Robert Irwin

Check, Check, Sold Jake Posey, 2015-09-30 WARNING: The author is not a real estate agent trying to make the process seem complicated and secretly hoping you will fail so you will hire him. Check, Check, Sold is a step-by-step guide full of checklists, how to's, scripts, templates and tips. In this book, you will get: * 49 checklists to ensure nothing is missed * 21 step-by-step guides to walk you through the entire process * 166 tips throughout the book aimed at helping you sell your house for more money in less time * 8 bonuses giving you more insight and examples Best of all, it is short. This is not a book on why you should sell your house by owner. It does not go into why you should do certain steps. You are given the steps you need to take and different checklists to help you along the way. The content in this book was created through interviewing 50 homeowners selling their home on their own and other real estate professionals. The advice and steps were put into practice and refined by helping others sell their house on their own. Check out the table of contents for the full listing of what you will get. Note that I've also moved the fluff to the back of the book so you get more content in the preview of the book. If you have any further questions, jump over to my author page to contact me. Good luck. You can do this!!!

The Ultimate Home Buyers Checklist Greg Vanden Berge,2012-01-31 What If You Could Save Thousands of Dollars Using A Simple Home Buyers Checklist? Do I Have Your Attention Now? Would You Be Interested? Put an end to the stress and annoyance of home shopping with a list of questions most people don't even know to ask. Home Buyers Beware If you've haven't purchased a home before, I would advise you to purchase this checklist and get advice form others who have been through the home buying process. Don't rely entirely on your real estate agents or it could cost you a small fortune, it happened to me. I bought a home in 1983 and filed for bankruptcy in 1985, because I thought I knew what to look for and who to trust. Wow!..... Was I ever wrong.... I paid about 35% more than I should have for a house two years later I couldn't even sell. The Real Estate Salesman even convinced us he would help us with the down payment. He was very clever. Latter I found out he had got another 2,500 dollars out of the transaction. I learned a lesson I will never forget, but unscrupulous Home owners and Real Estate Professionals BEWARE!!!! This home buying checklist is going to put you out of business. I created this checklist because my family had been telling me for years to put my money where my mouth is and do something about it. There are over 300 questions on the home buying checklist. I compiled this list of questions from over 30 years in the construction business, dealing with problems from unsatisfied home buyers. I'm the person they have to call when they finally realize they bought a house with problems.
