Ultimate Mittens Robin Hansen,2011-11-01 Filled with a wide array of classic knitting patterns, this book is, in essence, the ultimate mitten book. The patterns are organized from simple to difficult and their origins range from traditional Scandinavian and Canadian Maritime patterns to more contemporary sewn and windblock patterns from right here in Maine. Rounding out the patterns is useful information on caring for and repairing woolens; tips for adding details such as buttons, straps, or leather palms to mittens; and a list of yarn suppliers.

The Mitten Jan Brett,2009-10-05 When Nicki drops his white mitten in the snow, he goes on without realizing that it is missing. One by one, woodland animals find it and crawl in; first, a curious mole, then a rabbit, a badger and others, each one larger than the last. Finally, a big brown bear is followed in by a tiny brown mouse and what happens next makes for a wonderfully funny climax. As the story of the animals in the mitten unfolds, the reader can see Nicki in the borders of each page, walking through the woods unaware of what is going on. Once again Jan Brett has created a dramatic and beautiful picture book in her distinctive style. She brings the animals to life with warmth and humor, and her illustrations are full of visual delights and details faithful to the Ukrainian tradition from which the story comes.

Selbu Mittens Anne Bardsgard,2022-12-31 The ultimate compendium for any Norwegian mitten enthusiast, this gorgeous and inspiring resource was produced in conjunction with a one-of-a-kind exhibition of gloves and mittens from Selbu at the Sverresborg Trøndelag Folkemuseum. A thoroughly researched and illustrated account of the rich history of Selbu patterning—instantly recognizable for its dramatic contrasts and intricate motifs—covers the development of the designs themselves, and the essential role these knitted accessories have played in the cultural and economic development of the Selbu region. Then, dive into pages upon pages of over 500 colorwork charts, organized according to the source of their inspiration, from classic stars, snowflakes, and flowers to elk, spiders, and coffee beans. Complete patterns are included for 35 mittens and gloves from the original museum collection, accompanied by short biographies of the original designers—or choose from an overflowing selection of motifs for palms, thumbs, cuffs, and even patterned edging techniques for joining around the hand, to create endlessly fascinating combinations.
