The Checklist Book Alexandra Franzen, 2020-01-14 Master both major and minor tasks—by going back to the basics and writing out a simple checklist. It will change your life. The checklist is one of the world’s oldest—and most effective—productivity systems. If anything, says entrepreneur Alexandra Franzen, it is just as valuable now as it was during the days of the Roman Empire, allowing us to tangibly plan our day and set in stone what we want to accomplish. There are countless apps and organizational systems promising to help us straighten out our lives, but often they only add to the madness and leave us feeling drained and overwhelmed. Learn how to:

- Choose your highest priorities
- Set realistic goals
- Celebrate tiny wins
- Feel calmer every day

By physically writing down our tasks on a single piece of paper, we force ourselves to be realistic and limit how much we can do in a day. Too often, we cram our day with tasks and chores and leave almost no space for self-care or time with loved ones. We end up disappointed in our inability to complete our never-ending to-do list. Checklists help you accomplish what needs to be done—and enjoy things you want to be doing, too. “There are thousands of books on how to become more organized and productive, but very few have the heart, soul, humor, and gentle encouragement of this book.” —Ellen Fondiler, career and business strategist

Business Plan Checklist Template Molly Elodie Rose,2020-03-02 This business book is different. Unlike every other book you'll read with titles like How To Craft The Perfect Business Plan in 89 Incredibly Simple Steps, this book is different. It's a simple How To guide for creating a Business Plan that's right for you and your business and also an easy to follow workbook. The workbook will guide you through the process you need to follow. It tells you the questions that you need to consider, the numbers you need (and how to get them), and supporting documents you need to gather. The main purpose of a business plan is to aid YOU in running YOUR business. So the workbook has been designed for you to write the information in and refer back to as needed. If you need to supply your Business Plan to another party, such as a bank if you're looking for finance, then it's simple to type up the various sections for a professional document. Running your own business is both a challenging and daunting prospect. With a well-thought-out business plan in place (anticipating the challenges you'll face AND the solutions) it will be much less daunting and much more exciting. Good luck! Molly
