**P4p** Mike Andes,2021-12-17 It has never been harder to find good employees. Government handouts and programs, publicly traded behemoths with an insatiable appetite for front-line staff, and a burgeoning gig-economy has made hiring extremely hard for small business owners. The golden question is how do we attract good talent and then retain them long-term? How do I determine rates of compensation for my highest performers that are always demanding raises? How do I scale my business without having to constantly micro-manage my Team when they are in the field working? The answer is Pay-For-Performance (P4P). I know the frustration of growing a home service business and trying to motivate your workforce

while balancing the budget with rising costs of doing business. P4P allowed me to grow my lawn care business past 7-figures in annual revenue and now we have dozens of locations around North America. In a sentence, P4P pays employees a percentage of the labor revenue they earn for the business. It is that simple. The rest of the P4P system ensures that quality standards are upheld and that employees don't speed through work or damage Customer property. If you are tired of babysitting employees, tired of offering low-paying, dead-end jobs, tired of seeing employees waste time, money, and their own potential, I encourage you to diligently implement P4P and see it transform your business. What's Inside This manual is your key to success, and the future to the labor industry as we know it. Inside you'll find the tools need to implement P4P successfully in your business. From bringing up the idea to pushing it beyond a simple pay structure, P4P Why Dollars Per Hour Is A Failing Formula will revolutionize how you do business. **Earn \$300 a Day Mowing Lawns** James T. Adams (Of Adams Mowing),2012-11 Jim ran a profitable lawn mowing business for over twenty years. When he went into business with his son in 1983, there was no book, so they learned everything the hard way, through experience. After retiring in 2005, Jim wrote a guide that cuts right to the heart of the mowing business, showing you how to find customers and keep them happy, and how to operate efficiently, so you'll maximize your profits. As Jim learned, trial and error is slow and very expensive. Early on, they made the same mistakes over and over, spending whole seasons using wrong machines, pursuing wrong goals. You can follow ideas that wreck your profits, and don't even realize you're doing it! The business limps along, earning little or nothing and soon disappears. Every year, Americans spend more than \$100 billion on lawn care. Jim learned to steer a healthy chunk of that money in his direction, and wants to teach you to do the same, opening the door to a lifetime of security and independence. The book is based on the combined experience of Jim and his son, a total of nearly fifty years of full-time mowing. No fantasy, no pie in the sky: Just a sharp focus on the facts and the vital questions, putting you years ahead of your competitors. No wasted time or money. The book includes a Quick Start Guide, so you'll earn maximum profits, starting on the first day.
