The Moral Premise Stanley D. Williams,2006 'The Moral Premise: Harnessing Virtue and Vice for Box Office Success' reveals the foundational concept at the heart of all successful box office movies and other stories. It is a principle that has been passed down from ancient times. It is a principle that modern research has shown is in all great stories that connect with audiences. If you ignore this principle, your story is doomed. But if you consistently apply it to each character, scene, and dramatic beat, it is the principle that will empower your storytelling, and illuminate all the other techniques you bring to the craft. It is the guiding principle of writing that allows films and all stories to be great.

The Plot Dot Derek Murphy,2016-04-13 An Adult Coloring Book for Authors!This book will help you paint powerful visual scenes that stick with readers long after they're finished your book. The techniques described within are simple and easy to use. Think of this as a guided coloring book adventure. YOUR adventure. There are lots of systems and guides to plotting, but if you're like me you have journals filled with notes, scenes and description... it can get overwhelming. I've based this book on traditional three-act story architecture, but it's greatly simplified. Plotters and pantsers can use the guided exercises to gain greater visual clarity and build more meaningful scenes with resonance. This book will help you get organized and unlock hidden potential in your scenes that you didn't know was there, by going beyond words and focusing on drawing and coloring your scenes until you have a full outline. This book makes an excellent workbook for writing retreats, is simple enough for children to use (it's never too early to write your first novel), and introduces a new, and hopefully useful, way to organize your novel, improve your writing, and create unforgettable scenes that will make a deep and lasting impact.

In *Writing Movies* you'll find everything you need to know to reach this level. And, like the very best teachers, *Writing Movies* is always practical, accessible, and entertaining. The book provides a comprehensive look at screenwriting, covering all the fundamentals (plot, character, scenes, dialogue, etc.) and such crucial-but seldom discussed-topics as description, voice, tone, and theme. These concepts are illustrated through analysis of five brilliant screenplays-Die Hard, Thelma & Louise, Tootsie, Sideways, and The Shawshank Redemption. Also included are writing assignments and step-by-step tasks that take writers from rough idea to polished screenplay. Written by Gotham Writers' Workshop expert instructors, *Writing Movies* offers the same winning style and clarity of presentation that have made a success of Gotham's previous book *Writing Fiction*, which is now in its 7th printing. Named the best class for screenwriters in New York City by *MovieMaker Magazine*, Gotham Writers' Workshop is America's leading private creative writing school, offering classes in Manhattan and on the Web at www.WritingClasses.com. The school's interactive online classes, selected as Best of the Web by *Forbes*, have attracted thousands of aspiring writers from across the United States and more than sixty countries.

The Nutshell Technique Jill Chamberlain,2016-03-01 Veteran script consultant Jill Chamberlain discovered in her work

that an astounding 99 percent of first-time screenwriters don't know how to tell a story. These writers may know how to format a script, write snappy dialogue, and set a scene. They may have interesting characters and perhaps some clever plot devices. But, invariably, while they may have the kernel of a good idea for a screenplay, they fail to tell a story. What the 99 percent do instead is present a situation. In order to explain the difference, Chamberlain created the Nutshell Technique, a method whereby writers identify eight dynamic, interconnected elements that are required to successfully tell a story. Now, for the first time, Chamberlain presents her unique method in book form with *The Nutshell Technique: Crack the Secret of Successful Screenwriting*. Using easy-to-follow diagrams ("nutshells"), she thoroughly explains how the Nutshell Technique can make or break a film script. Chamberlain takes readers step-by-step through thirty classic and contemporary movies, showing how such dissimilar screenplays as *Casablanca*, *Chinatown*, *Pulp Fiction*, *The Usual Suspects*, *Little Miss Sunshine*, *Juno*, *Silver Linings Playbook*, and *Argo* all have the same system working behind the scenes, and she teaches readers exactly how to apply these principles to their own screenwriting. Learn the Nutshell Technique, and you'll discover how to turn a mere situation into a truly compelling screenplay story.

The Story Solution Eric Edson, 2011 Eric Edson has developed a new tool for bringing depth and passion to any screenplay - the 23 Steps All Great Heroes Must Take. It's an easy to understand paradigm that provides writers and filmmakers the interconnecting, powerful storytelling elements they need. With true insight, a master teacher of screenwriting pinpoints the story structure reasons most new spec scripts don't sell; then uses scores of examples from popular hit movies to present, step by step, his revolutionary Hero Goal Sequences blueprint for writing blockbuster movies.

The Ruin of Angels Max Gladstone, 2017-09-05 Max Gladstone returns with *The Ruin of Angels*, the sixth novel in the Hugo-nominated Craft Sequence, which *The Washington Post* calls the best kind of urban fantasy and NPR calls sharp, original, and passionate *The God Wars* destroyed the city of Alikand. Now, a century and a half and a great many construction contracts later, Agdel Lex rises in its place. Dead deities litter the surrounding desert, streets shift when people aren't looking, a squidlike tower dominates the skyline, and the foreign Iskari Rectification Authority keeps strict order in

this once-independent city—while treasure seekers, criminals, combat librarians, nightmare artists, angels, demons, dispossessed knights, grad students, and other fools gather in its ever-changing alleys, hungry for the next big score. Priestess/investment banker Kai Pohala (last seen in Full Fathom Five) hits town to corner Agdel Lex’s burgeoning nightmare startup scene, and to visit her estranged sister Ley. But Kai finds Ley desperate at the center of a shadowy, and rapidly unravelling, business deal. When Ley ends up on the run, wanted for a crime she most definitely committed, Kai races to track her sister down before the Authority finds her first. But Ley has her own plans, involving her ex-girlfriend, a daring heist into the god-haunted desert, and, perhaps, freedom for an occupied city. Because Alikand might not be completely dead—and some people want to finish the job. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
