Jerome M. Juska

From Texting to Teaching Jeremy Hyler, Troy Hicks, 2017-05-08 Don't blame technology for poor student grammar; instead, use technology intentionally to reach students and actually improve their writing! In this practical book, bestselling authors Jeremy Hyler and Troy Hicks reveal how digital tools and social media - a natural part of students' lives - can make grammar instruction more authentic, relevant, and effective in today's world. Topics Covered: Teaching students to code switch and differentiate between formal and informal sentence styles Using flipped lessons to teach the parts of speech and help students build their own grammar guides Enlivening vocabulary instruction with student-produced video Helping students master capitalization and punctuation in different digital contexts Each chapter contains examples, screenshots, and instructions to help you implement the ideas. With the strategies in this book, you can empower students to become better writers with the tools they already love and use daily. Additional resources and links are available on the book's companion wiki site: textingtoteaching.wikispaces.com

Online Language Education Fatemeh Nami, 2023-12-28 This book addresses the gap between Computer-Assisted Language Learning (CALL) materials development and its theoretical considerations by offering a comprehensive look into theory, practice, and research on materials development and content authoring for language instruction/practice, drawing on the author's personal experiences along with previous empirical/theoretical research in CALL materials development, content authoring, language teacher education, and e-learning. The book features four sections. In addition to highlighting related theoretical underpinnings, key concepts, linguistic-didactic functionalities and interaction scenarios in materials development, the volume will address the practical issues and considerations not only in the design, development, integration, and evaluation of the technology-enhanced materials development for language instruction but also the protection, usability, and access in authored and/or co-authored content. Furthermore, previous research findings and foci are addressed to highlight the research gaps and pedagogical implications for materials developers, policy makers, and language teachers. The book can help teachers, educators, and researchers overcome the aforementioned problem by providing a step-by-step guideline on how to effectively integrate technology and design and develop instructional materials for online language instruction and practice.

Branding For Dummies Bill Chiaravalle, Barbara Findlay Schenck, 2014-12-31 Discover how brands are created,

managed, differentiated, leveraged, and licensed Whether your business is large or small, global or local, this new edition of *Branding For Dummies* gives you the nuts and bolts to create, improve, and maintain a successful brand. It'll help you define your company's mission, the benefits and features of your products or services, what your customers and prospects already think of your brand, what qualities you want them to associate with your company, and so much more. Packed with plain-English advice and step-by-step instructions, *Branding For Dummies* covers assembling a top-notch branding team, positioning your brand, handling advertising and promotions, avoiding blunders, and keeping your brand viable, visible, and healthy. Whether you're looking to develop a logo and tagline, manage and protect your brand, launch a brand marketing plan, fix a broken brand, make customers loyal brand champions—or anything in between—*Branding For Dummies* makes it fast and easy. Includes tips and cautionary advice on social media and its impact on personal and business branding programs Covers balancing personal and business brand development References some of the major brand crises—and how to avoid making the same mistakes Shows brand marketers how to create brands that match their employers' objectives while launching their own careers If you're a business leader looking to set your brand up for the ultimate success, *Branding For Dummies* has you covered.

The Academic Teaching Librarian's Handbook Claire McGuinness,2021-01-20 The *Academic Teaching Librarian's Handbook* is a comprehensive resource for academic library professionals and LIS students looking to pursue a teaching role in their work and to develop this aspect of their professional lives in a holistic way throughout their careers. The book is built around the core ideas of reflective self-development and informed awareness of one's personal professional landscape. Through engaging with a series of exercises and reflective pauses in each chapter, readers are encouraged to reflect on their professional identity, self-image, self-efficacy and progress as they consider each of the different aspects of the teaching role. This handbook will: - provide a comprehensive resource on teaching, professional development and reflective practice for academic teaching librarians at all stages of their careers - explore the current landscape of teaching librarianship in higher education, and highlight the important developments, issues and trends that are shaping current and future practice - examine the roles and responsibilities of the academic teaching librarian in the digital era - introduce the essential areas of development, skill and knowledge that will empower current and future professionals in the role - inspire prospective and current academic teaching librarians to adopt a broad conception of the role that goes beyond the basic idea of classroom-based teaching, and provide practical tools to engage in personal development and career planning in this area. The *Academic Teaching Librarian's Handbook* is an indispensable reference, suitable for early career professionals at the start of their teaching journey, as well as mid- or late-career librarians who may have moved into leadership and managerial roles and who wish to advance their teaching role to the next level.

Web Marketing That Works Adam Franklin,Toby Jenkins,2014-03-17 Practical tips on using the web to boost your

business, no matter what business you're in Everyone in business knows they need to embrace the web, but not everyone knows how to do it or where to start. No matter what industry you're in, the web offers efficiencies and solutions for sales, marketing and customer service, and many other business functions. For businesspeople, small business owners, and marketers, *Web Marketing That Works* offers proven tactics, road-tested by the authors, and easy-to-use templates for boosting your Google search rankings, using social media to build relationships, developing an effective online marketing strategy, mastering the art of inbound marketing, and much more. Features insider advice and proven tactics for small business owners and marketers who want to tap into the power of the web Covers web strategy, execution, content marketing, and social media Includes 33 free, downloadable templates Written by the founders of Bluewire Media, one of Australia's top web marketing firms Every business, large or small, can benefit from the web. If you're not already using the web to boost your business, you're falling behind the competition. *Web Marketing That Works* shows you how to get ahead—starting right now.

The Best 90 Days Ever Hannah Isted, 2024-03-25 Let's face it: promoting your business often falls to the bottom of your to-do list. *The Best 90 Days Ever* shows you how to successfully market yourself with a series of daily 10-minute tasks that fit around the rest of your business. Stop wasting time wondering what to do, what to say and how to say it. This guide will give you a weekly theme, from email marketing and engagement to video content and batch creating, to show you how to grow your audience and increase your visibility. After 3 months you will have completed 90 powerful actions that your business will thank you for.

Dear Wendy Ann Zhao, 2024-04-16 Dear Wendy's Sophie and Jo, two aromantic and asexual college students, engage in an online feud while unknowingly becoming friends in real life, in this dual POV Young Adult contemporary debut from Ann Zhao Sophie Chi is in her first year of college (though her parents wish she'd attend a "real" university rather than a liberal arts school) and has long accepted her aroace (aromantic and asexual) identity. She knows she'll never fall in love, but she enjoys running an Instagram account that offers relationship advice to students at her school. No one except her roommate can know that she's behind the incredibly popular "Dear Wendy" account. When Joanna "Jo" Ephron (also a first-year aroace college student) created their "Sincerely Wanda" account, it wasn't at all meant to take off or be taken seriously—not like Wendy's. But now they might have a rivalry of sorts with Wendy's account? Oops. As if Jo's not busy enough having existential crises over gender identity, whether she'll ever truly be loved, and the possibility of her few friends finding The One then forgetting her! While tensions are rising online, Sophie and Jo grow closer in real life, especially once they realize their shared aroace identity and start a campus organization for other a-spec students. Will their friendship survive if they learn just who's behind the Wendy and Wanda accounts? Exploring a-spec identities, college life, and more, while perfect for fans of Alice Oseman's *Loveless*, this is ultimately a love story about two people who are not—and will not—be in love!

Multimodality and Aesthetics Elise Seip Tønnessen, Frida Forsgren, 2018-10-01 This volume explores the relationship between aesthetics and traditional multimodal communication to show how all semiotic resources, not just those situated within fine arts, have an aesthetic function. Bringing together contributions from an interdisciplinary group of researchers, the book meditates on the role of aesthetics in a broader range of semiotic resources, including urban spaces, blogs, digital scrapbooks, children's literature, music, and online learning environments. The result is a comprehensive collection of new perspectives on how communication and aesthetics enrich and complement one another when meaning is made with semiotic resources, making this key reading for students and scholars in multimodality, fine arts, education studies, and visual culture.

Content 10x Amy Woods,

Integrated Marketing Communication Jerome M. Juska, 2021-11-29 Now in its second edition, this textbook explores the continuing transformation of advertising, sales promotion, and public relations functions within the marketing discipline. The content focuses on emerging new technologies, as well as established digital and legacy media, as the reader is guided through the process of developing and implementing a comprehensive Integrated Marketing Communication plan for companies, organizations, and brands. Clear, concise, and practical, the book takes the reader through consumer, market, and competitive research; creative conceptualization; market segmentation, identification of a target audience, and brand positioning; as well as strategic decisions involving the timing, placement, and intensity of advertising, sales promotion, public relations, and brand visibility. The new edition emphasizes the importance of social media, website development, search engine optimization, mobile marketing, brand promotion events, and retail store connectivity. Updated to include more digital content with detailed international examples, this new edition adds four new chapters including Integrated Marketing Communication objectives, budgets, and metrics, legacy media planning, business-to-business marketing strategies, and innovative technologies with topics such as artificial intelligence, predictive analytics, synthetic media, virtual reality, and voice marketing. Upper-level undergraduate and postgraduate students will appreciate this lucid, up-to-date text, as will business professionals in executive education and certificate programs. Experiential learning is provided with chapter assignments and a continuity case study woven into the textbook. The second edition is also accompanied by robust online resources, including PowerPoint slides, chapter videos, lecture notes, classroom exercises, digital flash cards, test banks, an instructor resource book, and interactive templates for preparing an Integrated Marketing Communication Plan.

WordPress for Journalists LJ Filotrani, 2018-06-13 WordPress for Journalists presents an in-depth and accessible introduction to using the content management system WordPress to produce journalism today. LJ Filotrani, an experienced multimedia journalist and website editor and creator, gives readers guidance on using the wide-ranging functionality of WordPress to create news and other forms of journalistic content. Readers will find everything they need to set up both a

.com and a .org site, from naming the site and buying a domain to choosing a hosting package and keeping hackers at bay. Chapters also cover house style, how to create posts and pages, hyperlinking, embedding content, setting up widgets and sidebars and working with themes, plugins and SEO. There are sections on troubleshooting, HTML/CSS, RSS and curation, alongside advice on audience engagement and commercialisation. Chapters feature: step-by-step instructions on setting up and managing a professional website, with illustrative images throughout; comprehensive lists of the most useful apps, themes, sites and plugins; a guide to producing multimedia content online, including images, infographics, videos, podcasts and live streaming; expert interviews with professional journalists working successfully online; a glossary of terms. By bringing together real-world advice, detailed walkthroughs and practical tips and tools for best practice, WordPress for Journalists will inspire young journalists and content producers who are looking to widen their skill set and build their presence online.

Storytelling: cativando com a narrativa José Antônio Ramalho, 2023-03-01 Em um mundo de economia de atenção, a comunicação deve ser otimizada para entreter e informar. Por meio da aplicação de ferramentas e estruturas narrativas consagradas, em colaboração com tecnologias atuais, José Antônio Ramalho introduz as melhores práticas éticas para cativar a audiência e potencializar projetos profissionais ou pessoais. Ao longo deste livro abordam-se: 1) a adequação do formato da história ao público-alvo; 2) o manejo das emoções; 3) a aplicação das estruturas narrativas universalmente aceitas; 4) as habilidades de storytelling. Com uma combinação de teoria e prática, este livro evidencia o valor das narrativas autênticas, aliadas a uma postura convincente, que mudarão a sua trajetória.
