**Post Memes** Daniel Bristow, Alfie Bown, 2019 Art-form, send-up, farce, ironic disarticulation, pastiche, propaganda, trololololol, mode of critique, mode of production, means of politicisation, even of subjectivation - memes are the inner currency of the internet's circulatory system. Independent of any one set value, memes are famously the mode of conveyance for the alt-right, the irony left, and the apoliticos alike, and they are impervious to many economic valuations: the attempts made in co-opting their discourse in advertising and big business have made little headway, and have usually been derailed by retaliative meming. POST MEMES: SEIZING THE MEMES OF PRODUCTION takes advantage of the meme's subversive adaptability and ripeness for a focused, in-depth study. Pulling together the interrogative forces of a raft of thinkers at the forefront of tech theory and media dissection, this collection of essays paves a way to articulating the semiotic fabric of the early 21st century's most prevalent means of content posting, and aims at the very seizing of the memes of production for the imagining and creation of new political horizons. With contributions from Scott and McKenzie Wark, Patricia Reed, Jay Owens, Thomas Hobson and Kaajal Modi, Dominic Pettman, Bogna M. Konior, and Eric Wilson, among others, this essay volume offers the freshest approaches available in the field of memes studies and inaugurates a new kind of writing about the newest manifestations of the written online. The book aims to become the go-to resource for all students and scholars of memes, and will be of the utmost interest to anyone interested in the internet's most viral phenomenon. **Let's Pretend This Never Happened** Jenny Lawson, 2013-03-05 The #1 New York Times bestselling (mostly true)

memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let’s Pretend This Never Happened*, Lawson’s long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. *The Shooting Star* Shivya Nath, 2018-09-14 Shivya Nath quit her corporate job at age twenty-three to travel the world. She gave up her home and the need for a permanent address, sold most of her possessions and embarked on a nomadic journey that has taken her everywhere from remote Himalayan villages to the Amazon rainforests of Ecuador. Along the way, she lived with an indigenous Mayan community in Guatemala, hiked alone in the Ecuadorian Andes, got mugged in Costa Rica, swam across the border from Costa Rica to Panama, slept under a meteor shower in the cracked salt desert of Gujarat and learnt to conquer her deepest fears. With its vivid descriptions, cinematic landscapes, moving encounters and uplifting adventures, *The Shooting Star* is a travel memoir that maps not just the world but the human spirit.

**The Dark Lord Trilogy: Star Wars Legends** James Luceno, Matthew Stover, 2008-08-26 For the first time in one thrilling volume, three novels—*Labyrinth of Evil*, *Revenge of the Sith*, and *Dark Lord: The Rise of Darth Vader*—that follow an epic chain of events: the last days of the Republic, the creation of the Empire, and the ultimate transformation of Jedi Anakin Skywalker into the notorious Darth Vader. On the planet Neimoidia, Jedi Knights Obi-Wan Kenobi and Anakin Skywalker

seize an unexpected prize: intelligence capable of leading the Republic forces to the ever-elusive Darth Sidious, who is ruthlessly orchestrating a campaign to divide and overwhelm the Jedi forces. As combat escalates across the galaxy, and Darth Sidious remains one step ahead of his pursuers, the stage is set for an explosive endgame. Tormented by unspeakable visions, Anakin edges closer to the brink of a galaxy-shaping decision, while Darth Sidious plots to strike the final staggering blow against the Republic—and to ordain a fearsome new Sith Lord: Darth Vader. Once the most powerful Knight ever known to the Jedi Order, Anakin becomes Darth Vader, a disciple of the dark side, a lord of the dreaded Sith, and the avenging right hand of the galaxy's ruthless new Emperor. As a few surviving Jedi lead a charge on a Separatist stronghold, the deadliest threat still rests in the swift and lethal crimson lightsaber of Darth Vader—behind whose brooding mask lies a shattered heart, a poisoned soul, and a cunning, twisted mind hell-bent on vengeance. For the handful of scattered Jedi hunted across space, survival is imperative if the light side of the Force is to be protected and the galaxy reclaimed. LABYRINTH OF EVIL by James Luceno REVENGE OF THE SITH by Matthew Stover, based on the story and screenplay by George Lucas DARK LORD The Rise of Darth Vader by James Luceno

*American Film Cycles* Amanda Ann Klein, 2011-12-01 A series of movies that share images, characters, settings, plots, or themes, film cycles have been an industrial strategy since the beginning of cinema. While some have viewed them as subgenres, mini-genres, or nascent film genres, Amanda Ann Klein argues that film cycles are an entity in their own right and a subject worthy of their own study. She posits that film cycles retain the marks of their historical, economic, and generic contexts and therefore can reveal much about the state of contemporary politics, prevalent social ideologies, aesthetic trends, popular desires, and anxieties. *American Film Cycles* presents a series of case studies of successful film cycles, including the melodramatic gangster films of the 1920s, the 1930s Dead End Kids cycle, the 1950s juvenile delinquent teenpic cycle, and the 1990s ghetto action cycle. Klein situates these films in several historical trajectories—the Progressive movement of the 1910s and 1920s, the beginnings of America's involvement in World War II, the birth of the teenager in the 1950s, and the drug and gangbanger crises of the early 1990s. She shows how filmmakers, audiences, film reviewers, advertisements, and cultural discourses interact with and have an impact on the film texts. Her findings illustrate the utility of the film cycle in broadening our understanding of established film genres, articulating and building upon beliefs about contemporary social problems, shaping and disseminating deviant subcultures, and exploiting and reflecting upon racial and political upheaval.

*MaleWife* Cissy Harrison,2018-01-20 From the novel: Women are inherently superior to men and they, not men, have the sensitivity, humanity, and intelligence to rule the home, the country, and the world. But they must first take charge of the men. It is time for the women to have their harems, their maids, their house-husbands, their slaves; it is absurd that women, who are sexually as well as psychologically superior to men, should be expected to be content with only one man, or with the same one permanently. Women have always recognized the fundamental weaknesses in men, and they have always, through subtle means, tended to dominate men. But this relationship needs to 'come out of the closet' and to be recognized as the

natural order of things, an order which has been corrupted, an order which needs to be reaffirmed and reinstated if we are ever to be rid of violence and brutality in society. The characters and events in this highly explicit novel explore the idea of female supremacy and male servitude in both a domestic environment and in a training camp. 51,500 words
