Visualize Complex Processes with Microsoft Visio David J Parker, Senaj Lelic, 2023-05-12 Streamline your business by creating clear, concise process diagrams with Microsoft Visio, and share them securely for viewing, reviewing, and collaboration Purchase of the print or Kindle book includes a free PDF eBook Key Features Learn built-in diagram types or create custom ones to describe flow steps effectively Unlock the skills and techniques needed to efficiently and speedily capture and communicate complex flows Understand how to store securely, integrate with other apps, and import and export flow steps Book Description Every business has process flows, but not all of them are fully described to or verified for accuracy with each stakeholder. This not only presents a risk for business continuity but also removes the ability to make insightful improvements. To make these complex interactions easy to grasp, it's important to describe these processes visually using symbology that everybody understands. Different parts of these flows should be collaboratively developed and stored securely as commercial collateral. Visualize Complex Processes with Microsoft Visio helps you understand why it is crucial to use a common, systematic approach to document the steps needed to meet each business requirement. This book explores the various process flow templates available in each edition of Microsoft Visio, including BPMN. It also shows you how to use them effectively with the help of tips and techniques and examples to reduce the time required for creating them, as well as how you can improve their integration and presentation. By the end of this book, you'll have mastered the skills needed to create data-integrated business flowcharts with Microsoft Visio, learned how to effectively use these diagrams collaboratively, but securely, and understood how to integrate them with other M365 apps, including Excel, Word, PowerPoint, and Power Automate. What you will learn Choose an appropriate flowchart diagram type to describe process steps Develop the skills to efficiently use Visio to draw process flowcharts Discover how to create process flows diagrams to meet the BPMN standard Find out how to synchronize Excel tables with Visio process flowcharts Store flowcharts that can also be used for collaboration securely Understand how to export flowcharts and data to other M365 apps Discover how Visio ShapeSheet functions can increase productivity Who this book is for If you're a manager, analyst, or designer of business processes, then this book will help you create professional process diagrams effectively and consistently to improve the accuracy of communication and facilitate impactful insights. This book will also be useful for beginners or power users who are seeking tips and techniques to capture process flows from context and customize diagrams to meet academic as well as corporate standards.

Consensus-Oriented Decision-Making Tim Hartnett, 2011-04-01 A step-by-step guide to the most efficient and effective method for participatory group decision-making Are you frustrated by that common challenge called group decision-making? Consensus-Oriented Decision-Making can help! Clearly written and well organized, keep this book by your side and refer to it often. Groups you are part of will function better as a result. -- Peggy Holman, author, *Engaging Emergence: Turning Upheaval into Opportunity* For any group or organization to function effectively, it must be able to make decisions well. Consensus-Oriented Decision-Making is the first book to offer groups (and group facilitators) a clear and efficient path to generating widespread agreement while fostering full participation and true collaboration. Poised to become the new standard for group facilitation, Consensus-Oriented Decision-Making combines: Deep insight into complex group dynamics Effective conflict resolution techniques Powerful communication skills Groups using this simple, step-by-step approach experience increased cohesion and commitment and stronger relationships as a result of their successful cooperation. Incorporating the principles of collaboration, inclusion, empathy, and open-mindedness, the consensus-oriented decision-making (CODM) process encourages shared ownership of group decisions. The method can be used in any group situation, regardless of whether the final decision-making power rests with a single person or team, a vote of members, or unanimity. Business, government, nonprofit, social, and community organizations can all benefit from Consensus-Oriented Decision-

Making . Whether you are a designated facilitator or an active participant, understanding this powerful framework will help you contribute to the success of your group through achieving maximum participation and efficiency, a clearer decision-making process, better decisions, and improved group dynamics. Tim Hartnett, PhD, is a group facilitator and mediator who blends extensive knowledge of non-violent communication with insightful understanding of group dynamics and effective techniques for conflict resolution.
