The goal of the book is to help make the user's own process more productive and meaningful.

Drafting Prenuptial Agreements Gary N. Skoloff,Richard H. Singer,Ronald L. Brown,1995-12-31 Prenuptial agreements have exploded over the past 20 years, not only among celebrities, but also for all types of people who desire to protect, manage, or enhance their personal, family, or business assets against foreseen and unforeseen circumstances. Attorneys have been assigned the task of cutting through a morass of issues to create agreements that achieve the goals of their clients while meeting complex, and often subtle, legal requirements. Drafting Prenuptial Agreements is the first guidebook ever to

cover this growing area of family law. Written by Gary N. Skoloff and Richard H. Singer, Jr., Skoloff and Wolfe, Livingston NJ, and Ronald L. Brown, Editor, American Journal of Family Law, Aspen Publishers, *Drafting Prenuptial Agreements* presents a pragmatic approach to preparing successful agreements quickly and effectively in any situation by grouping together and identifying the common areas that need to be addressed. The authors guide you through planning the agreement and the types of issues to discuss with different clients. This thoughtful organization gives you easy access to the tools you need to clearly present the range of choices to be addressed in each type of agreement and situation. Five sample agreements create broad groupings of issues which let you quickly zero in on the concerns parties at specific stages of life and affluence are most likely to want covered by their prenuptial agreement: YOUNG-YOUNG, EQUAL ASSETS and—For young people in the early stages of promising careers, where each has some assets and wants to protect these, as well as their careers, as separate property. YOUNG-YOUNG, DISPROPORTIONATE ASSETS and—For people of middle age or younger, where one already has, or is likely to acquire, substantial assets, and wants to protect these assets as separate property, while reasonably providing for the needs of the marriage, as well as the spouse and any children upon divorce. YOUNG-OLD, DISPROPORTIONATE ASSETS and—For a couple with a large age disparity, where the older party has substantial wealth which he or she wants to preserve for his or her estate, and also wants to provide for disability or incapacity. OLD-OLD, DISPROPORTIONATE ASSETS and—For an elderly couple, where one party has substantially fewer assets than the other, yet is comfortable, and where both want to protect their separate property, provide for a comfortable lifestyle during the marriage and reasonably provide for the spouse with fewer assets upon death or divorce. OLD-OLD, EQUAL ASSETS and—For older parties with similar assets who want to protect their property as separate, yet provide an arrangement by which they can live commensurate with their resources. *Drafting Prenuptial Agreements* includes a CD-ROM with sample agreements and hundreds of time-saving clauses!

Prenuptial Agreements and the Presumption of Free Choice Sharon Thompson, 2015-08-27 This book provides an alternative perspective on an issue fraught with difficulty - the enforcement of prenuptial agreements. Such agreements are enforced because the law acknowledges the rights of spouses to make autonomous decisions about the division of their property on divorce. Yet this book demonstrates that, in the attempt to promote autonomy, other issues, such as imbalance of power between the parties, become obscured. This book offers an academic and practical analysis of the real impact of prenuptial agreements on the relationships of those involved. Using a feminist and contractual theoretical framework, it

attempts to produce a more nuanced understanding of the autonomy exercised by parties entering into prenuptial agreements. This book also draws on an empirical study of the experiences and views of practitioners skilled in the formation and litigation of prenuptial agreements in New York. Lastly, it explores how the court might address concerns regarding power and autonomy during the drafting and enforcement processes of prenuptial agreements, which in turn may enhance the role that 'prenups' can play in the judicial allocation of spousal property on the breakdown of marriage.

Premarital Agreements Linda J. Ravdin, 2017 Premarital Agreements, Second Edition is an updated clearly written primer that focuses on the fundamentals involved in negotiating and drafting these agreements, explaining the most critical aspects involved in creating a premarital agreement. A premarital agreement is a contract between prospective spouses made in contemplation of marriage. Historically courts refused to enforce premarital agreements at divorce, believing that such contracts made divorce too easy. That began to change in the early 1970s until every state, by statute or case law, permitted prospective spouses to predetermine in a premarital agreement their rights to property at divorce and, in the majority of states, to fix or waive the right to support.

Marital Agreements Linda J. Ravdin, Tax Management Inc, ... describes and analyzes three types of agreements: premarital agreements, postmarital agreements, and domestic partnership agreements. A premarital agreement is a contract between prospective spouses, including same-sex couples, made in contemplation of marriage. A postmarital agreement is a contract executed by parties to an ongoing marriage and not incident to a divorce or marital separation. A domestic partnership agreement, sometimes known as a cohabitation agreement, is a contract executed by a couple whose domestic arrangements may not be state-sanctioned. However, the term also includes such an agreement executed incident to a civil union or registered domestic partnership. Generally, all of these agreements are used to define the property and support rights of the parties upon termination of the marriage or other relationship by death or dissolution. Some parties also opt to include financial obligations during the marriage or other relationship. This Portfolio does not cover separation agreements that settle property rights, spousal and child support obligations, and child custody matters incident to a separation or divorce--Portfolio description.
