Hands Free Mama Rachel Macy Stafford, 2014-01-07 "Rachel Macy Stafford's post *The Day I Stopped Saying Hurry Up* was a true phenomenon on The Huffington Post, igniting countless conversations online and off about freeing ourselves from the vicious cycle of keeping up with our overstuffed agendas. *Hands Free Mama* has the power to keep that conversation going and remind us that we must not let our lives pass us by." --Arianna Huffington, Chair, President, and Editor-in-Chief of the Huffington Post Media Group, nationally syndicated columnist, and author of thirteen books <http://www.huffingtonpost.com/> DISCOVER THE POWER, JOY, AND LOVE of Living "Hands Free" If technology is the new addiction, then multi-tasking is the new marching order. We check our email while cooking dinner, send a text while bathing

the kids, and spend more time looking into electronic screens than into the eyes of our loved ones. With our never-ending to-do lists and jam-packed schedules, it's no wonder we're distracted. But this isn't the way it has to be. In July 2010, special education teacher and mother Rachel Macy Stafford decided enough was enough. Tired of losing track of what matters most in life, Rachel began practicing simple strategies that enabled her to momentarily let go of largely meaningless distractions and engage in meaningful soul-to-soul connections. She started a blog to chronicle her endeavors and soon saw how both external and internal distractions had been sabotaging her happiness and preventing her from bonding with the people she loves most. Hands Free Mama is the digital society's answer to finding balance in a media-saturated, perfection-obsessed world. It doesn't mean giving up all technology forever. It doesn't mean forgoing our jobs and responsibilities. What it does mean is seizing the little moments that life offers us to engage in real and meaningful interaction. It means looking our loved ones in the eye and giving them the gift of our undivided attention, leaving the laundry till later to dance with our kids in the rain, and living a present, authentic, and intentional life despite a world full of distractions. So join Rachel and go hands-free. Discover what happens when you choose to open your heart—and your hands—to the possibilities of each God-given moment.

Dopesick Beth Macy, 2018-08-09 Now a major TV series on Disney+ 'A shocking investigation... Dopesick is essential' The Times 'Unfolds with all the pace of a thriller' Observer 'A deep - and deeply needed - look into the troubled soul of America' Tom Hanks 'Essential reading' New York Times Beth Macy reveals the disturbing truth behind America's opioid crisis and explains how a nation has become enslaved to prescription drugs. This powerful and moving story explains how a large corporation, Purdue, encouraged small town doctors to prescribe OxyContin to a country already awash in painkillers. The drug's dangerously addictive nature was hidden, whilst many used it as an escape, to numb the pain of joblessness and the need to pay the bills. Macy tries to answer a grieving mother's question - why her only son died - and comes away with a harrowing tale of greed and need.

Bargain Fever Mark Ellwood, 2014-09-25 Almost half of everything sold in America is listed at some kind of promotional price. People don't only want a deep discount, they expect it - and won't settle for anything less. In this playful, deeply researched book, journalist Mark Ellwood takes a trip into this new landscape. From the floor of upscale department store Serpordorf Goodman to the bustling aisles of a Turkish bazaar, from the outlet Disneyworld of rural Pennsylvania to a town in Florida that can claim to be couponing's spiritual capital, Ellwood shows how some people are, quite literally, born to be bargain junkies thanks to a quirk of their DNA. He also uncovers the dark side of discounting: the sales-driven sleights of hand that sellers employ to hoodwink unsuspecting buyers. Bargain Fever is a manual for thriving in this new era, when deal hunting has gone from being a sign of indigence to one of intelligence. There's never been a better time to be a buyer - at

least if you know how the game works. 'This book is a bargain hunter's bible.' Michael Tonello, author of *Bringing Home the Birkin*'Bargain Fever is just as fierce, funny, tenacious, and tantalizing as its author. I love this book.' Kelly Cutrone, founder, People's Revolution, and author of *Normal Gets You Nowhere*'A book after my own heart. Bargain Fever lifts the veils off the sales, ensuring even more that you'll never pay retail again.' Carmen Wong Ulrich, financial contributor, CBS This Morning, and author of *Generation Debt*'Highly informative and entertaining.' Booklist

Raising Lazarus Beth Macy,2022-08-16 A “deeply reported, deeply moving” (Patrick Radden Keefe) account of everyday heroes fighting on the front lines of the overdose crisis, from the New York Times bestselling author of *Dopesick* (inspiration for the Peabody Award-winning Hulu limited series) and *Factory Man*. Nearly a decade into the second wave of America's overdose crisis, pharmaceutical companies have yet to answer for the harms they created. As pending court battles against opioid makers, distributors, and retailers drag on, addiction rates have soared to record-breaking levels during the COVID pandemic, illustrating the critical need for leadership, urgency, and change. Meanwhile, there is scant consensus between law enforcement and medical leaders, nor an understanding of how to truly scale the programs that are out there, working at the ragged edge of capacity and actually saving lives. Distilling this massive, unprecedented national health crisis down to its character-driven emotional core as only she can, Beth Macy takes us into the country's hardest hit places to witness the devastating personal costs that one-third of America's families are now being forced to shoulder. Here we meet the ordinary people fighting for the least of us with the fewest resources, from harm reductionists risking arrest to bring lifesaving care to the homeless and addicted to the activists and bereaved families pushing to hold Purdue and the Sackler family accountable. These heroes come from all walks of life; what they have in common is an up-close and personal understanding of addiction that refuses to stigmatize—and therefore abandon—people who use drugs, as big pharma execs and many politicians are all too ready to do. Like the treatment innovators she profiles, Beth Macy meets the opioid crisis where it is—not where we think it should be or wish it was. Bearing witness with clear eyes, intrepid curiosity, and unfailing empathy, she brings us the crucial next installment in the story of the defining disaster of our era, one that touches every single one of us, whether directly or indirectly. A complex story of public health, big pharma, dark money, politics, race, and class that is by turns

harrowing and heartening, infuriating and inspiring, Raising Lazarus is a must-read for all Americans.
