**Talent Chooses You** James Ellis, 2020-06-03 If you want your business to grow, you need to be able to rely on your ability to hire talent reliably and consistently. No talent pipeline? No growth, and no business. But your recruiting team is drowning (I asked them). They need help. Now, if you ask recruiters, they will ask for headcount. Or more technology. But more bodies and more tools won't solve the issue (though it will eat up your budget). What you need is a better strategy. And that strategy is called employer branding. Employer branding is about understanding, distilling and communicating what your company is all about in order to attract all the talent you need. That will differentiate your company as a place where people will want to work, rather than a place they land because they didn't know better. If you've heard about employer branding in business magazines, it might seem like something only big companies can do. Something that requires a dedicated team, expensive platforms, or a bunch of consultants. That isn't true. If you understand where your brand comes from, and how to apply it, any company (especially yours) can hire better with it. And this book will teach you how to do all of that, and then some. In this book, you'll learn what employer branding really is, how to make a compelling argument internally to leadership that creates commitment, how to work with other teams and be creative in finding solutions. As a special bonus, we are including a handbook on how to work with recruiting teams. This hands-on workbook is chock full of examples, checklists, step-by-step instructions and even emails you can copy and paste to make things happen immediately.

**Principles of Management** David S. Bright, Anastasia H. Cortes, Eva Hartmann, 2023-05-16 Black & white print. Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.

**Agile IT Organization Design** Sriram Narayan, 2015-06-11 Design IT Organizations for Agility at Scale Aspiring digital businesses need overall IT agility, not just development team agility. In Agile IT Organization Design, IT management consultant and ThoughtWorks veteran Sriram Narayan shows how to infuse agility throughout your organization. Drawing on

more than fifteen years' experience working with enterprise clients in IT-intensive industries, he introduces an agile approach to "Business-IT Effectiveness" that is as practical as it is valuable. The author shows how structural, political, operational, and cultural facets of organization design influence overall IT agility—and how you can promote better collaboration across diverse functions, from sales and marketing to product development, and engineering to IT operations. Through real examples, he helps you evaluate and improve organization designs that enhance autonomy, mastery, and purpose: the key ingredients for a highly motivated workforce. You'll find "close range" coverage of team design, accountability, alignment, project finance, tooling, metrics, organizational norms, communication, and culture. For each, you'll gain a deeper understanding of where your organization stands, and clear direction for making improvements. Ready to optimize the performance of your IT organization or digital business? Here are practical solutions for the long term, and for right now. Govern for value over predictability Organize for responsiveness, not lowest cost Clarify accountability for outcomes and for decisions along the way Strengthen the alignment of autonomous teams Move beyond project teams to capability teams Break down tool-induced silos Choose financial practices that are free of harmful side effects Create and retain great teams despite today's "talent crunch" Reform metrics to promote (not prevent) agility Evolve culture through improvements to structure, practices, and leadership—and careful, deliberate interventions

**Hypnotic Writing** Joe Vitale, 2006-12-22 Discover the secrets of written persuasion! The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius. -Joseph Sugarman, author of Triggers I've read countless books on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible. -David Garfinkel, author of Advertising Headlines That Make You Rich I am a huge fan of Vitale and his books, and Hypnotic Writing (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, Hypnotic Writing is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period. -Bob Bly, copywriter and author of The Copywriter's Handbook I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along. -David Deutsch, author of Think Inside the Box, [www.thinkinginside.com](http://www.thinkinginside.com) Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing.

On the count of three, you're going to love it. Just watch and see. -Blair Warren, author of *The Forbidden Keys to Persuasion*

**The Millionaire Fastlane** MJ DeMarco,2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as The Slowlane your plan for creating wealth? You know how it goes; it sounds a lil something like this: Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich. The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to settle-for-less and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of do what you love will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

**An Introduction to Search Engines and Web Navigation** Mark Levene,2011-01-14 This book is a second edition, updated and expanded to explain the technologies that help us find information on the web. Search engines and web navigation tools have become ubiquitous in our day to day use of the web as an information source, a tool for commercial transactions and a social computing tool. Moreover, through the mobile web we have access to the web's services when we are on the move. This book demystifies the tools that we use when interacting with the web, and gives the reader a detailed overview of where we are and where we are going in terms of search engine and web navigation technologies.

*Start with No* Jim Camp,2011-12-07 *Start with No* offers a contrarian, counterintuitive system for negotiating any kind of

deal in any kind of situation—the purchase of a new house, a multimillion-dollar business deal, or where to take the kids for dinner. Think a win-win solution is the best way to make the deal? Think again. For years now, win-win has been the paradigm for business negotiation. But today, win-win is just the seductive mantra used by the toughest negotiators to get the other side to compromise unnecessarily, early, and often. Win-win negotiations play to your emotions and take advantage of your instinct and desire to make the deal. Start with No introduces a system of decision-based negotiation that teaches you how to understand and control these emotions. It teaches you how to ignore the siren call of the final result, which you can't really control, and how to focus instead on the activities and behavior that you can and must control in order to successfully negotiate with the pros. The best negotiators: \* aren't interested in "yes"—they prefer "no" \* never, ever rush to close, but always let the other side feel comfortable and secure \* are never needy; they take advantage of the other party's neediness \* create a "blank slate" to ensure they ask questions and listen to the answers, to make sure they have no assumptions and expectations \* always have a mission and purpose that guides their decisions \* don't send so much as an e-mail without an agenda for what they want to accomplish \* know the four "budgets" for themselves and for the other side: time, energy, money, and emotion \* never waste time with people who don't really make the decision Start with No is full of dozens of business as well as personal stories illustrating each point of the system. It will change your life as a negotiator. If you put to good use the principles and practices revealed here, you will become an immeasurably better negotiator.

*Locavesting* Amy Cortese,2011-05-04 How individuals and communities can profit from local investing In the wake of the financial crisis, investors are faced with a stark choice: entrust their hard-earned dollars to the Wall Street casino, or settle for anemic interest rates on savings, bonds, and CDs. Meanwhile, small businesses are being starved for the credit and capital they need to grow. There's got to be a better way. In *Locavesting: The Revolution in Local Investing and How to Profit from It*, Amy Cortese takes us inside the local investing movement, where solutions to some of the nation's most pressing problems are taking shape. The idea is that, by investing in local businesses, rather than faceless conglomerates, investors can earn profits while building healthy, self-reliant communities. Introduces you to the ideas and pioneers behind the local investing movement Profiles the people and communities who are putting their money to work in their own backyards and taking control of their destinies Explores innovative investment strategies, from community capital and crowdfunding to local stock exchanges With confidence in Wall Street and the government badly shaken, Americans are looking for alternatives. Local investing offers a way to rebuild our nest eggs, communities, and, just perhaps, our country.

**Balanced Scorecard Step-by-Step** Paul R. Niven,2002-10-15 This book explains how an organization can measure and manage performance with the Balanced Scorecard methodology. It provides extensive background on performance management and the Balanced Scorecard, and focuses on guiding a team through the step-by-step development and ongoing implementation of a Balanced Scorecard system. Corporations, public sector agencies, and not for profit organizations have all reaped success from the Balanced Scorecard. This book supplies detailed implementation advice that is readily applied to any and all of these organization types. Additionally, it will benefit organizations at any stage of Balanced Scorecard development. Regardless of whether you are just contemplating a Balanced Scorecard, require assistance in linking their current Scorecard to management processes, or need a review of their past measurement efforts, *Balanced Scorecard Step by Step* provides detailed advice and proven solutions.

*High-Performance Government* Robert Klitgaard,Paul C. Light,John Dumond,2005-03-24 In 2003, the National Commission on the Public Service, chaired by Paul Volcker, issued a report detailing problems within the federal government today and recommending changes in its organization, leadership, and operations. This book suggests practical ways to implement the recommendations and defines a research agenda for the future. Thirteen essays address the primary problem

areas identified by the Volcker Commission, and the commission report itself is included.

*Shift* Jeremiah Desmarais, 2017-06-09 Insurance agents and financial advisors are being taught outdated marketing and sales strategies to grow their businesses. Cold calling, seminars, online leads, networking groups and display ads are showing less returns. At the same time, according to Google, every 5 seconds someone is searching for a financial or insurance product to meet their needs, yet most agents are unaware of how to reach this growing market. *Shift* is a compilation of exclusive, rarely-before-seen techniques, strategies and best practices used right now to increase sales exponentially using digital marketing. These are not taught in magazines, books or courses today simply because most people won't share them. Jeremiah has used these concepts to train over 100,000 agents in over 51 countries including the US, Canada, Japan, Switzerland, the Caribbean and South Africa. Using his years of success stories and behind-the-scenes access to the frontlines of what's working now, Jeremiah has been part of teams that have generated over two million leads in the insurance space, leading to over \$300,000,000 in commissions paid out. He has documented the most inspiring, entertaining and duplicatable techniques his teams and front line advisors are using TODAY to SHIFT industry thinking to solve these problems.
