The Kissing Contract Amy Andrews,2019-07-15 Marshall Dyson wants one thing and one thing only: to raze his grandfather's island to the ground. Everything is ready to go...except for all the freakin' bunnies. The island is covered in hundreds of the furry critters, hopping about and multiplying before his eyes. And to add to the annoyingly cute, fluffy misery, Marshall has to contend with the American Bunny League taking him to court to save them. Including one distractingly beautiful veterinarian... Dr. Augusta "Gus" North can't believe the infuriating and annoyingly hot builder cares more about leveling some cabin than the lives of hundreds of sweet bunnies. But when the judge orders Marshall to stay on the island and help Gus rehome the rabbits—for an entire month—it's time to lay some ground rules. Starting with absolutely no kissing. But with all the fighting and getting under each other's skin, keeping their hands off each other is harder than herding bunnies...

*Silhouette* S. E. Cooper,2017-01-04 Daddy, what is a white lie? My father put down his spoon and looked at me thoughtfully. Why'd you ask, Princess? I heard you talking yesterday and you said 'one more white lie isn't going to make a difference.' I just want to know what you meant. You heard that, huh? My father tilted his head to study me. It's just a small lie you tell when you don't want to hurt someone's feelings. It's nothing for you to worry about. My eyes grew wide. Like when you told Aunt Rena that her pie was good even though it tasted icky? Exactly. He smiled. Or when you told the man last week that you hadn't seen Uncle Bruno and you had? The Smile fell from his face and he straightened in his chair. No, Princess, that was a different kind of lie. Scrunching up my nose, I asked, What kind of lie was that? My father swallowed hard before replying. That's the kind of lie where you have to have a real good memory. As an inquisitive child, the woman known as Clarissa Solano, could never have imagined how significant those words would become. That she would spend years twisting the truth: hoping and praying that she would not contradict herself and expose the secrets she keeps locked inside. Most of the people in her life don't really know her at all. She forces them to swallow her lies, but she is the one who

feels the bitter aftertaste of deception. When Lane Hunter sweeps into her life, she finds herself opening up in ways she never thought possible. He sees beyond the facade to the woman beneath and knows instantly that he wants her. However, all is not as it seems and when secrets and lies are exposed, it threatens to destroy them all. This is the first book in a series of standalone HEAs
