Football's Best Offensive Playbook Dwight Hawkes,1995 Every offensive playbook gives you Xs and Os that look good

on paper. Football's Best Offensive Playbook goes the extra yard, providing precisely illustrated plays that are proven point-producers in games. Many of football's greatest coaches--including Bobby Bowden, Tom Osborne, and Steve Spurrier--have contributed their expertise to the book. Each of the 100 plays comes with a clear, accurate diagram and coaching pointers that highlight key player positions and responsibilities. Many coaches list alternate formations, and most of the plays can be adapted to any offensive system. And since the book features contributions from coaches in the high school, college, and pro ranks, you'll find plays that work at all levels. Football's Best Offensive Playbook is an excellent resource for: - coaches looking to add to their playlists or develop new wrinkles for existing plays, - players attempting to better understand offensive strategy and play selection, and - students of the game trying to become more knowledgeable about what makes an offense click. The book features a balance of running and passing plays organized by formation. Part I, Running Plays, features 44 inside, off-tackle, and outside plays from coaches who have established their teams as perennial title contenders through the ground game. Greats like Bob Reade (whose teams once won 63 straight games) at Augustana College, Illinois, and John McKissick (the winningest high school coach in the country) of Summerville High School, South Carolina, contribute some of their most successful plays. Part II, Passing Plays, features 45 plays designed for modern controlled passing schemes, centered around precise timing and pinpoint accuracy. The plays are divided into play action and dropback passes. Contributing to this section are such notable passing architects as Dennis Erickson of perennial national championship contender University of Miami, Tom Coughlin of the NFL expansion Jacksonville Jaguars, and LaVell Edwards of Brigham Young, who has coached such great quarterbacks as Jim McMahon, Steve Young, and Ty Detmer. Part III, Special Plays, features 13 gadgets designed to burn cheating defenses. Included are 5 reverses, 3 throwback passes, 3 PATs, and 2 trick plays. A Play Finder index lists plays by type of run (power, speed, or deception), pass (yardage needed and drop-back or roll-out), and formation. The book also features a key to symbols used in the diagrams and a glossary of important terms. Strengthen your playlist with help from many of the game's most successful coaches. 2 X 2 Spread Offense Playbook Bill Renner,2016-10-24 Coach Bill Renner shares with you his offensive playbook for the 2x2 Spread Offense Formation. This formation has two wide receivers on either side of the formation and a running back in the backfield with the quarterback in the gun. Coach Renner provides in-depth details of the run plays, drop back passes, play action passes, play action rollout passes, screen passes, throwback passes, pass protection versus ten different fronts, a 5-play memorized sequence called NASCAR that has no play call at the line of scrimmage, using running back motion in pass routes and a play installation sequence chart so you know how to put this offense in. He provides you with a detailed diagram for each play, tells you how to call each play using his numbering system, and he diagrams each player's responsibility on all the plays. On the run plays he provides the blocking schemes versus a 4-3, 3-4, 3-3-5 stack and the Bear front. Coach Renner also gives you specific details of how to read the defense and use each play to attack a defender's technique. These plays are not called at random. You will know how to call each play, run or pass, and why and when you are using a play. Coach Renner also gives you his opponent attack sheet that you can use on the sideline or at practice to call these offensive plays. Whether the ball is on a hash or in the middle of the field, Coach Renner has these plays labeled for you to use correctly in attacking the defense. The design of the run plays with this formation is an aggressive, downhill running attack. The pass play design gives the quarterback a short, intermediate and deep route on every pass route combination. The quarterback is never left with nowhere to throw the football. Coach Renner has called plays for 30 years, 23 years as a head coach. He finished his 30-year coaching career with a consecutive game touchdown scoring streak of 141 games, a span of 13-years. During that time his offenses averaged 31.1 points per game and 6+ wins per season. These things were achieved at four different high schools in two different states. And, all four teams became winning playoff teams. This 2x2 spread formation playbook was an integral part of the success of his teams. It is a complete and comprehensive playbook but easy for you to understand and coach. You will understand the advantage you can have using this formation and these plays when you have gone through his playbook.

Read and React 425 Rick Stewart,2021-01-12 High school defenses face very different offensive attacks week in and week out. The challenge is not changing your defense every week in order to defend pass-happy formations and smashmouth running attacks. The answer is to combine the strengths of a 4-man front with the PASS strengths of two safety coverages, that can be ran with the players walking the high school hallway. And due to low football IQ and limited film study time, the high school defense must be easy to learn. The strength of the 4-2-5 is the conversion of traditional OLBs to SAFETIES

because you have 5 DBs to adjust to all the formation and motion changes in today's high school football. HEAD UP ALIGNMENTS: by a 0-tech NG and a 4-tech DT who slants weak, putts them in the same position as traditional 1 and 3-techniques once the ball is snapped. Blockers don't know which gap they are going to slant in, easy transition from 4 man to 3 man front, and uncovered guards give clean run/pass reads. DIVORCED FRONT and SPLIT FIELD: separates run & pass strengths allowing multiple looks while being simple to learn. Splitting formations in half reduces every offensive formation to 8 alignments. Split Field narrows teaching 4 coverages vs only 8 alignments and follows the +1 rule. EVERY DAY DRILLS (EDDs): for every position. RUN FIT DEFENSE: forces the RB into a narrow alley outnumbered him 3 to 1. Everyone's job remains the same in both the 3-4 & 4-2 fronts. ILB read uncovered guards for clean reads and aggressive reactions. DL keeps the offensive lineman off the linebackers. Secondary provides the force, alley, and contain players. GAME PLANNING and SCOUTING EDITABLE DROP BOX FILE Editable playsheets, wristbands, scouting reports, practice schedules drills, and Powerpoints.

The 2019 San Francisco 49ers Complete Offensive Manual Bobby Peters, 2020-02-07 Kyle Shanahan is considered one of the top offensive minds in all of football. His system stresses every defender on the field, in every direction. With a heavy emphasis on the techniques, teaching, and theory behind the offense, this book takes readers through each concept in Shanahan's extensive playbook. The roots of his system are from his father, Mike Shanahan, and mentor Gary Kubiak. His offense goes much further beyond that, as he has expanded his drop back pass arsenal over the years to make one of the most quarterback friendly schemes while relentlessly attacking the defense. He is one of the best coaches at getting receivers open early in a quarterback's progression, often using play action to isolate certain defenders. This is critical not only for the quarterback, but it makes the offensive line's job much easier. The 49ers also boast one of the most diverse and effective running games in all of football. Shanahan took the outside zone base of the system and expanded it to have answers for every defense. This book breaks each one down, and diagrams each against the commonly used defenses they faced. Included are the minor tweaks and variations for each concept game planned each week that often generated big plays.
