The Model Manifesto Leanne Maskell,2019-05-02 For such a beautiful industry, there is a lot of ugly behind the scenes in modelling. Exploitation has always existed in the fashion industry, because it is so aspirational. By cutting through the smoke and mirrors, The Model Manifesto empowers and educates models to take control of their lives into their own hands and educates the public on the reality of what's involved in modelling. Leanne Maskell has drawn on her 13 years of experience working as an international model together with her legal background to create this easy-to-understand, A-Z guide in order to end exploitation of vulnerable models and wanna-be models. With contributions from top industry experts, The Model Manifesto includes solid advice on everything from mental health issues to paying tax. It covers every aspect of the modelling industry in detail to give an honest and realistic insider view, covering both the highs and the lows. The way to end the exploitation and the ugly in the industry is by education, awareness and building change from the inside out.

The Art of Caring Leadership Heather R Younger,2021-04-13 If your people know you care about them, they will move mountains. Employee engagement and loyalty expert Heather Younger outlines nine ways to manifest the radical power of caring support in the workplace. Here's the thing: most leaders think of themselves as caring leaders, but not all of them act in alignment with what that means for employees. Leaders may not be able to identify the level of care they are extending to their employees, but all employees intuitively know whether their bosses or managers are caring for them. Heather Younger

argues that if you are looking for increased productivity, customer satisfaction, or employee engagement, you need to care for your employees first. Genuinely caring for people means that you want to see them succeed for themselves, not just for what they can do for you, your team, or your organization. This book incorporates ten sections with breakout stories and interviews that outline the necessary steps to make all employees feel included and cared for, as well as a call to action for all leaders. Younger states that leaders who have the positive power to change the lives of those they lead shouldn't just want to care for them; they should see it as imperative for the success of their employees and their organization.

How to Fix a Broken Record Amena Brown,2017-11-07 Allow God to heal the broken record of your soul, so you can step into your calling, speak up for what's right, and dance your own story of God's grace. What does the soundtrack in your head sound like? The hurtful words of others and the failures of your past often determine what record you play the most in your mind. Those painful repetitions often keep us from speaking up, standing up for what's right, being loved, pursuing our dreams, and growing closer to God. Spoken word poet Amena Brown's broken records played messages about how she

wasn't worthy to be loved. But after years of playing those destructive rhythms over and over, How to Fix a Broken Record chronicles her journey of healing as she's allowed the music of God's love to play on repeat instead. From bad dates to marriage lessons at Waffle House, from learning to love her hair to learning to love an unexpected season of life, from discovering the power of saying no and the freedom to say yes, Amena offers keep-it-real stories your soul can relate to. Along the way, you'll discover how to . . . Recognize the negative messages that play on repeat in your mind Replace them with the truth that you are a beloved child of God And find new joy in the beautiful music of your life.

Porn Work Heather Berg,2021-02-22 Every porn scene is a record of people at work. But on-camera labor is only the beginning of the story. Porn Work takes readers behind the scenes to explore what porn performers think of their work and how they intervene to hack it. Blending extensive fieldwork with feminist and antiwork theorizing, Porn Work details entrepreneurial labor on the boundaries between pleasure and tedium. Rejecting any notion that sex work is an aberration from straight work, it reveals porn workers' creative strategies as prophetic of a working landscape in crisis. In the end, it looks to what porn has to tell us about what's wrong with work, and what it might look like to build something better.

The Mom Test Rob Fitzpatrick,2013-10-09 The Mom Test is a quick, practical guide that will save you time, money, and

heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.
