role. Early planners will learn what to study, and established professionals will discover how to make their skillset and experience set them apart from the crowd. Author Gayle Laakmann McDowell worked in engineering at Google, and interviewed over 120 candidates as a member of the hiring committee - in this book, she shares her perspectives on what works and what doesn't, what makes you desirable, and what gets your resume saved or deleted. Apple, Microsoft, and Google are the coveted companies in the current job market. They field hundreds of resumes every day, and have their pick of the cream of the crop when it comes to selecting new hires. If you think the right alma mater is all it takes, you need to update your thinking. Top companies, especially in the tech sector, are looking for more. This book is the complete guide to becoming the candidate they just cannot turn away. Discover the career paths that run through the top tech firms. Learn how to craft the perfect resume and prepare for the interview. Find ways to make yourself stand out from the hordes of other applicants. Understand what the top companies are looking for, and how to demonstrate that you're it.

These companies need certain skillsets, but they also want a great culture fit. Grades aren't everything, experience matters, and a certain type of applicant tends to succeed. Cracking the Tech Career reveals what the hiring committee wants, and shows you how to get it.

Nursing Resume: A Job Guide for Nurses S.L. Page ,2013-11-29 Nursing Resume: A Job Guide for nurses is a complete book package to help nurses find a job. This book is short and to the point, and the entire package includes 10 premium resume templates (see inside book for a preview), 10 premium cover letter templates (they match the resume templates), a few basic traditional resume templates, and a sample resignation (or two weeks' notice) template. All templates are in .docx format and are best edited in the Microsoft Word software. If you do not have Microsoft Word, you can usually download a free trial. Google Docs may also work; however, formatting errors may occur if you use other programs other than Microsoft Word. These templates must be downloaded online using information at the end of this book. Why Do You Need a Custom Resume Template? Your resume is the very first step in getting a job. When you begin searching for a job, you'll ultimately be uploading or submitting resumes to various employers. If you turn in a poorly constructed resume—it could get tossed in the trash. You want a resume that will stand out and grab the hiring manager's attention. That's why I contracted a graphic designer to create 10 professionally designed resumes—all with nursing/healthcare themes. These resumes include all of the major sections. All you have to do is fill in your own information. They are completely customizable, and you can edit the text, add sections, or change them any way you want. You also get the 10 beautifully designed cover letters that match the resumes. You also receive a resignation template—for occasions when you need to leave your current job for a better opportunity. One resume template alone would be worth the price. However, you're going to receive all 10 professionally designed resume covers, along with cover letters and this short job guide. About the Book This book was designed to give you the information you need to strategically find a job. You'll get information on compiling your resume, tips on how and where to submit your resume, tips when sitting for an interview, tips on leaving your old job, and tips on advancing your career. This is not just a book—this is a job tune-up. The guide is short and to the point, and focuses on the information you need to start finding a job immediately. The author, S.L. Page, shares her insights into getting a job. She combines her personal experiences along with the advice of nurse managers she's spoken with through the years. What This Book Package Includes: -10 beautifully designed resume templates -10 matching cover letter templates -A resignation/two weeks' notice template - The paperback book (to help you find a job). Template Requirements Templates are in .docx format. It is best to use

Microsoft Word to edit them. Google Docs, a free alternative, may work okay—but some minor formatting errors may occur. For absolute best results, we recommend using Microsoft Word to edit the templates. Template Licensing Terms The templates may be used an unlimited number of times for your own personal use. You may not resell, redistribute, or give away for free any of the templates included with this package.

Get It Done: Write a Cover Letter Jeremy Schifeling, 2018-09-25 Want to write the perfect cover letter? But don't have time to read through a 300-page book first? Then *Get It Done* is for you. Here's why it's been a Kindle best-seller for six years in a row: 1) It's fast - The whole book takes about 30 minutes to read. 2) It's to the point - It breaks the cover letter down to 12 parts and gives you a precise template to complete for every single step. 3) It works - I developed this system while serving as a Recruiter for Teach For America. I've since taught it to MBAs as a Career Coach at the University of Michigan, leading to job offers from Apple, GE, Microsoft, Amazon, LinkedIn, and Google. And the system has even been featured in U.S. News & World Report: <http://money.usnews.com/money/careers/articles/2015/01/21/5-cover-letter-cliches-that-make-employers-cringe> So get your cover letter done today. And then get ready to land an awesome job next! What job seekers are saying... If you're anything like me, you detest writing cover letters. This is a short, concise book that will quickly spell out the steps you need to take to write a solid, well-thought out cover letter. -Rebecca This book was a a major benefit to my post-grad job search. I was struggling to portray some past experience to potential recruiters. I was hardly getting noticed and unable to land interviews; I was just another piece of paper in the deck. Jeremy's beneficial insight to the cover letter was against my traditional understanding. His direct nature and step by step guidance proved to be beneficial in my search. I was able to go through the book and develop a brand new cover letter from scratch in less than an hour. Given the price of the book and the time it takes to go through, there is absolutely no excuse why you shouldn't buy it right now and start fresh in conveying your background to your next employer. -LJ If you, like me, hate writing cover letters, then this book is for you. Before reading this book, I was not even using cover letters because I thought they didn't matter, and I didn't know what to say. I just sent as many resumes as possible to as many job postings as possible. This book changed my life. It convinced me, no doubt one of the most shameless no-cover-letter resume spammers out there, to stop and write a cover letter. Plus Schifeling lays out a series of clear quick steps that make it easy and anxiety free. -Jane E Nevins What you'll get... -A sample cover letter using the exact same approach that the author and hundreds of others have used to land jobs from Amazon to Zynga -A cover letter template that's broken down into step-by-step chunks, making it easy to apply to your own application - The definitive cover letter format that recruiters and hiring managers prefer, based on actual recruiting and hiring experience

The New Template for Recovery Portman,2010-08 The New Template for Recovery is for people who believe they have the ability to make important changes in their lives-including quitting drinking. It is designed for those who want to succeed at sobriety but want something different than, or in addition to, what standard treatment programs and AA have to offer. If you want to pursue a forward-going approach to recovery and to become excited, rather than depressed, about life without alcohol, this book may be the place for you to find the motivation, the knowledge, and the pathway to succeed. If you are drawn to the idea of an independent recovery from an alcohol use problem, know that you are not alone, and rest assured that millions of people gain lasting sobriety on their own. Indeed, an irrepressible body of research finds that many, possibly most, people in successful recovery manage to quit drinking on their own. The New Template for Recovery provides a clear and practical, self-directed guide to sobriety and a better life by the use of a template for recovery that can be crafted and followed according to each person's needs. Learn: The level of alcohol use problem that you have How to safely manage alcohol withdrawal Why you are not to blame The pros and cons of AA and standard treatment programs The psychological and physical addiction processes and effects Discover: The forward-going template model for recovery How to focus on the life-areas of recovery that are important to you Powerful relapse prevention strategies The motivation to recreate your life, your way T. Christopher Portman, Ph. D. earned his doctorate at the University of Oregon. He has directed both outpatient and inpatient treatment programs and has taught many addiction courses and seminars in the Pacific Northwest. He presently lives in Bellingham, Washington, where his practice focuses on the treatment of addictions and related mental health and relationship problems.

XSLT Cookbook Sal Mangano, 2002 Critical for converting XML documents, and extremely versatile, the XSLT language nevertheless has complexities that can be daunting. The XSLT Cookbook is a collection of hundreds of solutions to problems that Extensible Stylesheet Language Transformations (XSLT) developers regularly face. The recipes range from simple string-manipulation and mathematical processing to more complex topics like extending XSLT, testing and debugging XSLT stylesheets, and graphics creation with SVG. Recipes can be run directly or tweaked to fit your particular application's needs more precisely. Each recipe walks through a problem and a solution, with explanations of the choices made and techniques used in creating that solution, and many recipes include alternate solutions and explore issues like convenience and performance. Topics covered include: String manipulation Mathematical processing Date and time handling Interactions between calendar systems Selecting content in source documents Efficient tree-manipulation Conversions from XML to plain text Tweaking XML documents with stylesheets Using XSLT to query XML documents Generating HTML with XSLT Creating charts and graphs with SVG and XSLT Generating C and XSLT code using XSLT Processing Visio documents in XSLT Working with XML Topic Maps (XTM) Using XSLT to create SOAP documentation from WSDL Extending XSLT with additional functions Embedding XSLT in other processing Testing and debugging XSLT stylesheets Creating generic XSLT processors which work on many XML vocabularies The XSLT Cookbook provides an ideal companion both for developers still figuring out XSLT's template-based approach who want to learn by example, and for developers who know XSLT and want a collection of quickly reusable recipes. XSLT frequently offers a number of ways to perform a transformation, and the best solution may not always be the most straightforward. The recipes in this Cookbook demonstrate and explain XSLT's template-

based logic, a frequent stumbling block for developers new to XSLT. Among the variety of XSLT books now available, none has the explicit solution-oriented approach of this Cookbook.

Template-based Management Uwe G. Seebacher,2020-10-29 The Template-based management (TBM) approach has been used since 2003 across the world in diverse contexts. It has evolved hand-in-hand with the evolution of business: Agile, Blueprints, Canvas, Design Thinking, or Kanban are only few of the many current concepts based on the approach. This book expands and upgrades the author's 2003 book 'Template-driven Consulting' (Springer) by tracing this evolution and offering the current state-of-the-art to practitioners. TBM combines structure and method: pre-structuring diverse processes, it helps to present complex activities and procedures in a simple, clear, and transparent manner and then implement them. The use of TBM ranges from conception or creative work in agencies to designing organizations and strategies, planning and monitoring initiatives and projects, to innovation management and optimizing cost structures, processes, or entire

departments and divisions. The book also demonstrates how successful organizations use TBM to methodically and structurally apply the internal know-how in a cost and time-optimal way for attaining sustainable business success. Readers will learn to apply and use TBM, identify its importance, and benefit from a variety of case studies that illustrate the application and use for the entire business and management practice.
