**Jake Knapp, John Zeratsky**

*Building a Second Brain* Tiago Forte, 2022-06-14 Building a second brain is getting things done for the digital age. It's a ... productivity method for consuming, synthesizing, and remembering the vast amount of information we take in, allowing us to become more effective and creative and harness the unprecedented amount of technology we have at our disposal--

**The Ones We Burn** Rebecca Mix, 2022-11 A blood-witch's mission to assassinate the prince she is betrothed to is compromised by the discovery of a deadly plague--and the beautiful princess intent on stopping it.

**Getting Things Done** David Allen, 2015-03-17 The book *Lifhack* calls *The Bible* of business and personal productivity. A completely revised and updated edition of the blockbuster bestseller from 'the personal productivity guru'—Fast Company Since it was first published almost fifteen years ago, David Allen's *Getting Things Done* has become one of the most influential business books of its era, and the ultimate book on personal organization. "GTD" is now shorthand for an entire way of approaching professional and personal tasks, and has spawned an entire culture of websites, organizational tools, seminars, and offshoots. Allen has rewritten the book from start to finish, tweaking his classic text with important perspectives on the new workplace, and adding material that will make the book fresh and relevant for years to come. This new edition of *Getting Things Done* will be welcomed not only by its hundreds of thousands of existing fans but also by a whole new generation eager to adopt its proven principles.

**Architect + Entrepreneur** Eric W. Reinholdt, 2015 Part narrative, part business book; *Architect + Entrepreneur* is filled with contemporary, relevant, fresh tips and advice, from a seasoned professional architect building a new business. The guide advocates novel strategies and tools that merge entrepreneurship with the practice of architecture and interior design. The Problem: Embarking on a new business venture is intimidating; you have questions. But many of the resources available to help entrepreneur architects and interior designers start their design business lack timeliness and relevance. Most are geared toward building colossal firms like SOM and Gensler using outdated methods and old business models. If you're an individual or small team contemplating starting a design business, this is your field guide; crafted to inspire action. The Solution: Using the lean startup methodology to create a minimum viable product, the handbook encourages successive small wins that support a broader vision enabling one to, think big, start small, and learn fast. It's a unique take on design practice viewed through the lens of entrepreneurship and is designed to answer the questions all new business owners face, from the

rote to the existential. Questions about: - Startup costs - Business models (old and new) - Marriage of business and design - Mindset - Branding & naming (exercises and ideas) - Internet marketing strategies - Passive income ideas - Setting your fee - Taxes - Standard Operating Procedures (SOPs) - Securing the work - Client relations - Software - Billing rates - Contracts Building a business isn't a singular act; it's a series of small steps. Using the outline found in Architect + Entrepreneur you can start today. The chapters are organized to guide you from idea to action. Rather than write a business plan you'll be challenged to craft a brand and you'll sell it using new technologies. Follow the guide sequentially and you'll have both the tools and a profitable small business.

The Lazy Dungeon Master Michael Shea, 2019-06-14 You love Dungeons and Dragons. As an experienced dungeon master you've run dozens, if not hundreds of games. You put a lot of work into making your games great. What if there's another way to look at how you prepare your game? What if it turned out you could spend less time, less energy, and have a better game as a result? It's time to unleash the Lazy Dungeon Master. Written in the style of Sly Flourish's Dungeon Master Tips and Running Epic Tier D&D Games, The Lazy Dungeon Master shows a new approach to game preparation, one that takes less time and gives your game the freedom to grow at the table. This book will help dungeon master prepare awesome games for any version of D&D. Based on the real-world experiences of hundreds of dungeon masters and dozens of professional game designers, the Lazy Dungeon Master includes interviews with veteran D&D DMs and a complete toolkit to help you improvise an entire game. Whether you play 1st, 2nd, 3rd, 4th, Pathfinder, or the D&D Next playtest; The Lazy Dungeon Master has tips, techniques, and advice to make preparation easier and help you run a flexible and entertaining game.

*Lean Customer Development* Cindy Alvarez, 2017-08-30 How do you develop products that people will actually use and buy? This practical guide shows you how to validate product and company ideas through customer development research—before you waste months and millions on a product or service that no one needs or wants. With a combination of open-ended interviewing and fast and flexible research techniques, you'll learn how your prospective customers behave, the problems they need to solve, and what frustrates and delights them. These insights may shake your assumptions, but they'll help you reach the ah-ha! moments that inspire truly great products. Validate or invalidate your hypothesis by talking to the right people Learn how to conduct successful customer interviews play-by-play Detect a customer's behaviors, pain points, and constraints Turn interview insights into Minimum Viable Products to validate what customers will use and buy Adapt customer development strategies for large companies, conservative industries, and existing products

The 12 Week Year Brian P. Moran, Michael Lennington, 2013-05-15 The guide to shortening your execution cycle down from one year to twelve weeks Most organizations and individuals work in the context of annual goals and plans; a twelve-month execution cycle. Instead, The 12 Week Year avoids the pitfalls and low productivity of annualized thinking. This book redefines your year to be 12 weeks long. In 12 weeks, there just isn't enough time to get complacent, and urgency increases

and intensifies. The 12 Week Year creates focus and clarity on what matters most and a sense of urgency to do it now. In the end more of the important stuff gets done and the impact on results is profound. Explains how to leverage the power of a 12 week year to drive improved results in any area of your life Offers a how-to book for both individuals and organizations seeking to improve their execution effectiveness Authors are leading experts on execution and implementation Turn your organization's idea of a year on its head, and speed your journey to success.

**Living Forward** Michael Hyatt, Daniel Harkavy, 2016-03-01 Each of us has but one life to live on this earth. What we do with it is our choice. Are we drifting through it as spectators, reacting to our circumstances when necessary and wondering just how we got to this point anyway? Or are we directing it, maximizing the joy and potential of every day, living with a purpose or mission in mind? Too many of us are doing the former--and our lives are slipping away one day at a time. But what if we treated life like the gift that it is? What if we lived each day as though it were part of a bigger picture, a plan? That's what New York Times bestselling author Michael Hyatt and executive coach Daniel Harkavy show us how to do: to design a life with the end in mind, determining in advance the outcomes we desire and path to get there. In this step-by-step guide, they share proven principles that help readers create a simple but effective life plan so that they can get from where they are now to where they really want to be--in every area of life.

**Make Time** Jake Knapp, John Zeratsky, 2018-09-25 From the New York Times bestselling authors of Sprint comes “a unique and engaging read about a proven habit framework [that] readers can apply to each day” (Insider, Best Books to Form New Habits). “If you want to achieve more (without going nuts), read this book.”—Charles Duhigg, author of The Power of Habit Nobody ever looked at an empty calendar and said, The best way to spend this time is by cramming it full of meetings! or got to work in the morning and thought, Today I'll spend hours on Facebook! Yet that's exactly what we do. Why? In a world where information refreshes endlessly and the workday feels like a race to react to other people's priorities faster, frazzled and distracted has become our default position. But what if the exhaustion of constant busyness wasn't mandatory? What if you could step off the hamster wheel and start taking control of your time and attention? That's what this book is about. As creators of Google Ventures' renowned design sprint, Jake and John have helped hundreds of teams solve important problems by changing how they work. Building on the success of these sprints and their experience designing ubiquitous tech products from Gmail to YouTube, they spent years experimenting with their own habits and routines, looking for ways to help people optimize their energy, focus, and time. Now they've packaged the most effective tactics into a four-step daily framework that anyone can use to systematically design their days. Make Time is not a one-size-fits-all formula. Instead, it offers a customizable menu of bite-size tips and strategies that can be tailored to individual habits and lifestyles. Make Time isn't about productivity, or checking off more to-dos. Nor does it propose unrealistic solutions like throwing out your smartphone or swearing off social media. Making time isn't about radically overhauling your lifestyle; it's about making

small shifts in your environment to liberate yourself from constant busyness and distraction. A must-read for anyone who has ever thought, If only there were more hours in the day..., *Make Time* will help you stop passively reacting to the demands of the modern world and start intentionally making time for the things that matter.

***Burn Those Red Flags Down*** Rachel Gertz, 2016-11-10 Quick. Grab that pail of water: your ass is on fire. Did you notice the tone of your teammate when she agreed to your last request? Did you spot the misalignment on the client's team when they responded to your last email? Did you catch a hidden layer of functionality and alert your product team before it inflated the scope? No? Then this book's dedicated to you. If problems are popping up unexpectedly around your company's projects, products, and people, those, my friends, are red flags. Missing them is tantamount to an acid bath for your organization. The thing is, if you don't know what you're looking for, they're kinda tough to spot. So how do you spot a red flag before it bites you on the ass? And once you see it, how do you get out of the heat? *Digital Project Management Trainer*, Rachel Gertz, shares dozens of subtle and more obvious clues red flags leave as they stomp through your process, projects, teams, and clients. Then she gives you a helpful plan to minimize each flag's throbbing pain so you can regain your dignity. As you learn to read the tracks, you become a skilled red flag hunter. You'll start spotting them in the wild before they attack. This little pocketbook is great for documenting your own red flags, too. Make notes and add your own treatment plan to keep you and your teams sharp and ready for the most cantankerous red flags this side of the Milky Way. We've got you covered.

*Story Genius* Lisa Cron, 2016-08-09 Following on the heels of Lisa Cron's breakout first book, *Wired for Story*, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In *Story Genius* Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.

*Life After College* Jenny Blake, 2011-10-25 Just graduated? Feeling a little lost? *Life After College* is like a portable life coach, giving you straightforward guidance on maneuvering the real world—along with tips, inspiration, and exercises for getting you where you want to go. Congrats, you've graduated! You have your whole life ahead of you. Do you feel overwhelmed? Unsure? Deluged with information, but no real plan? Jenny Blake's *Life After College* gives you practical, actionable advice, helping you to navigate every area of your life -- from work, money, dating, health, family, and personal

growth -- to help you see the big picture. It will get you focusing on your goals, dreams, and highest aspirations so that you can create the life you really want. Now in a repackaged edition!

*Deep Work* Cal Newport, 2016-01-05 AN AMAZON BEST BOOK OF 2016 PICK IN BUSINESS & LEADERSHIP WALL STREET JOURNAL BUSINESS BESTSELLER A BUSINESS BOOK OF THE WEEK AT 800-CEO-READ Master one of our economy's most rare skills and achieve groundbreaking results with this "exciting" book (Daniel H. Pink) from an "exceptional" author (New York Times Book Review). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep-spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In *Deep Work*, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four rules, for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, *Deep Work* takes the reader on a journey through memorable stories-from Carl Jung building a stone tower in the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air-and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. *Deep Work* is an indispensable guide to anyone seeking focused success in a distracted world.

**Writing Into the Dark: How to Write a Novel Without an Outline** Dean Wesley Smith, 2015-05-07 With more than a hundred published novels and more than seventeen million copies of his books in print, USA Today bestselling author Dean Wesley Smith knows how to outline. And he knows how to write a novel without an outline. In this WMG Writer's Guide, Dean takes you step-by-step through the process of writing without an outline and explains why not having an outline boosts your creative voice and keeps you more interested in your writing. Want to enjoy your writing more and entertain yourself? Then toss away your outline and Write into the Dark.

**Atomic Habits** James Clear, 2018-10-16 The #1 New York Times bestseller. Over 20 million copies sold! Translated into 60+ languages! Tiny Changes, Remarkable Results No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If

you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

**168 Hours** Laura Vanderkam, 2011-05-31 It's an unquestioned truth of modern life: we are starved for time. We tell ourselves we'd like to read more, get to the gym regularly, try new hobbies, and accomplish all kinds of goals. But then we give up because there just aren't enough hours to do it all. Or if we don't make excuses, we make sacrifices- taking time out from other things in order to fit it all in. There has to be a better way...and Laura Vanderkam has found one. After interviewing dozens of successful, happy people, she realized that they allocate their time differently than most of us. Instead of letting the daily grind crowd out the important stuff, they start by making sure there's time for the important stuff. When plans go wrong and they run out of time, only their lesser priorities suffer. Vanderkam shows that with a little examination and prioritizing, you'll find it is possible to sleep eight hours a night, exercise five days a week, take piano lessons, and write a novel without giving up quality time for work, family, and other things that really matter.

**75 Hard** Andy Frisella, 2020-04 Do you lack confidence, grit, endurance, fortitude, self-esteem and all the other things that don't just make someone great, but successful in everything they do? What if you could completely transform yourself into someone who could do anything? I'm not talking about the change that happens for a week or a month or a year...but for your whole life? What would that legitimately and realistically be worth to you? Everybody tries to tell themselves that they are special or great...but it's just talk. It's not reality. This book tells you how to do that. It doesn't cost anything to execute this program...but it ain't free. I guarantee if you do exactly as I tell you to do it with no compromises and zero substitutions...you and your life will never be the same.-Andy Frisella

**Save the Cat!** Blake Snyder, 2005 This ultimate insider's guide reveals the secrets that none dare admit, told by a show

biz veteran who's proven that you can sell your script if you can save the cat!

**The Great CEO Within: The Tactical Guide to Company Building** Matt Mochary, 2019-12-05 Matt Mochary coaches the CEOs of many of the fastest-scaling technology companies in Silicon Valley. With *The Great CEO Within*, he shares his highly effective leadership and business-operating tools with any CEO or manager in the world. Learn how to efficiently scale your business from startup to corporation by implementing a system of accountability, effective problem-solving, and transparent feedback. Becoming a great CEO requires training. For a founding CEO, there is precious little time to complete that training, especially at the helm of a rapidly growing company. Now you have the guidance you need in one book.

**The Happy Kitchen: Good Mood Food** Rachel Kelly, Alice Mackintosh, 2017-03-01 Did you know that your gut is responsible for producing around 90% of your serotonin, the chemical which makes you feel good? *The Happy Kitchen* is a joyous bible of good mood food, packed with recipes and meal planners to keep us calm, boost energy and help us sleep. Since suffering her last serious bout of depression in 2011, Rachel Kelly has evolved a broad holistic approach to staying well, but at the heart of her recovery has been changing the way she eats. Over the past five years, she has worked with nutritionist and food doctor Alice Mackintosh. Together, they have built up a repertoire of recipes that target particular symptoms, from insomnia and mood swings to stress and exhaustion. In chapters ranging from *Steady Energy* and *Beating the Blues* to *Finding Comfort*, they put all the theory into practice, setting out how you can incorporate it into your daily life. Along with delicious new recipes and meal planners, there is a toolkit of Super Good Mood Foods, as well as 'Science Bites' scattered through the text in which Alice explains the biology and chemistry of nutrition. When you're feeling fragile it can be hard to overhaul your diet; it is one more thing on your 'to do' list. But as Rachel has learnt, it is small steps that make a difference. Alice's recipes are easy to follow, and soothe and gladden the soul. Follow their advice, and without trying, you too will, week by week, begin to feel stronger and happier.
