Through a prescriptive approach, Dalton explains how to wade through the Internet's sea of information and create a job-search system that relies on mainstream technology such as Excel, Google, LinkedIn, and alumni databases to create a list of target employers, contact them, and then secure an interview—with only two hours of effort. Avoiding vague tips like “leverage your contacts,” Dalton tells job-hunters exactly what to do and how to do it. This empowering book focuses on the critical middle phase of the job search and helps readers bring organization to what is all too often an ineffectual and frustrating process.

Interview Intervention Andrew LaCivita,2012-03-15 If you are interviewing with a company, you are likely qualified for the job. Through the mere action of conducting the interview, the employer essentially implies this. So why is it difficult to secure the job you love? Because there are three reasons you actually get the job none of which are your qualifications and, unfortunately, you can only control one of them. *INTERVIEW INTERVENTION* creates awareness of these undetected reasons that pose difficulty for the job-seeker and permeate to the interviewer, handicapping the employers ability to secure the best talent. It teaches interview participants to use effective interpersonal communication techniques aimed at overcoming these obstacles. It guides job-seekers through the entire interview process to ensure they get hired. It teaches interviewers to extract the most relevant information to make sound hiring decisions. *INTERVIEW INTERVENTION* will become your indispensable guide to: ? Create self-awareness to ensure you understand the job you want before not after the fact. ? Conduct research to surface critical employer information. ? Share compelling stories that include the six key qualities that make them believable and memorable. ? Respond successfully to the fourteen most effective interview questions. ? Sell

yourself and gather intelligence through effective question asking. ? Close the interview to ensure the interviewer wants to hire you.
