How to Count Cards Dominique Rhone,2015-02-20 Blackjack is one of the world's most popular casino games because not only is it easy to learn and fun to play, but you bear a chance of keeping some of your earnings. And to flip the odds in your favor? Impossible you say? Nope. Welcome to card counting. Card counting is a simple but powerful exercise that, when executed correctly, gives you a 1% edge over the house. This may seem small, but with the correct betting this technique can get you the best odds in the casino and win you a nice chunk of change. But what about the fact that card counting has been portrayed as a strategy exclusive to geniuses from MIT? Guess what - it isn't. Here you will find all the tools you need to refresh your basic blackjack strategy, perfect your card counting skills, play it cool in the casino, and rake in the dough. Let's get started!

Blackjack Basic (Playing) Strategy, 2 Decks Hal Marcus,2003-06-01 This new Blackjack Basic (Playing) Strategy card for 2 Decks is a blackjack player's dream come true. The laminated, six-panel, tri-fold card with rounded corners devotes four panel sides to covering the possible rule combinations of allowing or not allowing doubling down after a split, and the dealer hitting or standing on soft 17. Thus the card contains four playing strategies to allow you to choose the correct playing strategy for the rules that are in effect where you play.The strategies display color-coded decision cells in addition to showing the text of the decision so you can choose which way you learn best. Also, each strategy panel is section-coded to facilitate learning the most important decisions first. Surrender is included among the decisions, and footnotes provide alternatives when decisions are not allowed. The 3.5 x 5 panel size makes possible larger text than on other strategy cards and three-letter (not confusing one-letter) decision abbreviations, yet the card still fits in your pocket.End panels, which contain slits, are designed to fold in both directions and to lay flat to make it easy for you to quickly refer to the strategy you wish to use. One panel contains a pithy, insightful discussion of the playing decisions to help new players learn how to play the game; another panel provides a table which shows the House Edge for each of four rule combinations.About 99% of blackjack players do not use the correct Basic Strategy. By using the Blackjack 6-7-8 Strategy Cards, players will now be able to play almost even with the house.Blackjack 6-7-8 strategy cards are also available for 1 Deck, 2 Decks, and Counter (as in Card Counter) Basic, 4-8 Decks. In addition, the titles of the four different cards are color-coded (red, purple, blue, and green) so you can easily and quickly distinguish one card from another.

I Know Why the Caged Bird Sings Maya Angelou,2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.
