Bracketology Joe Lunardi, David Smale, Mark Few, 2021-03-02 Lunardi delves into the early days of Bracketology, details its growth, and dispels the myths of the process The NCAA Tournament has become one of the most popular sports events in the country, consuming fans for weeks with the run to the Final Four and ultimately the crowning of the champion of college hoops. Each March, millions of Americans fill out their bracket in the hopes of correctly predicting the future. Yet, there is no true Madness without the oft-debated question about what teams should be seeded where—from the Power-5 Blue Blood with some early season stumbles on their resume to the mid-major that rampaged through their less competitive conference season—and the inventor of Bracketology himself, Joe Lunardi, now reveals the mystery and science behind the legend. While going in depth on his ever-evolving predictive formula, Lunardi compares great teams from different eras with intriguing results, talks to the biggest names in college basketball about their perception of Bracketology (both good and bad), and looks ahead to the future of the sport and how Bracketology will help shape the conversation. This fascinating book is a must-read for college hoops fans and anyone who has aspired to win their yearly office pool.

Whither College Sports Andrew Zimbalist,2021-11-12 Intercollegiate athletics is under assault from all sides. Its economic model is yielding increasing and unsustainable deficits and widening inequality. Coaches and athletic directors are the highest paid employees at FBS universities (NCAA Division I Football Bowl Subdivision) by factors of five to ten, or more. Athletes are being cheated on their promised education, do not receive adequate medical care, and are not allowed to receive cash income. Substantial change, either toward reasserting the intended primacy of education for intercollegiate athletes or a further surrender to commercialism, is coming. This book lays out the starkly different paths that college sports reform can follow and what the ramifications will be on the athletes and on the institutions in which they are enrolled.

Saving Savannah Tonya Bolden,2020-01-14 From acclaimed author Tonya Bolden comes the story of a teen girl becoming a woman on her own terms against the backdrop of widespread social change in the early 1900s. Savannah Riddle is lucky. As a daughter of an upper class African American family in Washington D.C., she attends one of the most rigorous public schools in the nation--black or white--and has her pick among the young men in her set. But lately the structure of her society--the fancy parties, the Sunday teas, the pretentious men, and shallow young women--has started to suffocate her. Then Savannah meets Lloyd, a young West Indian man from the working class who opens Savannah's eyes to how the other half lives. Inspired to fight for change, Savannah starts attending suffragist lectures and socialist meetings, finding herself drawn more and more to Lloyd's world. Set against the backdrop of the press for women's rights, the Red Summer, and anarchist bombings, Saving Savannah is the story of a girl and the risks she must take to be the change in a world on the brink of dramatic transformation.

The Insufferable Mr. Fletcher Lindo Forbes, 2023-12-05 When appearances are everything, can you get a second chance

to make a first impression? Junior Sano likes to be in control. In an industry that can be exploitative, she's learned to hide her sensitive underbelly to get ahead. When new producer Davis Fletcher is ushered in, she writes him off as another corporate drone who'll fail upward role-playing 'Producer' for IMDB credits. Becoming the trusted right hand to the studio head with the chance to lead his own project was beyond Davis Fletcher's wildest imaginings. The final hurdle is completing a season in the trenches of their flagship series. He can't afford any distractions - not even for the walking, talking threat to his equilibrium that is Junior Sano. Voluntold to help Davis with the season finale, Junior's usual method of avoiding the insufferable pedant won't work. Nor will braining him with a stapler. But it doesn't take long for her to realize he's alarmingly good at his job and has the uncanny ability to see through her façade. So when Davis confesses that he likes her likes her and seals his declaration with a whopper of a kiss, it forces Junior to decide if a relationship with Davis is worth relinquishing her precious control or will keeping the reins prove she's been the insufferable one all along.

Mawson's Mission Lora Marlene Mawson, 2020-07-28 Before 1968, women's athletics in higher education meant playdays and sports days. That spring, when the Division of Girls and Women in Sports announced that national collegiate sports championships for women would begin in 1969, Marlene Mawson, a new hire on the physical education faculty at the University of Kansas, was charged with establishing a women's athletics program. "I was on my own," Mawson recalls, "because there was no precedent for creating a women's athletics program with a meager budget." That meant planning sports competition schedules, staffing coaches, organizing policies and procedures for coaches and athletes, coordinating practice schedules, budgeting, and directing the new KU intercollegiate sports program for women without intervention or guidance. In their first decade, KU women's teams competed in national championships in volleyball, basketball, softball, and gymnastics. In this book, Mawson, who was inducted into the KU Athletics Hall of Fame in 2009, describes her remarkable career, from her early years in Missouri to her retirement. With behind-the-scenes views and insights that reflect a lifetime's experience, her memoir weaves together the history of the development of women's athletics at the University of Kansas and the story of the birth of women's intercollegiate athletics across the United States—from the Olympic Development Committee to Title IX to the NCAA. It is an engaging account of groundbreaking personal achievement by a woman in the

world of college sports, and a stirring record of an extraordinary but little-documented decade in the evolution of women's athletics.

Slaying the Tiger Shane Ryan,2016-04-05 NEW YORK TIMES BESTSELLER • In *Slaying the Tiger*, one of today's boldest young sportswriters spends a season inside the ropes alongside the rising stars who are transforming the game of golf. For more than a decade, golf was dominated by one galvanizing figure: Eldrick "Tiger" Woods. But as his star has fallen, a new, ambitious generation has stepped up to claim the crown. Once the domain of veterans, golf saw a youth revolution in 2014. In *Slaying the Tiger*, Shane Ryan introduces us to the volatile, colorful crop of heirs apparent who are storming the barricades of this traditionally old-fashioned sport. As the golf writer for Bill Simmons's *Grantland*, Shane Ryan is the perfect herald for the sport's new age. In *Slaying the Tiger*, he embeds himself for a season on the PGA Tour, where he finds the game far removed from the genteel rhythms of yesteryear. Instead, he discovers a group of mercurial talents driven to greatness by their fear of failure and their relentless perfectionism. From Augusta to Scotland, with an irreverent and energetic voice, Ryan documents every transcendent moment, every press tent tirade, and every controversy that made the 2014 Tour one of the most exciting and unpredictable in recent memory. Here are indelibly drawn profiles of the game's young guns: Rory McIlroy, the Northern Irish ace who stepped forward as the game's next superstar; Patrick Reed, a brash, boastful competitor with a warrior's mentality; Dustin Johnson, the brilliant natural talent whose private habits sabotage his potential; and Jason Day, a resilient Aussie whose hardscrabble beginnings make him the Tour's ultimate longshot. Here also is the bumptious Bubba Watson, a devout Christian known for his unsportsmanlike outbursts on the golf course; Keegan Bradley, a flinty New Englander who plays with a colossal chip on his shoulder; twenty-one-year-old Jordan Spieth, a preternaturally mature Texan carrying the hopes of the golf establishment; and Rickie Fowler, the humble California kid striving to make his golf speak louder than his bright orange clothes. Bound by their talent, each one hungrier than the last, these players will vie over the coming decade for the right to be called the next king of the game. Golf may be slow to

change, but in 2014, the wheels were turning at a feverish pace. Slaying the Tiger offers a dynamic snapshot of a rapidly evolving sport. Praise for Slaying the Tiger “This book is going to be controversial. There is no question about it. . . . It is the most unvarnished view of the tour—the biggest tour in the world—that I’ve ever read. And it’s not close.”—Gary Williams, Golf Channel “A must-read for PGA Tour fans from the casual to the most dedicated . . . This book is certain to be as important to this era as [John] Feinstein’s [A Good Walk Spoiled] was two decades ago. . . . A well-researched, in-depth look at the men who inhabit the highest levels of the game.”—Examiner.com “A masterfully written account of an important time in golf history.”—Adam Fonseca, Golf Unfiltered “Absolutely marvelous . . . Ryan’s writing flows and his reporting turns pages for you.”—Kyle Porter, CBS Sports “A riveting read.”—Library Journal “Ryan’s fresh look is just what we golfer/readers want.”—Curt Sampson, New York Times bestselling author of Hogan “Ryan does a fantastic job painting a thoughtful and accurate portrait of the new crop of heirs apparent.”—Stephanie Wei, Wei Under Par

Yes, It's Hot in Here Aj Mass, 2014-04-15 Yes, It's Hot in Here explores the entertaining history of the mascot from its jester roots in Renaissance society to the slapstick pantomime of the Clown Prince of Baseball, Max Patkin, all the way up to the mascots of the slam-dunk, rock-and-roll, Jumbotron culture of today. Along the way, author AJ Mass of ESPN.com (a former Mr. Met himself) talks to the pioneers among modern-day mascots like Dave Raymond (Phillie Phanatic), Dan Meers (K. C. Wolf), and Glenn Street (Harvey the Hound) and finds out what it is about being a mascot that simply won't leave the performer. Mass examines what motivates high school and college students to compete for the chance to wear a sweaty animal suit and possibly face the ridicule of their peers in the process, as well as women who have proudly served as mascots for teams in both the pro and amateur ranks. In the book's final chapter, Mass climbs inside a mascot costume one more time to describe what it feels like and, perhaps, rediscover a bit of magic.
