Integrity of the Headless Woman Contessa Emanuel, 2012-06-15 This novel shares one woman's struggle to overcome the execution caused by divorce and maintain her life in God's eyes. From birth, Abigail's destiny has been chosen for her. The Monarch of Hell has declared that she is his property. Her soul is collateral from her father's debt to Satan. Abigail's guardian angel, Gabriella, appears but she does not come to help. Instead, she aims to take over Abigail's life and remove her from the situation Satan has placed her in. It is said she reports directly to Michael the Archangel, and her assignment is to protect Abigail. Another protector is Abigail's cousin, Montana, a high-profile attorney. She also believes Satan's price is too high. Abigail's husband, Bishop Monroe, is considered to be the head of Abigail. Satan's purpose will be to remove the headship of Abigail's household to divorce them one from the other. He will dispatch head-hunting spirits from hell in the form of the other woman to perform the execution of Abigail's marriage by removing her headship. Abigail must survive this attempted execution; her continued existence is crucial to the millions of women who are slowly bleeding to death because of the betrayal by their husbands who are demanding divorces. Bishop Monroe wants an annulment after more than twenty years of marriage to Abigail. Her crazy cousin, Montana, will take on both the bishop and the church to protect Abigail from such a disgrace.

Mining Cultures Mary Murphy,1997-02-01 Butte, Montana, long deserved its reputation as a wide-open town. *Mining Cultures* shows how the fabled Montana city evolved from a male-dominated mining enclave to a community in which men and women participated on a more equal basis as leisure patterns changed and consumer culture grew. Mary Murphy looks at how women worked and spent their leisure time in a city dominated by the quintessential example of men's work: mining. Bringing Butte to life, she adds in-depth research on church weeklies, high school yearbooks, holiday rituals, movie plots, and news of local fashion to archival material and interviews. A richly illustrated jaunt through western history, *Mining Cultures* is the never-told chronicle of how women transformed the richest hill on earth.

Comstock Women Ronald M. James,C. Elizabeth Raymond,1997-12-01 When it comes to Nevada history, men get most of the ink. *Comstock Women* is a collection of 14 historical studies that helps to rectify that reality. The authors of these essays, who include some of Nevada's most prominent historians, demographers, and archaeologists, explore such topics as women and politics, jobs, and ethnic groups. Their work goes far in refuting the exaggerated popular images of women in early mining towns as dance hall girls or prostitutes. Relying primarily on newspapers, court decisions, census records, as well as sparse personal diaries and records left by the woman, the essayists have resurrected the lives of the women who lived on the Comstock during the boom years.

Breaking Clean Judy J. Blunt,Nancy Smith,2016-04-20 "A memoir with the fierce narrative force of an eastern Montana blizzard, rich in story and character, filled with the bone-chilling details of Blunt's childhood. She writes without bitterness, with an abiding love of the land and the work and her family and friends that she finally left behind, at great sacrifice, to begin to write. This is a magnificent achievement, a book for the ages. I've never read anything that compares with it." —James Crumley, author of *The Last Good Kiss* Born into a third generation of Montana homesteaders, Judy Blunt learned early how to "rope and ride and jockey a John Deere," but also to "bake bread and can vegetables and reserve my opinion when the men were talking." The lessons carried her through thirty-six-hour blizzards, devastating prairie fires and a period of extreme isolation that once threatened the life of her infant daughter. But though she strengthened her survival skills in what was—and is—essentially a man's world, Blunt's story is ultimately that of a woman who must redefine herself in order to stay in the place she loves. *Breaking Clean* is at once informed by the myths of the West and powerful enough to break

them down. Against formidable odds, Blunt has found a voice original enough to be called classic.

Wanton West Lael Morgan,2011-06-01 From the time of the gold rush to the election of the first woman to the U.S. Congress, *Wanton West* brings to life the women of the West's wildest region: Montana, famous for its lawlessness, boomtowns, and America's largest red-light districts. Prostitutes and entrepreneurs--like Chicago Joe, Madame Mustache, and Highkicker--flocked to Montana to make their own money, gamble, drink, and raise hell just like men. Moralists wrote them off as "soiled doves," yet a surprising number prospered, flaunting their freedom and banking ten times more than their "respectable" sisters. A lively read providing new insights into women's struggle for equality, *Wanton West* is a refreshingly objective exploration of a freewheeling society and a re-creation of an unforgettable era in history.

Winning the West for Women Jennifer M. Ross-Nazzal,2011 Lady-like in her courtship of male support, Emma Smith DeVoe would become one of the leaders of the suffragist movement during the turn of the 20th century, stumping across the country, organizing support, raising money for the cause, and the powerhouse in engineering the successful woman suffrage campaign for Washington State in 1910. Jennifer M. Ross-Nazzall is a historian at the NASA Johnson Space Center, Houston, Texas.

Northwestern American Creepy Buildings: Their Storied Past Marques Vickers,2020-07-15 This edition showcases the effects and consequences of human depravity, frailty and criminal activity. The showcased and photographed remaining structures generally appear nondescript and ordinary, masking their significance and infamy. Throughout the western United States, these commonplace buildings silently testify to events involving violence and individuals whose acts have scarred others, society and sometimes simply themselves. Their stories remain compelling evidence towards the fragility of the human experience and lives severed abruptly. Once you've absorbed the history behind each building, you will never view them with indifference again. Paranormal activity within their confines is commonly reported. Caldera Anne Yero, 2009-05-16 Anne Yero has worked intimately with battered women for over a decade. She has learned a great deal, not only about the women she's encountered, but also about her own past history. Yero shares her personal journey, about her childhood, her marriage to Lee, about their early years together on the south rim of the Grand Canyon, the births of their three beautiful children, and then the very painful yet liberating years as their marriage faltered and then dissolved. It was through this experience that she learned about exercising personal power, making peace with the past, understanding that loss is part of living a full life, and then finally, about how to be an active participant in a healthy relationship.
