Queen for a Day Marcia Ochoa, 2014-04-28 Queen for a Day connects the logic of Venezuelan modernity with the production of a national femininity. In this ethnography, Marcia Ochoa considers how femininities are produced, performed, and consumed in the mass-media spectacles of international beauty pageants, on the runways of the Miss Venezuela contest, on the well-traveled Caracas avenue where transgender women (transformistas) project themselves into the urban imaginary, and on the bodies of both transformistas and beauty pageant contestants (misses). Placing transformistas and misses in the same analytic frame enables Ochoa to delve deeply into complex questions of media and spectacle, gender and sexuality, race and class, and self-fashioning and identity in Venezuela. Beauty pageants play an outsized role in Venezuela. The country has won more international beauty contests than any other. The femininity performed by Venezuelan women in high-profile, widely viewed pageants defines a kind of national femininity. Ochoa argues that as transformistas and misses work to achieve the bodies, clothing and makeup styles, and postures and gestures of this national femininity, they come to embody Venezuelan modernity.

A Beautiful Pageant D. Krasner, 2016-09-27 The Harlem Renaissance was an unprecedented period of vitality in the American Arts. Defined as the years between 1910 and 1927, it was the time when Harlem came alive with theater, drama, sports, dance and politics. Looking at events as diverse as the prizefight between Jack Johnson and Jim 'White Hope' Jeffries, the choreography of Aida Walker and Ethel Waters, the writing of Zora Neale Hurston and the musicals of the period, Krasner paints a vibrant portrait of those years. This was the time when the residents of northern Manhattan were leading

their downtown counterparts at the vanguard of artistic ferment while at the same time playing a pivotal role in the evolution of Black nationalism. This is a thrilling piece of work by an author who has been working towards this major opus for years now. It will become a classic that will stay on the American history and theater shelves for years to come.

Varieties of Anti-Fascism N. Copey, A. Olechnowicz, 2010-09-30 This volume examines the varieties of anti-fascism in inter-war Britain. Chapters examine political parties, the state, the media, women, the churches, and intellectuals.

Queens of Academe Karen W. Tice, 2012-04-17 Higher education is an unlikely venue for showcasing ideals of femininity, yet campus beauty pageants have increased in popularity in a cultural marketplace conjoining personal empowerment with beauty and style. Here She Is Hilary Levey Friedman, 2020-08-25 A fresh exploration of American feminist history told through the lens of the beauty pageant world. Many predicted that pageants would disappear by the 21st century. Yet they are thriving. America's most enduring contest, Miss America, celebrates its 100th anniversary in 2020. Why do they persist? In Here She Is, Hilary Levey Friedman reveals the surprising ways pageants have been an empowering feminist tradition. She traces the role of pageants in many of the feminist movement's signature achievements, including bringing women into the public

sphere, helping them become leaders in business and politics, providing increased educational opportunities, and giving them a voice in the age of #MeToo. Using her unique perspective as a NOW state president, daughter to Miss America 1970, sometimes pageant judge, and scholar, Friedman explores how pageants became so deeply embedded in American life from their origins as a P.T. Barnum spectacle at the birth of the suffrage movement, through Miss Universe's bathing beauties to the talent- and achievement-based competitions of today. She looks at how pageantry has morphed into culture everywhere from *The Bachelor* and RuPaul's *Drag Race* to cheer and specialized contests like those for children, Indigenous women, and contestants with disabilities. Friedman also acknowledges the damaging and unrealistic expectations pageants place on women in society and discusses the controversies, including Miss America's ableist and racist history, Trump's ownership of the Miss Universe Organization, and the death of child pageant-winner JonBenét Ramsey. Presenting a more complex narrative than what's been previously portrayed, *Here She Is* shows that as American women continue to evolve, so too will beauty pageants.

These are bodies of different colours, nationalities, sexualities, ages, which are available to be gazed upon by many different consumers even though the location of the different images may condition both who looks and how they look.

relationship between film culture and the past. Considers such well known films as *Forrest Gump*, *Pleasantville*, and *Jackie Brown*.

The Pageant of America: Builders of the Republic, by F.A. Ogg Ralph Henry Gabriel, 1927

Americanizing Britain Genevieve Abravanel, 2012-03-20 How did Great Britain, which entered the twentieth century as a dominant empire, reinvent itself in reaction to its fears and fantasies about the United States? Investigating the anxieties caused by the invasion of American culture—from jazz to Ford motorcars to Hollywood films—during the first half of the twentieth century, Genevieve Abravanel theorizes the rise of the American Entertainment Empire as a new style of imperialism that threatened Britain's own. In the early twentieth century, the United States excited a range of utopian and dystopian energies in Britain. Authors who might ordinarily seem to have little in common—H.G. Wells, Aldous Huxley, and Virginia Woolf—began to imagine Britain's future through America. Abravanel explores how these novelists fashioned transatlantic fictions as a response to the encroaching presence of Uncle Sam. She then turns her attention to the arrival of jazz after World War I, showing how a range of writers, from Elizabeth Bowen to W.H. Auden, deployed the new music as a metaphor for the modernization of England. The global phenomenon of Hollywood film proved even more menacing than the jazz craze, prompting nostalgia for English folk culture and a lament for Britain's literary heritage. Abravanel then refracts British debates about America through the writing of two key cultural critics: F.R. Leavis and T.S. Eliot. In so doing, she demonstrates the interdependencies of some of the most cherished categories of literary study—language, nation, and artistic value—by situating the high-low debates within a transatlantic framework.

Contradictory Woolf Derek Ryan, Stella Bolaki, 2012 *Contradictory Woolf* is a collection of essays selected from approximately 200 papers presented at the 21st Annual International Conference on Virginia Woolf, hosted by the University of Glasgow. The theme of contradiction in Woolf's writing, including her use of the word *but*, is widely explored in relation to auto/biography, art, philosophy, cognitive science, sexuality, animality, class, mathematics, translation, annotation, poetry, and war. Among the essays collected in this volume are the five keynote addresses - by Judith Allen, Suzanne Bellamy, Marina Warner, Patricia Waugh, and Michael Whitworth - as well as a preface by Jane Goldman and an introduction by the editors.

Karma Of Brown Folk Vijay Prashad, 2001-03-12 Village Voice Favorite Books of 2000 The popular book challenging the idea of a model minority, now in paperback! "How does it feel to be a problem?" asked W. E. B. Du Bois of black Americans in his classic *The Souls of Black Folk*. A hundred years later, Vijay Prashad asks South Asians "How does it feel to be a solution?" In this kaleidoscopic critique, Prashad looks into the complexities faced by the members of a "model minority"-one, he claims, that is consistently deployed as a weapon in the war against black America. On a vast canvas, *The Karma of Brown Folk* attacks the two pillars of the "model minority" image, that South Asians are both inherently successful and pliant, and analyzes the ways in which U.S. immigration policy and American Orientalism have perpetuated these stereotypes. Prashad uses irony, humor, razor-sharp criticism, personal reflections, and historical research to challenge the arguments made by Dinesh D'Souza, who heralds South Asian success in the U.S., and to question the quiet accommodation to racism made by many South Asians. A look at Deepak Chopra and others whom Prashad terms "Godmen" shows us how some South Asians exploit the stereotype of inherent spirituality, much to the chagrin of other South Asians. Following the long engagement of American culture with South Asia, Prashad traces India's effect on thinkers like Cotton Mather and Henry David Thoreau, Ravi Shankar's influence on John Coltrane, and such essential issues as race versus caste and the connection between antiracism activism and anticolonial resistance. *The Karma of Brown Folk* locates the birth of the "model minority" myth, placing it firmly in the context of reaction to the struggle for Black Liberation. Prashad reclaims the long history of black and South Asian solidarity, discussing joint struggles in the U.S., the Caribbean, South Africa, and elsewhere, and exposes how these powerful moments of alliance faded from historical memory and were replaced by Indian support for antiblack racism. Ultimately, Prashad writes not just about South Asians in America but about America itself, in the tradition of Tocqueville, Du Bois, Richard Wright, and others. He explores the place of collective struggle and multiracial alliances in the transformation of self and community-in short, how Americans define themselves.
